FROM THE MAYOR

Mayor
Debbie
Winn

#TakePrideTooele

Where do I begin to thank the hundreds of volunteers who have accepted the opportunity to give back to our community? During the past month so many individuals, groups, families, businesses and others have helped to clean up our city! I have been honored to meet some of these people and hand out water as a small token of appreciation for their service. I have been so impressed at the way that this project has brought people together for a

good cause. Many parts of our City look so great, thanks to all of you! I hope that you will all continue the spirit of service as you continue to keep your neighborhoods looking great.

We have received many photos of your projects. These photos are posted on our website as well as our Facebook page. We will be presenting a slideshow of the work at our June 6th City Council meeting at 7pm to honor all of you for your hard work. Many thanks for your participation!

If you have comments or concerns, please call my office at 435-843-2104 or email me at dwinn@tooelecity.org.

NUISANCE WEEDS:

Per Tooele City Code Section 8-4-4 1(a), any weeds/grass on real property under 5 acres must be cut and maintained under 6 inches. Property owners are responsible for park strip area(s) adjacent to their lot. Any lot larger than 5 acres must have a border of 30 feet cut and maintained under 6 inches.

Fines may be assessed for properties not in compliance with City Code! The full text of the above referenced City Code can be found on our website tooelecity.org. You may also contact the Tooele City Code Enforcement Officer at 435-843-2130 if you have questions or for more information.

Water Conservation Schedule

Area #1 All water users north of Vine and west of Main water Wednesdays and Saturdays.

Area #2 All water users north of Vine and east of Main water Tuesdays and Fridays.

Area #3 All water users south of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, each specific area of that park is only watered twice during the week.

Thank you for your help in conserving water, a precious resource.
