Mayor Debbie Winn

Spring is just around the corner and it seems as though we are beginning to see an end to the pandemic! We have received additional snowfall last month that has helped with our water needs. We will be sending out information through this newsletter, Ninety North Main, each month on how to conserve our water usage. We will also be sharing information through our social media sites and website.

Although we have not received all of the snowfall we would have hoped for, our snowplows have been out to plow when needed. It seems as though we are still seeing that many residents are not complying with the new ordinance to

address parking on the street during a snowstorm. The city council changed the code several months ago to allow overnight parking on the street during the winter months as long as it wasn't snowing; making the code less restrictive than the previous code.

The City Council establishes the laws of our city to protect our citizens. It is my responsibility to enforce those laws. Our police officers are also responsible to enforce the law. During the past several weeks, we have received many complaints from residents that their neighbors are breaking our parking laws. We have a responsibility to cite those individuals who are breaking the law. We then receive complaints from citizens who receive the citations. Can you see the situation we are in? Anger from citizens who want us to enforce the law and anger from those who are asked to comply with the law.

Parking citations are not a "money maker" for the city. It costs us more than the fine to process the paperwork, collect the fees, and file more paperwork for those who appeal.

The city does not want to "make money" from parking fines. We just want our residents to comply with the law. I am asking that citizens be respectful of their neighbors. Keep your cars on your own property as much as possible. We understand the need to park on the street as needed; but not during a snowstorm or as a place to "store" a vehicle, recreational vehicle, or trailer when not in use.

We live in a beautiful city! We all need to participate in keeping it that way. We placed an order for a street sweeper several months ago and expect it to arrive in June. We have not had an operating street sweeper for many years. I will ask again for residents to keep their vehicles off of the streets as much as possible when the sweeper arrives so that we can clean up the leaves and other debris from the gutters.

Thank you for your patience and understanding.

It's the time of year when we start seeing warmer weather and more daylight. It means more people will be out on the streets and it is also a time of year where small crimes, like theft and graffiti, usually increase. Here are some important tips to remember with the seasons' changes:

- 1- Keep parked vehicles locked and remove valuables from the vehicle when you are not in it.
- 2- Remember that the curfew ordinance in Tooele City is as follows:
 - a. It is an infraction for anyone 17 years of age or younger to be in or on a sidewalk, street, or alley or in any public place between 12:00 am and 5:00 am unless accompanied by a parent or guardian.
 - b. All city-owned public parks shall be closed to all persons between the hours of 11:00 pm and 6:00 am unless otherwise signed. All city-owned skating facilities shall be closed to all persons between the hours of 10:00 pm and 6:00 am unless otherwise signed.
- 3- Keep bicycles, scooters, and other toys/equipment secured in a garage or fenced area.
- 4- Report graffiti/vandalism/suspicious activity immediately to Tooele County Dispatch at 435-882-5600

Have you ever wondered who is responsible when your sewer lateral or water service line needs repair? City Code 8-6-13 states "All building sewers, including the connection to the POTW sewer, shall be maintained by the property owner". Property owners are responsible for their own sewer laterals up to the wye connection to the main sewer line. City Code 9-4-6 states "Tooele City shall maintain the service pipe from the main line to and including the water meter and other apparatus within the meter box". Property owners are responsible for their own water lines from the Meter box connection into the property and structure. Did you know that Utah law requires the City to educate citizens on this? If you have any questions, please feel free to contact the Public Works Department at 435-843-2132.

Trees are the ANSWER, but can also be the PROBLEM. Trees can hurt individuals, and can also contribute to vehicle damage. It is important to trim trees that hang out into the street. A height of 12 feet 6 inches is required for vehicles to pass under. On a sidewalk, a height of 8 feet is necessary for individuals to walk underneath. Spring is an excellent time for home owners to check trees and ensure there are no problems for others. If you have any questions, please feel free to call our Public Works office at 435-843-2132.

WATER CONSERVATION

As Spring approaches, it is important to our community that we be mindful of water conservation and implement good watering practices. Don't start watering too early! Thank you for your efforts over the many years we have had our water conservation schedule in place! Watch for the outdoor Water Conservation Schedule in next month's newsletter.

know the FLOOD FACTS
