FROM THE MAYOR

Mayor Patrick Dunlavy

Fortunately, a water year like the one we are now experiencing doesn't happen every year. Water will certainly be a concern this year. We have made preparations for just this type of year by adding 3 new sources of water over the last 3 years. However, having said that, I need your assistance.

Even though we have added additional sources, our wells are fed with the water coming from our mountains, just like our springs. Here's how you can help: we have asked for you to voluntarily conserve your water use, not only outside but inside. In the past few years, most of you have done a wonderful job. Now I need you to go one better and look for even more ways to conserve. We need

to get very serious about doing this, all of us, not just some. If we don't, this year there will definitely be times when some of us will experience

low water pressure or even periods without water. If we commit to consciously conserve water, those situations will not occur. Each of us has a community obligation to do this—that means every citizen of this city. Please do your part—Tooele City will do ours.

If you have comments or concerns, please call me at 435-843-2104 or e-mail me at patrickd@tooelecity.org

 **Find us on Facebook** If you see information about Tooele City events or announcements – please check our official Website or FB page for accuracy. www.facebook.com/tooelecity

WATER CONSERVATION SCHEDULE

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

Visit www.waterwisepark.org for great water wise tips!

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at (435) 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, a specific area of that park is only watered twice during the week.

take 25 **Child ID Kit event with the Tooele City Police Department**
Tuesday, May 26th, 2015 • Between 12:00 p.m. - 2:00 p.m.
Tooele City Library • There is NO COST for attending!

Every year in America, an estimated 800,000 children are reported missing. An analysis of attempted abduction cases by The National Center for Missing & Exploited Children® (NCMEC), found that in 84% of cases, the child escaped would-be abductors through their own actions. Teaching children about safety works. It saves lives! NCMEC, in partnership with the Tooele City Police Department, will be observing National Missing Children's Day this year by participating in the national Take 25 child safety campaign. The campaign encourages parents to take 25 minutes to talk to their children about safety and ways to prevent abduction. Tooele City Police Officers will provide parents and children with Child ID Kits and information!
