receives far
more than he
seeks. Som Mur

CONGRATULATIONS TO ALL EMPLOYEES

City Employees have not had to lose time off work due to accidents so far this year! Keep up the good work!

CITY OUTLINES BULKY WASTE PROGRAM

Now that it's Spring, are you ready to do some Spring cleaning?

Tooele City provides a bulky waste pickup program. The pickup day will be once a month for those items which do not normally fit into your trash container. This service is being provided at no additional cost to Tooele City residents and will go a long way in cleaning up our city and keeping it clean. The guidelines for pickup are as follows:

waste by ging, but quired. I lons or so boxes in of limbs inch dia long, an pounds.

If ma improper

PICKUP DAY

Bulky waste will be picked up from the curb in front of each home one day each month, that day being in conjunction with your normal pickup day. The pickup schedule is:

NORMAL TRASH PICKUP DAY

Monday	1st Thursday
Tuesday	2nd Thursday
Wednesday	3rd Thursday
Thurs. & Fri.	4th Thursday

For this type of pickup it is required to BAG, BUNDLE, or BOX your items.

Please call Ace Disposal, 882-7009, to let them know you have bulky waste to be picked up.

Bulky waste service is provided year round with the exception of inclement weather. Your bulky waste should be placed curbside the day before pickup day.

SIZE AND WEIGHT

The driver loads the bulky waste by hand. Therefore bagging, bundling, or boxing is required. Boxes must be 30 gallons or smaller (DO NOT set out boxes in wet weather). Bundles of limbs must be less that 18 inch diameter, less than five feet long, and weigh less than 75 pounds.

If materials you put out are improperly prepared, they will not be picked up.

APPLIANCES AND FUNITURE

This service provides for the curbside collection of old appliances, furniture, and carpet including couches and mattresses. Get them to the curb and they will be removed (items with Freon must have the Freon removed and then a label placed on the item indicating such removal). If you have questions, contact Steve at Ace Disposal at 882-7009.

YARD TRIMMINGS AND LIMBS

Generally, anything you can get inside your container should go in there. If you trim your trees or clean out the garden and occasionally have too much yard waste for your can, we can get it on bulky waste day.

Everything except large limbs (larger that 4" in diameter) must be bagged, bundled or boxed. Loose piles of yard trimmings and limbs won't be picked up.

Remember, these bundles must be less than 5 feet and

weigh less that 75 pounds. If you are in between pickup days, always remember that the Tooele County Solid Waste Disposal Facility will take green waste for a fee of \$3.00 per load.

Questions about fees and other items for the Tooele County Solid Waste Disposal Facility may be directed to 833-9520.

RUBBISH (WOOD, PLASTICS, METAL, LEATHER)

If you clean out the garage, basement or closets and have a box of old junk to get rid of, put it out on bulky waste day and Ace will pick it up.

Remember, this service is intended to help with those once or twice a year cleanup projects. Our intention is to containerize all of our weekly waste. If you consistently have more than you can get in your container, you need to obtain a second can.

CONSTRUCTION AND DEMOLITION WASTE

Construction and demolition waste generally won't be collected on bulky waste day. Although, if you box up the left-overs from last weekend's home improvement project, we'll take them. If you just tore down that old shed in the backyard, you need to make arrangements to take it to the landfill.

If you need more information regarding the Tooele County Solid Waste Disposal Facility, please call 833-9520.

BULKY WASTE (CONTINUED FROM PAGE 1)

HOUSEHOLD GARBAGE

All of the normal, everyday household garbage you generate (like food waste and packaging) must be disposed of weekly in your big green cart.

The State Health Department requires that garbage be collected weekly. If you consistently generate more than you can place into the cart, we'll bring you a second cart for an additional \$5.50 per month.

HAZARDOUS MATERIALS

Paints, oil, solvents, bug spray, weed killer, batteries, old car parts, fertilizers and such are considered household hazardous wastes and will not be collected.

You can get more information about their collection by calling 843-2340.

GRASS CLIPPINGS

You can get rid of grass clippings by composting them in your backyard or by buying a mulching blade for your lawn and just leaving them on the lawn. If you don't leave the grass too long between mows, it won't leave a mess.

If you want to dispose of your clippings, put them in a bag or dump clippings on top of other garbage in your cart so they don't get stuck in the bottom. Leaving a bag of grass clippings lying around in the hot summer sun waiting for bulky waste collection day conjures up awful sights and smells.

Grass clippings are not to be put out for bulky waste collection.

OTHER PROHIBITED ITEMS

Any kind of waste from business, tires or piles of brick broken concrete or dirt will not be collected. For more information on disposing of these materials call Tooele County Waste Disposal Facility at 833-9520.

RIGHT OF REFUSAL

The bulky waste collector has the discretion to refuse items that do not meet these guidelines or that which he believes will pose a risk to human health.

Tooele City Utilities 843-2150

Tooele County Solid Waste Disposal Facility 833-9520

Ace Disposal 882-7009

Congratulations to

Terra Sherwood and

the Tooele City Parks

Department!

Terra received the

Outstanding Program Award

for the Tooele City
4-H Garden Club
from the Utah Recreation
and Parks Association.

If you would like information about the 4-H Garden Club or other youth activities, call Tooele City Parks Department at 843-2142.

ALUMINUM RECYCLING CENTER COULD BE COMING SOON!

In last month's edition of *Ninety North Main*, readers were asked if they would be interested in a recycling center at the Utah Industrial Depot.

Thanks to all the citizens of Tooele who responded to the article on recycling aluminum cans. The survey showed about half of

the responders would go to the Industrial Depot and the other half would like a collection area locally.

At this time, negotiations are in progress for a location that will comply with Tooele City and Tooele County regulations. Please be patient.

Look for more information in future editions of *Ninety North Main!*
