## TOOELE CITY CORPORATION

### FROM MAYOR DUNLAVY

We are having significant problems this winter with cars being parked on the street when it snows. It makes it so much more difficult to remove snow. Our snowplow drivers do an excellent job clearing the streets after a snow storm. It would make their task so much easier and safer, and we could get the work done quicker if our residents obeyed the law and did not park their vehicles on the streets overnight. I would also ask your support in obeying the ordinance concerning

snow blowing or pushing snow from resident's property into the street. The ordinance does not allow residents to do this. It doesn't make much sense for us to plow your street and then have the neighbors put snow back into the street. This has become a significant problem in many areas especially the Southeast bench. It creates a serious problem getting other public safety vehicles to your areas. If you could be aware of these situations and assist us, it will help us a great deal.

Mayor Patrick Dunlavy

I look forward to the New Year. We are working on some very important projects. I am very grateful to each of you for your support.

We'll continue to work diligently to improve the services we provide and you expect.

As always if you have questions or an idea please e-mail me at [patrickd@tooelecity.org](mailto:patrickd@tooelecity.org).

## TOOELE CITY ARTS COUNCIL HOLIDAY CONCERT

The Tooele City Arts Council sponsored a holiday concert on December 16th. The concert featured Jon Schmidt who entertained the audience with outstanding piano skills and fun stage antics. Steven Sharp Nelson was also there to delight the audience on his cello.

Patrons donated cans of

food for tickets which greatly helped our local food bank. The concert sold out early in December. The arts council was happy to fill the auditorium at the high school, and to fill the empty shelves at the food bank.

Thanks to all who came to the event and donated to our local food bank!

Jon Schmidt

Please help city snowplow drivers by not parking on the streets and keeping things like basketball hoops off the streets!

Anyone offering a "service" from their home for compensation, requires a Tooele City Business License. This includes **contractors** even though licensed by the State. You can access the Business License Application on the city's website at [www.tooelecity.org](http://www.tooelecity.org). Go to the "Department Drop Down list" to City Recorder. You will see a list of applications to the left of the screen. The Business License Application is the first one. Fill out the application (2nd page needs to be notarized). After being approved you will be contacted regarding payment of the \$40 fee. After payment, your Business License Certificate will be mailed to you. If you have questions, call the Recorder's Office at (435) 832-2110.

**BUSINESS OWNERS:** You have until January 31st to pay for your business license renewal fee. On February 1st a 50% late fee will be implemented. You can drop your payment off in the city Finance Department or in their drop box to the south of City Hall. You can also pay your renewal online. If you are no longer in business or if you have any questions, you may contact the Recorders Office at (435) 843-2110 or [li-sac@tooelecity.org](mailto:li-sac@tooelecity.org).

All door-to-door salesmen (itinerant/transient merchants) must be licensed with Tooele City and must have a PURPLE Tooele City ID badge on and in plain sight. Thank you for your help.

Keep your driveway and walks clear so that firefighters, medics and postal workers can reach your house or business.

Ensure all private roads are kept clear so fire apparatus and ambulances can reach your home. Remove all snow and ice adjacent to emergency exits, especially those exits that are infrequently used.

Keep snow and ice cleared from outside stairs.

If a major storm occurs, the fire hydrants nearest your home should be kept clear so that firefighters can readily locate and use it.

Ensure your pets are kept safe and secure when outside temperatures are below freezing.
