## MAYOR'S MESSAGE

**MAYOR DEBBIE WINN**

I would like to express my appreciation for the many residents who have taken the "Take Pride Tooele" initiative to heart! City staff arranged a "clean up your neighborhood" event in the area of Upland Drive and Skyline Drive on a Thursday evening this past month. Along with City staff, myself and members of the city council, we were excited to see

how many neighbors showed up! We were joined by young people as well as our "seniors" who worked hard to cut back weeds, bushes and trees to clear the sidewalks for local pedestrians. We had a great time working and getting to know each other.

I was also contacted by a resident who lives near the Copper Canyon Park. He informed us that the graffiti on the restrooms was a problem and although we had painted over the graffiti, it still looked bad. He asked me if he could coordinate a few volunteers and paint the building. He did just that! He asked his friends and neighbors to help, he purchased the paint, and had it all set up when I arrived to participate one early Saturday morning. It was a great opportunity for me to meet new people and share in the work! Thank you Mr. Wymore, for being a great example of serving the community! And thank you to all residents, young and old, who have shown us what we can be as a community when we come together!

I would like to wish each and everyone one of you a very Happy Thanksgiving this year!

*Mr. Wymore and Mayor Winn*

## **THE COUNCIL'S CORNER**

**BY COUNCIL MEMBER TONY GRAF**

It is hard to believe we are solidly in fall and fast moving toward winter. While I have mixed feelings about winter, I am looking forward to the snow (but not in a snow-shoveling sort of way) as the moisture the snow brings is really needed. This year has been very dry and I appreciate our community taking steps to conserve water. Like many of you, I joined in taking pride for my yellow lawn in an attempt to conserve water.

This time of year is also exciting as it is election season. As many of you know, we have four candidates running for the two seats on our City Council as well as two candidates for the Mayor race. I hope you have had the chance to watch the various "Meet the Candidates" events and learn more about our candidates. Please consider voting to help decide who leads our City because your vote matters.

We had two great events to help clean up our town. Thank you to those of you who participated at the Fall Cleanup on Skyline Drive and Copper Canyon Pathway in October. We were excited to use our new neighborhood trailer which included tools (weed eaters, blowers, shovels, rakes and hand tools) and a trailer for debris at the cleanup events. Remember you can sign-up at the City or on the City's website to have the trailer dropped off in your neighborhood for free if you and your neighbors would like to help clean-up your neighborhood (<https://tooelecity.org/takepridetooele/>).

We also had two great events for the community in late October. The Haunted Historic Park at the Tooele Valley Museum & Historic Park was a lot of fun and I was glad to see so many in our community come out and enjoy walking through the decorated historic park. I appreciated the support of our community, volunteers and City employees as well as local sponsors helping make this event an annual success. Thank you to all the organizations and businesses, as well as those in our community, who participated in the Downtown Trick-or-Treat. It is always a fun event!

Events like the Haunted Historic Park, the Downtown Trick-or-Treat, and our annual Fall Cleanup are great opportunities to come together as a community and enjoy each other's company. These events also contribute to our City being a community we are proud of.

Though this year (as well as last year) has been challenging, it is my hope that we can take stock of what we have endured and accomplished, for we have accomplished much. I am grateful to live in this great community and to have the opportunity with my fellow Council Members to serve you.

May you and your loved ones enjoy a wonderful November and find time to reach out to those around you and spend time together to celebrate all that we have in our lives.

*~Tony Graf*

**Congratulations to the recipients of the Mayor's Golf Tournament Youth Recreation Grants who were recognized in the City Council Meeting on October 6, 2021. In addition to three \$500 leadership scholarships to Tooele High School and a contribution to the Oquirrh Hills Junior Golf Program, the following organizations benefited from over \$14,000 in grants thanks to our generous sponsors:**

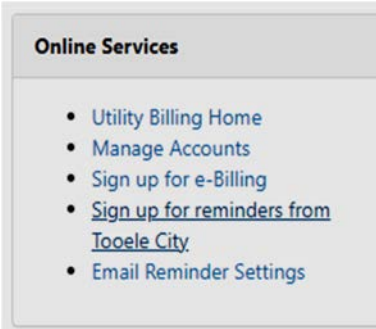

- Boys and Girls Clubs of Great Salt Lake
- American Legion Post 17 – Scouts BSA
- Elite FC Recreation Soccer
- TC United Soccer
- Tooele Bit n' Spur Riding Club
- Tooele Valley Mountain Biking Team
- Tooele Youth Baseball
- Tooele Youth Symphony

**Photos of the recipients and a list of our sponsors can be found on our Facebook Page [facebook.com/tooelecity](https://www.facebook.com/tooelecity). Watch for next year's Golf Tournament in May 2022.**

Tooele City offers several convenient and safe ways to pay your utility bills. We have recently switched over to the Municipal Online Payment System.

The Municipal Online Payment System offers PAPERLESS BILLING, but you must set it up. The first step is to set up an account at <https://www.municipalonlinepayments.com/tooeleut>. Once you have set up an account and are logged into that account, select "Utility Billing". There will be a screen with a menu on the right side that says "Online Services". On the "Sign up for e-Billing" screen there will be two check boxes. If you want paperless, then make sure the "Email Electronic Copy" box is checked and the "Mail Paper Copy" is unchecked. Make sure you then hit "update".

You can also "Sign up for reminders from Tooele City" to receive EMAIL or TEXT NOTIFICATIONS to get real time reminders about your utility account.

If you have any questions, please contact the Tooele City Finance Department at 435-843-2150.

## Snow Event Parking Restrictions and Winter Weather Reminders

As a reminder, the City Council changed the snow parking ordinance in May 2020. The ordinance no longer prohibits parking on City streets from November 1st to March 31st during the hours of 2:00 am to 6:00 am.

**The ordinance now reads...**

### "10-3-6. Snow Event Parking Restrictions"

- (1) It shall be unlawful to park a vehicle on any public right-of-way:
  - (a) when snow is falling upon that vehicle; or,
  - (b) when snow or ice have accumulated in any amount on the right-of-way upon which that vehicle is parked.
- (2) Any vehicle parked in violation of this Section may be removed at the discretion of the Tooele City Police Department for creating public safety risks and for obstructing the City's snow removal efforts.
- (3) The following are exempt from this Section:
  - (a) emergency vehicles and personnel in the performance of their functions and duties; and,
  - (b) Tooele City public works vehicles and employees in the performance of their functions and duties.

*Do not park your vehicles on the street when snow is falling or when snow or ice have accumulated.*

In August, the Tooele City Council approved Ordinance 2021-09, which amended the civil penalty for parking violations during a snow event. The civil penalty is now the same as for all other parking violations: \$50 if paid within 15 days, and \$100 thereafter.

City Ordinances can be found on our website at [tooelecity.org](http://tooelecity.org) > **Our Government > City Code**

As the winter months approach we want to remind you that residential and business sidewalks must be cleared of snow, hail, ice, and sleet within 24 hours after a storm stops, this is especially important in areas that are school walking routes! Tooele City Code 4-11-15(1) states: "It is unlawful for any person owning or exercising control over any real property abutting any public sidewalk to fail to remove or cause to be removed from such sidewalk all hail, snow, or sleet falling thereon, or ice forming thereon, with 24 hours after such hail, snow, or sleet has ceased falling or ice has ceased forming."

Do not place or propel snow, hail, ice and sleet in roadway or other portions of sidewalks. Tooele City Code 4-11-15(2) states: "It is unlawful for any person to place or propel, or cause to be placed or propelled, snow, ice, hail, or sleet in the public way or in any manner which poses a hazard to vehicular or pedestrian traffic." Please be courteous to your neighbors, do not blow leaves, snow or other debris into their yards. Thank you!

Please do not park your vehicles on the street (or on the park strip or the sidewalk—they are also the right-of-way) when snow is falling or when snow or ice have accumulated. Streets need to be clear of vehicles, basketball hoops, and other obstructions for plows to safely and efficiently clear the streets. Trees should be trimmed to at least a 12'6" minimum so they do not obstruct or damage plows. Also, as a reminder, if your basketball hoop is on the park strip, please make sure the hoop itself doesn't hang over the street where it can get snagged on the snow plows.

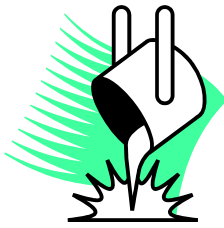

**SEMI-TRUCKS** — Per Tooele City Code, semi-trucks, shall not park overnight on city streets other than designated truck routes. In section 10-2-7(3) the following are designated truck routes: "(a) SR-36 (Main Street); (b) SR-112; (c) Tooele Boulevard (1100 W. St.); (d) Droubay Road; (e) Pine Canyon Road; (f) other streets as designated by express written permission of the police chief..."

If you have any questions or concerns, please contact our Ordinance Compliance Division at 435-843-2164.

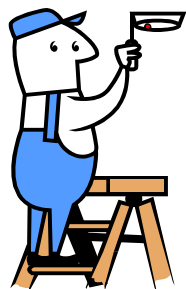

## WHERE ARE YOU DUMPING THAT GREASE?

One of the major causes of sewage back ups is animal and vegetable fats that get dumped down sink drains. After a short trip through the sewer line, fats and grease congeal, therefore blocking the passage of household waste. Solidified grease wreaks havoc by causing blockages in sewer laterals to homes and in the sewer system's main lines.

With the holidays approaching and the cooking of turkeys, especially in deep fryers, please do not drain fats down kitchen sinks. Allow any fats to congeal and dispose of them with your normal trash pick up. Do not dump or pour any grease, fats, or oils into drains or toilets.

Thank you for helping keep our sewer system running smoothly!

**DAYLIGHT SAVINGS TIME ENDS ON NOVEMBER 7, 2021. DON'T FORGET TO TURN YOUR CLOCKS BACK 1 HOUR!**

This is also a good time to take the batteries out of your fire and carbon monoxide alarms and replace them with new ones. Clean off the alarm and make sure it works by testing the unit. Explain to your family, and practice with them, what to do if the alarms go off. This activity could save your family's lives!

DID YOU KNOW?

Household waste increases by 25% during the holiday season!

Visit [savethefood.com](https://savethefood.com) for tips on how to reduce food waste!

From packaging to food, we will see an increase of waste heading for our landfills and recycling facilities in the coming months. This holiday season, pay a little more attention to the amount of food you toss and find ways to reduce it. Visit <https://savethefood.com/> to find ways to reduce your food waste by planning ahead, storing it properly, and find recipes to use those foods that are past their prime!

The Drinking Water Source Protection Plan for Tooele City is available for your review. It contains information about source protection zones, potential contamination sources, and management strategies to protect each of our drinking water sources. Potential contamination sources common in our protection areas include sanitary sewer lines, septic tanks, roads, residential, commercial and industrial areas, etc. These sources of potential contamination are typically classified as a low susceptibility. Sources which are classified as medium susceptibility include buried fuel storage tanks, accidental spills of potential contaminants, or other similar conditions. The City has developed management strategies to further protect all of our sources from contamination. Please contact the Public Works Department at (435) 843-2130, if you have questions or concerns about our source protection plan.

DO YOU KNOW ABOUT LIBRARY SERVICES THAT HELP LOCAL BUSINESS IN UNIQUE AND IMPACTFUL WAYS?

For example: Harbor Freight opened a new Tooele store this summer. Before opening, all new Tooele employees needed to complete an online orientation and training program. Harbor Freight’s logistics manager contacted the Library to ask if computers and internet could be available to help their Tooele team. Together, we figured out easy ways for this large new team to meet, accomplish their goals, and begin work ready for success.

I’m happy Harbor Freight contacted us and allowed our Librarians to help find a solution. I encourage you to do the same thing. Share your ideas or current barriers to your goals. There are many Library services available to assist and secure a strong future for you and your team.

Whether you are a business owner, manager, job seeker, or someone working toward a promotion – your Librarians are here for you. A strong community includes all of us!

**DON'T FEED THE WILD ANIMALS!**

- If you feed wild animals it causes them to congregate in your neighborhood.
- If you congregate wildlife, such as turkey and deer, it significantly increases the chances for disease transmission. It is better for their health if you don't congregate/feed them.
- If you feed wild animals and bring them closer to town, it causes issues and creates a situation where DWR must relocate them.
- Congregating turkey and deer brings in their predators.
- There is plenty of food outside of City limits that animals can feed on. The animals will not go hungry even if you don't feed them. Biologists are continually watching for the welfare of the animals.
- There are many online resources available to help you learn how to detract deer from your yard. Learn what vegetation you can plant that deer do not prefer and learn how to "Landscape for Wildlife".
- One suggestion is to put deer fencing up around your garden and the vegetation that the deer love to eat.
- For more information contact DWR at 801-491-5678.
- If you see wildlife that has been hit and is on the road, please contact dispatch at 435-882-5600, or DWR, to report the address where the animal is laying and DWR will come and pick up the animal.
