4th of July 2014

From Kathy Bell, Tooele City Parks & Recreation Director

The Tooele City 4th of July committee would like to challenge all businesses, schools, church groups, families, etc., to build a float for the 4th of July parade this year. A float can be something as simple as a decorated trailer pulled behind a vehicle.

What a great way to show your support for the community in which you live and do business! Not to mention, it is a great, inexpensive way to advertise.

For more info., please contact Kathy Bell at (435) 843-2140. We will start taking parade entries on May 1, 2014.

Let's make this year's 4th of July celebration the best one ever!

Security Tips from the Tooele City Police Department

Due to ongoing vehicle burglary and vehicle theft trends, the Tooele City Police Department would like to remind you of some very important security tips:

Remember to keep your personal belongings and valuables out of view in your vehicles. It is also important to keep vehicle windows closed and doors locked. Often, stolen items are left in plain sight within the vehicle making them a prime target for thieves. There have been several reports of unlocked vehicles being targeted, rummaged through and items stolen. Some of the items have been used later to commit other

crimes, such as Identity Theft and Fraud.

Recently, the Police Department has seen an increase in vehicle thefts. Commonly the vehicles that have been stolen have been left to idle in a driveway or garage. Remember, never leave your car running and unattended, even to warm it up in the morning. Never leave your keys in the car and always park in a well-lighted area, when possible.

Finally, don't hesitate to report suspicious activity. If you see a suspicious person who appears to be looking in vehicles, or loitering in a neighborhood or parking lot for no legitimate reason, call 435-882-5600.

Keep your driveway and walks clear so that firefighters, medics and postal workers can reach your house or business.

Ensure all private roads are kept clear so fire apparatus and ambulances can reach your home. Remove all snow and ice adjacent to emergency exits, especially those exits that are infrequently used. Keep snow and ice cleared from outside stairs.

If a major storm occurs, the fire hydrants nearest your home should be kept clear so that firefighters can readily locate and use it.
