FROM THE MAYOR

Spring is a wonderful time of year. It's a time of rejuvenation after a long, cold, snowy winter. At Tooele City it's a busy time, getting parks and fields ready for games and activities.

We have been evaluating the conditions of our roads. This year has been especially hard on roads in Tooele, as well as most other cities around the state. We are working diligently to repair the potholes; it's a big job and I ask your patience as our road department does their work.

Spring is also a time to begin

thinking about water conservation. It's so very important we all do everything each of us can do to save this very precious resource.

I am looking forward to meeting the challenges of keeping our city moving forward. We are planning some wonderful special activities and performances this summer. Please come and join us.

And thanks to each one of you for helping make Tooele the "Greatest City in Utah".

Ancestry Library Edition, one of the most important genealogical collections available today, is coming to the Tooele City Public Library mid-Spring of 2008! Details coming soon!

Contractors: Even though you are licensed with the State of Utah as an electrical, mechanical, plumbing or general contractor, you must also be licensed with the City of Tooele—especially if you live within Tooele City limits. You can access our Business License application at www.tooelecity.org, then go to the Department Drop Down list to City Recorder. Call 843-2110 or email lisac@tooelecity.org with questions. Thanks!
