July was a great month here in our City! The 4th of July week-long celebration and activities brought our community together to celebrate our independence. Thank you to all of the staff and volunteers for the planning and coordination and to those who participated in our events. We recently crowned our new Miss Tooele City Royalty including Hannah Sheppard, Miss Tooele City and attendants Jaimee Whitehead, Sydnee Gustin, Katelyn Bush and Hazel Fogg. These beautiful young women will serve our community for the next year. I admire their dedication to our community and for the loving service they provide to others.

I recently attended the ribbon cutting for Plastic Ingenuity here in Tooele City. This is a manufacturing company who now employs 40 individuals. We will continue to recruit company's like this to create jobs for our local residents. In the last 8 months, Carvana has hired 400 employees, 85% are local residents. We are still seeing great interest from companies that want to locate here in our City. We continue to work with developers to bring more retail and restaurants to our City, but it is a slow process.

There are many recreational opportunities for our youth in Tooele City. The Oquirrh Hills Jr Golf program has begun again with 120 participants. Thank you to Cody Lopez, Head Professional at Oquirrh Hills Golf Course and all of the volunteers that make this program so successful (see photo below).

Many local residents are enjoying the weekly Friday's on Vine Concerts. These activities are funded through Parks, Arts, and Recreation (PAR) funding.

We will continue our efforts to raise the funding needed for the Dow James Memorial. Thank you to all who have donated so generously.

I hope you enjoy the remainder of the summer!

City Council meetings are generally held the 1st and 3rd Wednesdays of every month at Tooele City Hall.

Meetings are open to the public and available through livestream on Facebook @tooelecity.

Meeting agendas, minutes, and Facebook video links for the meetings are available on our website [tooelecity.org](http://tooelecity.org).

## THE COUNCIL'S CORNER

BY COUNCIL MEMBER DAVE MCCALL

Thank you again for the opportunity to serve. Over the past seven (7) months the City Council, Mayor, and Staff have been working together to set the slow and steady course for the City. Together we will do our best to ensure that we as a City continue to thrive in the future without forgetting the hard times of the past.

The RDA has been working hard at identifying and communicating with new potential employers and restaurants. This should eventually result in new businesses, more jobs, and more sales tax. Mr. Jared Stewart, Tooele City's Economic Development Director, is continuing to work on grants (local, state and federal) to assist Tooele City with preserving the past while adding to the future of our Downtown Area.

The City Council will review Fiscal Year 2022-2023 Budget at the next meeting on August 3, 2022. With costs increasing, the need to stay competitive in our workforce, the need for a new Fire Station, and needed upgrades to our infrastructure there will be some hard decisions moving forward. We want you the citizens to know we are transparent in our decisions.

As always, continue to send your emails, concerns, or questions to the City Council and Administration. You are also welcome to attend our City Council meetings which are held the 1st & 3rd Wednesdays of each month.

We are here to serve the Best City in Utah.

*Semper fi

### Congratulations Kevin Grover!

After 28 years with Tooele City, Kevin Grover retired in July 2022. Kevin began with Tooele City in 1994 as a Meter Reader. In 1997, he took an assignment working as a Waste Water/Water Distribution Operator. His focus then became water and in 2016 he was promoted to the Water Department Supervisor where he remained until his retirement. He has done a tremendous job and we cannot express our appreciation enough to Kevin for keeping our City's water system running! He will be missed and we wish him the best!

### Congratulations Preston Burr!

Preston had been a valued employee of Tooele City until his retirement in June 2022. He began employment with the Public Works Department in the Streets Division in 2007 then moved to the Water Reclamation Facility (WRF) in 2013. Preston was promoted to WRF Collections Lead in 2019. He has done a great job for the City and will be truly missed. We wish him all the best!

Under the Quick Links Menu find the Parks & Facility Maintenance Request link or look for the icon; 4. Fill out the form and describe the problem or your suggestion; and, 5. Submit.

We encourage residents, if you SEE SOMETHING, SAY SOMETHING! We have experienced an increase in vandalism in our parks. We spend thousands of taxpayer dollars each year to repair vandalism and clean up graffiti. Please help us try to stop this and if you see suspicious behavior, call dispatch immediately at 435-882-5600. Tooele City offers a **\$250 REWARD** for information that leads to the arrest of the person(s) responsible for graffiti or vandalism. Contact the Tooele City Police Dept. through Dispatch at 435-882-5600 with information about graffiti or vandalism or go online to [tooelecity.org](http://tooelecity.org) and choose "Make a Report" from the Quick Links Menu on the Police Department's webpage.

**OUTDOOR WATER CONSERVATION SCHEDULE**

2022 Watering Conservation Schedule

**Area #1** All water users North of Vine and West of Main water Wednesdays and Saturdays.

**Area #2** All water users North of Vine and East of Main water Tuesdays and Fridays.

**Area #3** All water users South of Vine water Mondays and Thursdays.

**Outdoor watering is not permitted on Sundays.**

Visit [slowtheflow.org](http://slowtheflow.org) for great indoor and outdoor water wise tips!

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses-such as newly planted sod or lawn, contact Tooele City at (435) 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Thank you for your help in conserving water, a precious resource.

<b>#1</b>	M A I N  S T R E E T	<b>#2</b>

The above schedule is a voluntary outdoor watering guide for Tooele City residents. As you are aware, the Western United States is in a historic drought. Now more than ever water conservation is so important! At this time Tooele City is not implementing mandatory restrictions, but we ask our residents to follow the voluntary schedule and take steps on their own to conserve water. We will continue to monitor the situation daily.

**Be Waterwise!**  
No Wet Cement.  
Adjust sprinklers so they don't spray sidewalks and driveways.  
[slowtheflow.org](http://slowtheflow.org)

Find water conservation tips and resources on our website [tooelecity.org](http://tooelecity.org). There are great resources available to educate residents on how to save water both indoors and outdoors. We will also post tips and resources weekly on our social media sites so follow us on Facebook, Instagram, and Twitter. We share the weekly watering guide from the State of Utah's Department of Natural Resources on our social media sites, which takes into account current temperatures and precipitation to recommend weekly watering intervals. Follow us on social media or find the guide at <https://conservewater.utah.gov/weekly-lawn-watering-guide/>.

Tooele City is implementing water conservation and water wise practices. As budget allows, we are removing grass and adding water-wise landscaping to our facilities. We are trying to do our part, and we ask that you please do yours!

### Tooele City Youth Recreation Grant Program

We encourage non-profit youth recreation organizations to apply for grant money. Each organization can apply for up to \$2,000. For grant requirements, uses of grant funding, scoring, or to submit an application, visit our website at [tooelecitey.org](http://tooelecitey.org).

### NUISANCE WEEDS:

Per Tooele City Code Section 8-4-4 1(a), any weeds/grass on real property under 5 acres must be cut and maintained under 6 inches. Property owners are responsible for park strip area(s) adjacent to their lot. Any lot larger than 5 acres must have a border of 30 feet cut and maintained under 6 inches. Fines may be assessed for properties not in compliance with City Code! The full text of the above referenced City Code can be found on our website [tooelecitey.org](http://tooelecitey.org). You may also contact the Tooele City Code Enforcement Officer at 435-843-2164 if you have questions or for more information.

Have you ever wondered who is responsible when your sewer lateral or water service line needs repair? City Code 8-6-13 states "All building sewers, including the connection to the POTW sewer, shall be maintained by the property owner". Property owners are responsible for their own sewer laterals up to the wye connection to the main sewer line. City Code 9-4-6 states "Tooele City shall maintain the service pipe from the main line to and including the water meter and other apparatus within the meter box". Property owners are responsible for their own water lines from the meter box connection into the property and structure. Did you know that Utah law requires the City to educate citizens on this? Check with your homeowners insurance to inquire if your policy covers these types of repairs. There are private companies who offer this type of insurance coverage if your homeowners insurance does not. If you have any questions, please feel free to contact the Tooele City Public Works Department at 435-843-2130.

## UPDATE DRINKING WATER SOURCE PROTECTION

An updated Tooele City Water Quality Report is now available on our website at the following link: <http://tooelecitey.org/city-departments/public-works/water-department/water-quality-reports/>. The report that is available online is an updated version from the copy that was mailed to all water utility account holders within the City in July. Copies are also available at Tooele City Hall. If you have any questions, please contact the Public Works Dept. at 435-843-2130.

*We are pleased to inform you that your drinking water continues to meet all U.S. Environmental Protection Agency (EPA) and State drinking water health standards.*

### Tooele City Vigilantly Safeguards its Water Supplies by:

- Establishing drinking water source protection zones for each of the City's sources;
- Adopting City Ordinances and relying on County Ordinances which regulate potential hazards to the City's drinking water sources; and,
- Collecting and analyzing water quality data to evaluate watershed protection efforts.

### How You Can Help:

- Read and follow usage guidelines on detergents, fertilizers and pesticides;
- Do your part to prevent runoff into the storm drain system;
- Properly dispose of household products such as cleaners, oil or gasoline and unused medicines;
- Continue your water conservation efforts; and,
- When you notice someone else contaminating the water, remind them that "We all live downstream."

### HOME ENERGY ASSISTANCE TARGET PROGRAM

## HOME ENERGY ASSISTANCE TARGET PROGRAM

The HEAT Program will be offering a Cooling Program benefit for a limited time beginning April 1, 2022. Historically, HEAT eligible clients are only able to receive one utility assistance benefit per program year (October 1-September 30). In addition to the HEAT and Cooling Program, there is also a Water Assistance to HEAT eligible households for a limited time. From October 1, 2021—March 31, 2022, clients were only able to receive Water Assistance if they were in danger of having their water shut off or were already without water. Beginning April 1, 2022, ALL HEAT eligible households will be able to apply for Water Assistance regardless of their water account status.
