Volume XIV, Issue 7

Tooele City Corporation

July 2013

From the Mayor . . .

Congratulations to President Scott Snelson of the Tooele Applied Technology College (TATC) for the opening and ribbon cutting ceremony of the new TATC building last Wednesday. It was a very special event!

As I was talking with Governor Herbert at the college earlier that morning, he was very impressed with the beautiful building and the programs that are now available to the residents of our City. He expressed his gratitude for the important role Tooele City played in making it happen, and his excitement for the future development with the TATC, Utah State University expansion, as well as the Tooele County School District

and our Research Park.

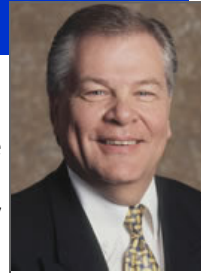

I encourage you all to get a copy of our Summer Guide if you don't already have one. They are available around the City and here at City Hall. There are many exciting things happening in our beautiful City. There are many events planned as part of our weeklong 4th of July celebration: the Miss Tooele City Pageant, the first annual Tooele Tri, the parade and many others; ending the week with the super *Three Dog Night* Concert and spectacular fireworks show.

You can also enjoy great entertainment every Friday with our "Fridays On Vine" concert series.

There is a lot to do, please be safe so you can enjoy the summer. I look forward to seeing you all there.

Just a reminder, please water according to the City's water conservation schedule. We all need to conserve this very precious resource.

As always, thank you for the privilege of serving as your Mayor, it truly is an honor. If you have questions or ideas, please contact me at 435-843-2104 or e-mail me at patrickd@tooelecity.org.

Mayor Patrick Dunlavy

Water Conservation Schedule

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at (435) 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, each specific area of that park is only watered twice during the week.

Thank you for your help in conserving water, a precious resource.
