

# NINETY NORTH MAIN

## FROM MAYOR DUNLAVY....

What a super week of 4<sup>th</sup> of July activities we had! I am very grateful for the great job the staff did to make it all happen. Even though we had to shorten the parade route, the parade was great! Thanks to those who put entries in the parade. I am so proud of Tooele City's float and congratulations to the Miss Tooele City royalty—Miss Tooele City Brianna Lyman, and co-attendants, Brin Stewart and Collette Jones.

Thanks to the parade committee and wonderful people of Grantsville. Our

float received the Most Patriotic Award. We feel it is a real privilege to participate in Grantsville's parade, and are very grateful that their royalty participates in ours.

Mayor  
Patrick Dunlavy

While not all residents are following our voluntary water conservation sched-

ule, the majority of you have been. Thank you for helping us take care of this very essential and valuable resource.

Finally, thanks again for your patience as the Utah State Department of Transportation's (UDOT) Main Street project continues. I ask that you continue to support our Main Street businesses during the construction.

If you have concerns or questions about the City, please call my office at 435-843-2104 or e-mail [patrickd@tooelecity.org](mailto:patrickd@tooelecity.org).

# SR-36 RENEWED

3 O'Clock Drive to Stansbury

### Construction Update:

Construction on SR-36 is well underway from 520 South to 1280 North.

Paving operations are beginning in the north section, on the east side of the road, and progressing south. Two lanes in each direction from 700 North to 1000 North will be restored by mid-August. The remaining areas will have one lane in each direction until the reconstruction is complete, which is anticipated to be by the end of 2015. We are encouraging drivers to use alternate routes. We anticipate this will add additional traffic to local roads. Please be patient when using these alternate routes and observe the posted speed limit.

### School is Back in Session:

Our team has been working closely with the Tooele County School District throughout the project. The new school year begins August 25, 2015. The start of school means we'll see lots of children using local roads to walk or ride to school. **Drivers, please pay extra attention while driving during school hours and be aware of pedestrian and bicycle traffic.** Our team and the Tooele School District are also working closely with local law enforcement officials to start the school year safely.

In addition, we ask all parents to take a few minutes to talk to their children about safety. Remind them of the importance of using sidewalks and crosswalks, as well as looking both ways before crossing any street. This would also be a good time to remind them of their safe route to school and the importance of following it, without any side trips, each and every day.

Safety is the top priority for our crews and the Tooele County School District. We ask that everyone in the community make this their top priority as well. Together we can all make this a safe and happy school year.

### More Information:

Additional project information can be found on UDOT's website ([www.udot.utah.gov/go/sr36](http://www.udot.utah.gov/go/sr36)), including an overview video and coupons to local businesses. You can also stay up-to-date with traffic restrictions by signing-up for the weekly construction update. Simply send an email to [sr36@utah.gov](mailto:sr36@utah.gov) with "Updates" as the subject. Traffic restrictions are also available on the UDOT Traffic

Application or at <http://commuterlink.utah.gov>.
