

NINETY NORTH MAIN

FROM MAYOR WINN....

Mayor
Debbie Winn

Congratulations and thank you to our residents for your participation in our unique July 4th 2020 celebration! As we celebrated the independence of our nation, I saw many families, neighbors, and friends get together and make memories. Many thanks to the fabulous staff who thought outside of the box and planned events that were different than the traditional ones. Of course, we all enjoyed the fireworks display, but we sure had lots of competition this year! It was so beautiful and inspiring to see fireworks displayed all over town. The All American Dine Around was a great success as local businesses offered great things to eat. The porch decorating contest had over 60 participants! We crowned our new Miss Tooele City royalty in a special livestream event. A virtual flag raising ceremony was held with a beautiful rendition of the Star Spangled Banner by the Miss Tooele City Royalty as the flag was raised by our Tooele City Police Department Explorers. I hope that many took advantage of the historical walking tour up and down Vine Street. Main Street looked beautiful this year—decorated in Red, White, and Blue-tiful—thanks to many of our City staff. I look forward to a traditional celebration in 2021!

During the summer months, Tooele City hires several seasonal employees to help in our parks department. These fine individuals who are retired, high school students, college students and others looking for part time work, provide a wonderful service to the City. As the summer begins to wind down, I offer many thanks to their dedication in keeping our City parks and other City owned properties looking beautiful!

As always, thank you for your support! If you have questions or comments, you may contact my office at 435-843-2104 or email me at dwin@tooelecity.org.

We are seeing an increase in vandalism this year, especially at our parks. We need you, the public, to help be our eyes and ears in the community. This impacts each one of us. Help us protect our community — you, your family, your friends, and your neighbors.

Tooele City offers a \$250 REWARD for information leading to the arrest of the person(s) responsible for graffiti or vandalism! Please contact Tooele City Police (435) 882-8900 or Tooele City Parks & Rec. (435) 843-2143.

Citizen involvement is essential to combat crime. You and your neighbors are the ones who really know what is going on in your community and by cooperating with each other and the police, people can help fight crime in the most effective way—before it begins! Neighborhood Watch is a crime prevention program which enlists the active participation of citizens in cooperation with law enforcement to reduce crime and fear of crime in communities. It involves neighbors getting to know each other and working together. It also involves citizens being trained to recognize and report suspicious activities in their neighborhoods and learning and implementing crime prevention techniques. To find your nearest Neighborhood Watch or start a neighborhood watch program in your area please contact the Tooele City Police Department Crime Prevention Division at 435-882-8900.

Due to Covid-19, there will be no DAV meetings until further notice. Veterans may contact Commander Penny Larsen at 801-644-6002 or contact Adjutant James G. Yale at jimjuleyale@msn.com or 435-849-0521 for more information.

Keep lids on your plastic bottles and jugs!

To leave on or throw out? That is the question relating to the plastic lids on plastic bottles. Originally, people were told to remove the lids of bottles and jugs because they are made from a different plastic than the container they are on. That has now changed with today's technology, as there are now more efficient ways for recyclers to separate the lids from the containers at the plastics recycling facility. That now means that if you leave the lid on the bottle, it can now be recycled! However, if you remove the lid and still toss the lid in the recycling bin by itself, it will not be recycled! The lid by itself is too small to be captured during the recycling sorting process. Questions? Please email us at recycle@acedisposal.com.
