From the Mayor....

After an unusually hot summer and early fall, having cooler weather feels good. Fall also means winter is just around the corner. We are very fortunate to live in such a beautiful place with all the changing seasons!

October also means Halloween and we at City Hall are looking forward to our annual Downtown Trick-or-Treat—especially with no construction on Main Street! We hope that you will join us.

So that you'll know, there was an article in the Transcript-Bulletin about a joint project between the City and the School District, joining together as we have done so many times before, to upgrade and construct softball fields and add additions to the Dow James baseball

field—both of which the high school teams will be using and the City uses for our youth recreation programs. There was a question as to why we don't spend that money to build a

MAYOR PATRICK DUNLAVY

new police station or buy police cars instead. If all the preliminary studies show the project is

feasible, it will be paid for from Park Impact fees and Parks, Arts and Recreation (PAR) monies. These funds can specifically only be used for these types of projects. A little bit of homework would have answered the question why we may be building these projects and not buying police cars or building a police building.

I am very grateful to again partner with Superintendent Rogers and the Tooele County School Board members to enhance our facilities for both recreation and high school sports programs for our youth.

If you ever have any questions or concerns, please do not hesitate to contact me at my office at 435-843-2104 or email me at patrickd@tooelecity.org.

Tree Maintenance

While trees and vegetation contribute to the beauty of our neighborhoods and community, they may also create unintended obstacles and hazards when not maintained properly. Trees that hang over the street or over the sidewalk can create nuisances and in some cases hazards. Please maintain the trees on your property, particularly the trees in the park strips, to make sure your trees are not creating some of these obstacles:

- Obstructed snowplow, garbage truck & large vehicle clearance;
- Blocked mailboxes;
- Blocked sidewalks;
- Blocked streetlights, markers and signs.

Thank you for your help!
