NINETY NORTH MAIN

VOLUME XVII, ISSUE 9 SEPTEMBER 2016

Now that the decision has been made to proceed with a curbside recycling program in our city, we are beginning with an opt-in period. Information letters and public announcements will be coming out explaining how to opt-in. It is important for those who want to opt-in to pay close attention to the opt-in dates and how and where you submit your forms. The program, as outlined by the City Council, will

require a minimum of 20% of our utility accounts to opt-in. If the number falls

Mayor
Patrick Dunlavy

below 20%, a curbside recycling program will not be viable for Tooele City

and Ace Disposal. If you are not interested in recycling, you are not required to do anything, you will not be required to participate and will not be billed.

Thanks to each of you for what you do for our community! If you have questions or suggestions, please call me at 435-843-2104 or email patrickd@tooelecity.org.

The Tooele City Curbside Recycling Program Opt-In Form is enclosed. In order to opt-in to the curbside recycling program, you must return your form between September 1, 2016 and October 31, 2016. See our website www.tooelecity.org or the enclosed form for details.

WE JUST WANT TO SAY... THANK YOU!

Thank you to all those who gave time, money, donations, equipment, food and service to those who were effected by the July 19th fire. We are humbled and grateful for the kindness and generosity of our community!

For more information, contact Commander Curtis G. Beckstrom at 435-840-0547 or Adjutant Eric Suarez at 435-241-9781.

Serving American Veterans & their families. Come see us!

September is National Preparedness Month!

It is a time to prepare yourself and those in your care for emergencies and disasters. If you've seen the news recently, you know that emergencies can happen unexpectedly in communities just like ours, to people like us. We've seen tornado outbreaks, river floods, flash floods, historic earthquakes, tsunamis, and even water main breaks and power outages in U.S. cities affecting millions of people for days at a time.

Police, fire and rescue may not always be able to reach you quickly in an emergency or disaster. The most important step you can take in helping your local responders is being able to take care of yourself and those in your care; the more people who are prepared, the quicker the community will recover.

This September, please prepare and plan in the event you must go for three days without electricity, water service, access to a supermarket, or local services for several days. Just follow these four steps:

- *Stay Informed: Information is available from federal, state, local, tribal, and territorial resources. Access Ready.gov to learn what to do before, during, and after an emergency.
- *Make a Plan: Discuss, agree on, and document an emergency plan with those in your care. For sample plans, see Ready.gov. Work together with neighbors, colleagues, and others to build community resilience.
- *Build a Kit: Keep enough emergency supplies on hand — water, nonperishable food, first aid, prescriptions, flashlight, and battery-powered radio — for you and those in your care.
- *Get Involved: There are many ways to get involved especially before a disaster occurs. The whole community can participate in programs and activities to make their families, homes and places of worship safer from risks and threats. Community leaders agree that the formula for ensuring a safer homeland consists of volunteers, a trained and informed public, and increased support of emergency response agencies during disasters.

For more information, check out: Ready.gov or tcecm.org.

Reminder — Garbage will not be picked up on Labor Day, Monday, September 5th. Services will be delayed one day that week starting with the holiday.

Dear Tooele City Resident,

Tooele City has entered into negotiations with Ace Disposal to provide our citizens with a curbside recycling program. Participating citizens will receive a blue recycling receptacle which will allow for plastics, metals, paper products, and cardboard to be recycled. These items will need to be empty but will not have to be rinsed, cleaned, or sorted prior to placing them in the recycling receptacle. Green waste, electronics, plastic bags, styrofoam, and glass will not be recycled through this program. The cost of this service will be approximately \$4.75 to \$6.00 per month, depending on the level of citizen participation. The pick-up of the recycling receptacle will be every other week on the same day as your waste service.

The opt-in period will be from September 1, 2016 through October 31, 2016. In order to be a viable program for both the City and Ace Disposal, at least 20% of the Tooele City utility accounts must opt-in to this program. The projected start date for this service is January 2, 2017. After the opt-in period ends and service begins, citizens will only be allowed to opt-in or opt-out on an annual basis between January 1st and January 31st of each year.

The Tooele City Council will discuss the curbside recycling program at their business meetings on September 21, 2016 and October 19, 2016 at 7:00 p.m. These meetings are open to the public.

If you choose to opt-in, please return the bottom portion of this letter by mail or in person to the Finance Department at Tooele City Hall located at 90 North Main Street, Tooele, Utah 84074. You may also email the form to utilities@tooelecity.org, fax it to (435) 843-2159 or submit the form online by clicking on the “recycling” link at www.tooelecity.org.

If you have any questions or concerns or need additional information, please contact the Tooele City Finance Department at (435) 843-2150 or email utilities@tooelecity.org.

Tooele City Curbside Recycling Program Opt-In

I understand that by submitting this form I have agreed to a 1 year commitment for curbside recycling and that I will be charged a fee of \$4.75 - \$6.00 per month for the recycling service and receptacle.
