April 2017

Mayor Dunlavy's State of the City Address

Presented at the Tooele City Council Meeting on March 1, 2017

Mayor Patrick
Dunlavy

Madam Chairman, members of the council, and citizens of the "Greatest City in Utah", I appreciate the opportunity to share my thoughts with you concerning our beautiful City. As I began my 12th year as your Mayor, I took a look back to the beginning. Twelve years ago my administration inherited two significant lawsuits, Tooele Associates and the litigation brought by Grantsville City – significant challenges to say the least. Those became my major focus as they both were draining the City of much needed revenues. My goal was to bring them to an end. I learned a great deal about not only the cost of lawsuits, but having to endure the tremendous frustration with the legal system. With the cooperative efforts of Mayor Brent Marshall and the Grantsville and Tooele City Councils, the Grantsville case was settled. After too many years, the Tooele Associates case was brought to a negotiated conclusion. While the goal was accomplished, there were no victories, there never are when lawsuits are brought.

During and since that time we have accomplished much: the 1000 North highway was completed, a new state of the art Water and Wastewater treatment plant was constructed, millions of dollars have been spent on improving our roads, water and wastewater distribution lines have been replaced and upgraded, 3 new culinary water wells have been developed, and a new water distribution line was put in place that allows us to move water to any area of the City, something that was not possible before. Skyline Nature Park was completed, large areas of the southeast bench property were put in a conservation district so it can be preserved forever, and very important usable, enjoyable, additions to our parks have been added. These things, along with many others, have allowed us to become the special City we are.

Finances have been challenging. We have been praised by our independent auditors for our outstanding record on managing your money. The day will come when Tooele City will need additional tax revenue to keep up with our ability to provide services. While it is not the desirable thing to do, with growth and costs going up, it will be necessary. One of the things I mentioned in my first State

of the City Address is I would not raise your taxes and I haven't and I won't. When you put your citizens first, live within your means, and manage their tax money, raising taxes is a last resort not the first. We are currently working on an additional culinary water well. Work has been completed on designing the expansion of England Acres Park. We have purchased property to accommodate a new fire station and police buildings; unfortunately, having to deal with the lawsuits and the millions of dollars they have cost defending the City, has put those two very important construction projects on hold.

Continuing to replace water and wastewater utilities and road projects will go on. The work of creating new jobs by attracting new business is worked on daily, the competition is tough, but we've had success and we'll continue to be successful. I've talked about a new retail center at Main Street and 1000 North, that work continues, I feel optimistic that it will become a reality.

I'm very proud of where we are today. We have by far the best library anywhere with a very special Director, Jami Carter, and staff. The police led by Chief Ron Kirby

Mayor Dunlavy's State of the City Address continued from Page 1

and firemen led by Chief Bucky Whitehouse are the best anywhere. I'm extremely grateful to them and for them every day. I express my gratitude to the employees in all the departments and in every job in the City, they are hardworking wonderful people. I want to recognize the rest of my staff, Public Works and Community Development Director Jim Bolser, City Engineer Paul Hansen, City Recorder Michelle Pitt, Parks and Recreation Director Brian Roth, City Finance Director Glenn Caldwell, City Attorney Roger Baker, Human Resource Director Kami Perkins and Administrative Assistant and Assistant to the Redevelopment Agency Shilo Baker, along with Randy Sant Tooele City's Economic Development Director. I will never be able to thank each of them enough for their excellent work and tremendous support every day. The successes we've had, and will have, are due to them.

The state of this very special City is strong and getting stronger. We've become an example of professionalism, of a knowledgeable, educated team of leaders in public service. The policies and laws of the City are efficient guides on how a community should be operating. They make our City better every day. We work very hard creating job opportunities and bringing in new businesses. Most importantly, bringing about a quality of life everyone can enjoy and be proud to be a part of. That's what a real City is. We serve for the betterment of our residents and their families. Thanks to the members of the City Council. I'm grateful for their service and dedication.

I'm very grateful, and will be forever grateful, and express my love to my wife Pam, my daughters Kenzie and Lisa and my sons Patrick and Kasey, to their wonderful husbands and wives, and the greatest, most fun grandchildren a Grandpa could ever dream of.

Thank you for the wonderful opportunity to serve as your Mayor, in the only place I would ever want to live and raise my family. Twelve years ago I ran my first election on the phrase, "Tooele City the Greatest City in Utah", I truly believe it is. Thank you.

A Message from the Tooele City Police Department

It's the time of year when we start seeing warmer weather and more daylight. It means more people will be out on the streets and it is also a time of year when small crimes, like theft and graffiti, usually increase. Here are some important tips to remember with the seasons' changes:

- 1 - Keep parked vehicles locked and remove valuables from the vehicle when you are not in it.
- 2 - Remember that the curfew ordinance in Tooele City is as follows:
 - a. It is an infraction for anyone 17 years of age or younger to be in or on a sidewalk, street, or alley or in any public place between 12:00 a.m. and 5:00 a.m. unless accompanied by a parent or guardian.
 - b. All city-owned public parks shall be closed to all persons between the hours of 11:00 p.m. and 6:00 a.m. unless otherwise signed. All city-owned skating facilities shall be closed to all persons between the hours of 10:00 p.m. and 6:00 a.m. unless otherwise signed.
- 3 - Keep bicycles, scooters, and other toys/equipment secured in a garage or fenced area.
- 4 - Report graffiti/vandalism to the police department immediately.
- 5 - Report any suspicious activity to Tooele County Dispatch at 435-882-5600.
