November 2017

From Mayor Dunlavy...

This is a very important month for the future of Tooele City. On November 7th the election for Mayor and City Council will be held. I would hope each of you take electing leaders for the next 4 years seriously.

I have watched and listened over the past few weeks, and haven't heard many specifics as to who has experience in managing a multimillion dollar corporation or supervising 200+ employees. As you make your decisions, I would ask you to find out as much as you can about each candidate's qualifications, what experience they have, what their current job requires that would translate to managing this great City.

Now is the time for experience, with a proven track record that will carry our City forward for the next 4 years. Most of all, invest in this City's and your future by participating in this year's election.

Mayor Patrick Dunlavy

As always, if you have comments or questions, please contact me at my office at (435) 843-2104 or email me at patrickd@tooelecity.org.

Happy Thanksgiving

General Election on November 7, 2017

Why is it important to vote in local elections? While federal elections are important, the people representing us in local elections make decisions that affect us every day: they set tax rates which support Public Safety including Law Enforcement and Fire Departments, roads, water systems, pass local laws, and work on economic development, just to name a few. **Your Vote Counts!**

Voting is so easy! Vote Early starting 2 weeks before Election Day and ending the Friday before or go to any polling location on Election Day! Polling locations can be found online at tooelecity.org.

This year Tooele City is voting for a Mayor and 2 City Council positions.

- Tooele City Mayor Candidates — Steve Pruden and Debbie Winn
- Tooele City Council Candidates (Vote for up to 2): Jeffery P. Saunders, Melodi M. Gochis, Rusty Thomas and Scott Wardle

Valid Voter ID is required for all Early Voting or Election Day Voting

Early Voting Dates and Locations are as follows:

Tooele County Clerk/Auditor Office
 Tooele County Administration Building
 47 S. Main – Room #318, Tooele
 Tues., Oct. 24th – Thurs., Nov. 2nd
 Weekdays 8:00 a.m. – 6:00 p.m.
 Fri., Nov. 3rd • 8:00 a.m. – 5:00 p.m.

Tooele Senior Center
 59 E. Vine St., Tooele, UT
 Wed. Nov. 1st • 9:00 am – 12 noon

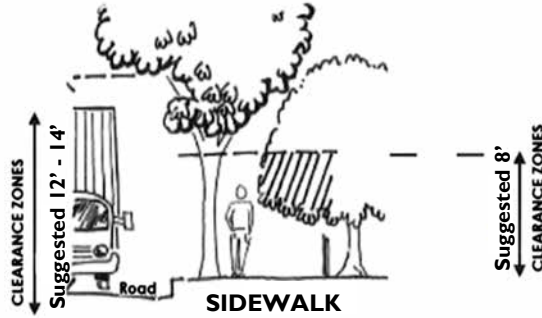

Any Tooele County resident who was registered by October 31st may vote early.

Tree Maintenance

While trees and vegetation contribute to the beauty of our neighborhoods and community, they may also create unintended obstacles and hazards when not maintained properly. Trees that hang over the street or over the sidewalk can create nuisances and in some cases hazards. Please maintain the trees on your property, particularly the trees in the park strips, to make sure your trees are not creating some of these obstacles:

- Obstructed snowplows (so we can get our plows closer to your curb), garbage truck & large vehicle clearance;
- Blocked Mailboxes;
- Blocked Sidewalks;
- Blocked streetlights, markers and signs.

Thank you for your help!

Holiday Trash Pick Up Schedule

There will be no trash pick up services on the following days:

- Saturday, November 11 — Veteran's Day
- Thursday, November 23 — Thanksgiving Day
- Monday, December 25 — Christmas Day
- Monday, January 1, 2018 — New Year's Day

On these weeks, service will be delayed one day starting with the holiday.

Curb Assistance!

This is a free service provided by ACE Disposal for the elderly and/or people who have a disability who are unable to take their trash container to and from the curbside. For more information about this program, please contact the Tooele City Finance Department at (435) 843-2150 or email utilities@tooelecity.org.

The Drinking Water Source Protection Plan for Tooele City is available for your review. It contains information about source protection zones, potential contamination sources, and management strategies to protect each of our drinking water sources. Potential contamination sources common in our protection areas include sanitary sewer lines, septic tanks, roads, residential, commercial and industrial areas, etc. These sources of potential contamination are typically classified as a low susceptibility. Sources which are classified as medium susceptibility include buried fuel storage tanks, accidental spills of potential contaminants, or other similar conditions. The City has developed management strategies to further protect all of our sources from contamination. Please contact the Public Works Department at (435) 843-2130, if you have questions or concerns about our source protection plan.
