NINETY NORTH MAIN

VOLUME XVIII, ISSUE 9 SEPTEMBER 2017

Ok, the primary election is over. Congratulations to those candidates who will be moving on to the General Election in November. As I was going over the vote tabulations one number jumped out. As of the day I am writing this, the voter turnout was a very disappointing 18.3%, of the 13,312 registered voters in Tooele City only 2,438 of those took the opportunity to vote. I am truly disappointed and frankly do not understand in today's highly volatile

political climate, why more people don't care to get more involved in the selection of the people

Mayor
Patrick Dunlavy

making decisions that directly affect their daily

lives. I cannot emphasize enough the importance and the privilege of being able to choose those who serve us. Because our futures depend on our actions, I ask that we all get involved, and we all take the time to VOTE in November. It's your right and your responsibility.

If you have questions or concerns, please call me at 435-843-2104 or email patrickd@tooelecity.org.

Reminder — Garbage will not be picked up on Labor Day, Monday, September 4th. Services will be delayed one day that week starting with the holiday.

September is National Preparedness Month!

Now is a time to prepare yourself and those in your care for emergencies and disasters. If you've seen the news recently, you know that emergencies can happen unexpectedly in communities just like ours, to people just like us. We've seen tornado outbreaks, river floods, flash floods, historic earthquakes, tsunamis, and even water main breaks and power outages in U.S. cities affecting millions of people for days at a time.

2017 Disasters Don't Plan Ahead. **YOU CAN.**

Police, fire and rescue may not always be able to reach you quickly in an emergency or disaster. The most important step you can take in helping your local responders is being able to take care of yourself and those in your care; the more people who are prepared, the quicker the community will recover.

This September, please prepare and plan in the event you must go for three days without electricity, water service, access to a supermarket, or local services for several days. Just follow these four steps:

- *Stay Informed: Information is available from federal, state, local, tribal, and territorial resources. Access Ready.gov to learn what to do before, during, and after an emergency.
- *Make a Plan: Discuss, agree on, and document an emergency plan with those in your care. For sample plans, see Ready.gov. Work together with neighbors, colleagues, and others to build community resilience.
- *Build a Kit: Keep enough emergency supplies on hand — water, nonperishable food, first aid, prescriptions, flashlight, and battery-powered radio — for you and those in your care.
- *Get Involved: There are many ways to get involved especially before a disaster occurs. The whole community can participate in programs and activities to make their families, homes and places of worship safer from risks and threats. Community leaders agree that the formula for ensuring a safer homeland consists of volunteers, a trained and informed public, and increased support of emergency response agencies during disasters.

For more information, check out: Ready.gov or tccm.org.
