FROM THE MAYOR

Mayor Debbie Winn

Spring is here!

Our #TakePrideTooele Spring Cleanup project began on Monday, April 30th. Please check out the flyer included with this newsletter to find the many opportunities available for you to participate through the month of May. I'm so excited to see the improvements in our City and I invite all of you to participate!

The winter months have not provided the moisture that we would like to have received for

the hot summer months ahead. I am asking all residents to do all that they can to conserve the use of water. A suggested outdoor watering schedule is outlined below.

Results from our recent resident survey show that many people would like to see the city staff increase our code enforcement. The code enforcement ordinance was put into place by the City Council to help clean up our neighborhoods. Please be considerate

of your neighbors and help when you can to clean up weeds, unsightly trash, debris, inoperable vehicles and other items from your property. Thank you in advance for your support of our clean up event!

If you have questions or comments, please contact me at my office at 435-843-2104 or email me at dwinn@tooelecity.org.

When major emergencies and disasters happen, the need for volunteers is enormous, but would you know how to volunteer? Do you know what skills might be needed?

Visit tooeleready.org to learn about the new volunteer response program called **TooeleResponds** (businesses, organizations, and individuals) and learn how you can benefit our community by being involved!

Spring Clean Up

2. Choose a project (at your home, in your neighborhood, or in the community) and complete it during the month of May as a family.
3. Share your photos before May 31st on our website www.tooelecity.org or on our facebook page using #TakePrideTooele.

DRINKING WATER SOURCE PROTECTION

The Tooele City Water Quality Report is available for your review, and has been mailed to all water utility account holders within the City. The Report is also available on the City's web page at the following link: <http://tooelecit.org/city-departments/community-development-public-works/water-department/water-quality-reports/>

We are pleased to inform you that your drinking water continues to meet all U.S. Environmental Protection Agency (EPA) and State drinking water health standards.

Tooele City vigilantly safeguards its water supplies by:

- Establishing drinking water source protection zones for each of the City's sources,
- Adoption of City Ordinance and reliance of County Ordinance which regulate potential hazards to the City's drinking water sources, and
- Collecting and analyzing water quality data to evaluate watershed protection efforts.

You can help by:

- Read and follow usage guidelines on detergents, fertilizers and pesticides,
- Do your part to prevent runoff into the storm drain system,
- Properly dispose of household products such as cleaners, oil or gasoline and unused medicines,
- Continue your water conservation efforts, and;
- When you notice someone else contaminating the water, remind them that "We all live downstream."
