MAYOR'S MESSAGE

MAYOR DEBBIE WINN

During the month of May, we saw hundreds of residents who cleaned up their neighborhoods and City Parks in support of our #TakePrideTooele Spring Clean-Up event. Many groups spent countless hours beautifying our City from cleaning up roadsides to planting flowers. I want to express my deep appreciation to each one of you for your dedication to our City and for making it a place to be proud of.

On Saturday May 21st, members of the City Council and I visited seven awesome residents who were awarded the #TakePrideTooele Beautification Awards. Their yards looked amazing and many have implemented beautiful water wise landscaping and beautiful conservation landscapes. These individuals were nominated by their friends and neighbors for the work they do to keep their homes and yards looking wonderful. It was a great opportunity for myself and the City Council to get out and thank you in person!

Thank you once again to the Ladies Community Club of Tooele and the Tooele Civic League for planting the beautiful flowers in Tooele's Downtown area. Tooele City is a wonderful place to live and be proud of. I'm looking forward to our traditional summer events that will include Fridays on Vine Concerts and the 4th of July week-long activities!

Thank you!

~Mayor Debbie Winn

City Council Meetings are generally held the 1st and 3rd Wednesdays of every month at Tooele City Hall.

Meetings are open to the public and available through livestream on Facebook @tooelecity.

Meeting agendas, minutes, and Facebook video links for the meetings are available on our website tooelecity.org.

THE COUNCIL'S CORNER

BY COUNCIL MEMBER JUSTIN BRADY

In the past two years, Tooele City has updated our General Plan, Water Master Plan, and most recently adopted a Comprehensive Fire Department Analysis. Tooele City is in the process of updating our Sewer Master Plan and Secondary Water Plan. Planning is imperative to managing growth and these studies help the City staff and City Council make appropriate decisions as Tooele City continues to grow. The Council is cognizant of the importance of proper planning and how the decisions we make today will impact Tooele City now and for future generations. I recently responded to an email from a resident asking how growth is being managed in Tooele City. I discussed the plans and studies mentioned above, but I also explained the importance of maintaining our sense of community and ensuring Tooele City continues to be an enjoyable and safe community for our residents.

Tooele City continues to improve parks by replacing playground equipment, building additional pavilions, building trails, and planting more trees. On Arbor Day, the Parks Department planted six trees at the Dow James Park to support our initiative of becoming a Tree City USA community. A resolution to appoint several residents to the Tree Board will be on the City Council agenda at our June 1st business meeting. This is an important step to becoming an official Tree City USA. We continue to see more and more residents reserving the neighborhood cleanup trailer to improve their neighborhoods, but more importantly they are working side by side with their neighbors. I appreciate all those who have taken the initiative to improve our community. I am confident Tooele City will continue to maintain its sense of community as we plan appropriately and continue to work together. Please continue to reach out to the Council when you have ideas, questions, or concerns.

Thank you,

Justin Brady

The Center for Public Safety Management, LLC (CPSM) recently completed a Comprehensive Fire Department Analysis for the Tooele City Fire Department at the request of Tooele City Mayor Debbie Winn and the Tooele City Council. CPSM presented the report to the City at the City Council work session on April 6, 2022. The City Council accepted the plan at the City Council business meeting on May 4, 2022. The final report can be found on our website tooelecity.org on the Fire Department page. The analysis is designed to provide the City with a thorough and unbiased review of fire services provided by the Tooele City Fire Dept. (TCFD). The report documents the analysis, and includes CPSM's findings and observations, a comprehensive data and community risk analysis, and recommendations structured to improve services and move the department forward.

ARBOR DAY 2022

Tooele City is joining the nationwide movement to manage and expand public trees by becoming a Tree City USA Member. Thank you for those who participated in the Arbor Day Celebration on Friday, April 29, 2022 and helped plant new trees at the Dow James Park.

DOW JAMES MEMORIAL

On August 26, 1975 Tooele City fireman Wayne Dow and his family were just sitting down to dinner when they heard a siren. It got closer and then quit in front of their house. A Tooele City police officer burst into the house and said, "You'd better come with me, Lauren's been burned." The family rushed to the Tooele hospital where Wayne's brother Lauren and another man, Dan James, lay unconscious. A helicopter from Dugway Proving Grounds quickly rushed both men to University of Utah Hospital in Salt Lake City.

Earlier that afternoon wildfires broke out near Stockton, about 5 miles south of Tooele, and as was the procedure then, the Sheriff's Department responded to join suppression efforts with State, Army Depot and Stockton firefighters. Lauren Dow, a member of the Tooele City Volunteer Fire Department, was a deputy sheriff and although he was off-duty, he headed out in the brush truck with Dan James, a Tooele City Animal Control Officer and Dave Jones, a young man who wanted to be a deputy. Since the Sheriff's office was in charge of wildland fire, the Tooele FD was not dispatched. The brush truck was just an old surplus pickup with a water tank, a pump and a hose reel. There was no radio and very little other equipment. The windows didn't even roll up. The crew wore jeans, boots and light shirts.

Sheriff Bill Pitt was in charge of the firefighting efforts but he had his hands full. It was the third fire in a short period of time. The weather was hot, dry and a little windy. Visibility from smoke and blowing dust and embers was getting worse. He did not have radio communication with most of his resources. He and his people had virtually no training in wildfire response. In 1975 almost no local government firefighters had any sort of formal wildfire training.

Dow's crew was laying hose out of the back of the truck in the mouth of a gully in the foothills northeast of Stockton when things got bad in a hurry. The wind shifted and a sudden updraft blew the fire towards the men. They were not able to drive out of the path of the fire. James and Jones ran uphill from the truck to try and out race the flames. Jones tripped and fell into a depression, which saved his life as the fire blew over him, burning him slightly. James ran for a ridge but part way up his clothing burst into flames. Dow stayed in the truck where he apparently inhaled the superheated air from the encroaching flame front burning through tinder-dry grass and sage.

The county fire truck stationed at Stockton was completely destroyed by the fire but the brush truck Dow drove was scarcely damaged as the fire moved by so fast. Then the flames were gone as fast as they came. At the hospital Dow looked ok, just like he had a sunburn, except where his cowboy boots protected him. But inside, his lung tissue was burned and fluid filled his lungs. Strength and size just didn't matter for the big man nicknamed "Tiny". He was a champion athlete; wrestling, football, basketball, any competition was a reason to fight for the win. He died at the U of U hospital later that evening. Lauren was 27 years old and left behind a wife and two young sons.

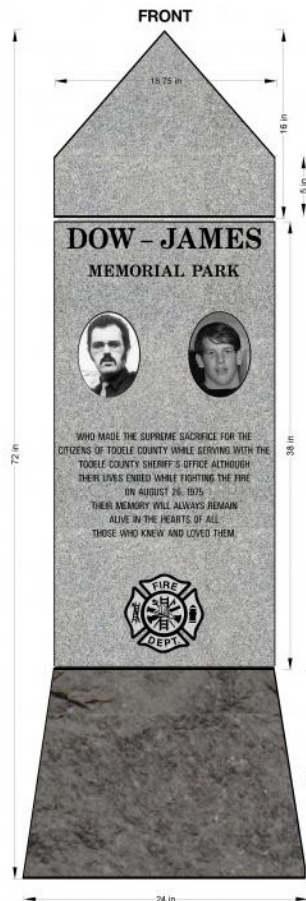

Danny James was a cut up, a practical joker who loved to laugh and joke. He looked up to Lauren and the other fire and police personnel he worked with. He was proud of working for the Police department as the animal control officer. He did his job well and he knew better things would come if he kept it up. He never got a chance. Severe burns caused a massive release of protein into his circulatory system. Two days after the fire, Danny succumbed to his massive burns. Danny was only 19 years old.

In November 1975 Governor Calvin Rampton gave the victims families posthumous awards for "Outstanding Service to the Utah Wildland Fire Control Program." Tooele City further honored them by naming a City Park and a recreation building after them.

In 1986, a plaque was placed on the archway to the baseball field at the Dow James Park by the Tooele County Sheriff's Office. The plaque is now in poor condition and these two men deserve better. Mayor Winn has met with representatives of the Dow and James families to determine what a new memorial should look like. It will be placed at the Dow James Park for members of our community to learn the story and remember the sacrifice made on their behalf and to honor our volunteers who continue to serve us today. Tooele City has started taking donations to raise the funds to complete this project as soon as possible. To begin the fundraising effort, Mayor Winn and her husband Tyler donated \$1,000 and ask others to donate what they can.

There is an account setup at City Hall to accept donations to make this memorial a reality. You can donate by calling the Tooele City Finance Department at 435-843-2150; come to City Hall in person at 90 North Main Street, Tooele; or mail a check to Tooele City Corporation, PO Box 89, Tooele, UT 84074 (please indicate on the check that the payment is for the Dow James Memorial).

Statement from Mayor Winn to the members of the Tooele City Fire Department, "The Tooele City Fire Department website states the following: We are a volunteer organization that respects the dignity of people and strives to provide the very best fire and rescue services in our community. The City Council members and I support that statement. Our goal is to increase the necessary training to certify all members of the department and provide equipment that will keep our firefighters safe. Your family should be assured that when the alarm goes off, you will return safely to your home. Never again should we lose a firefighter due to lack of training or equipment. Words cannot express the appreciation we feel for you and wish to thank you for your continued dedication and service. May God bless you and your families and protect you while you perform your heroic service to our community."

THE FOOD BANK NEEDS YOUR HELP!

PUBLIC WORKS PROJECTS

Summer is a busy time for the Public Works Department at Tooele City! In addition to regular maintenance of the existing infrastructure, we have a number of public works projects that will be starting soon. A 1 million gallon reservoir will be constructed for the new Berra Well. A well house and waterline will be constructed for the new Red Del Papa Park Well. We have several road projects that are scheduled including improvement of Deer Hollow Road, Sunset Avenue, and Oak Hill Drive. In addition, many roads will be slurry sealed or chip sealed this year. Residents in the affected areas will receive notification prior to work beginning. We will post maps and tentative schedules, as they become available, on our website at tooelecity.org and on our social media sites. If you have questions about any projects you see happening around the City, please contact the Public Works Dept. at 435-843-2130. We appreciate your patience during times of construction as we complete this very important work!

HELP KEEP OUR PARKS BEAUTIFUL!

You can help keep our parks and playgrounds looking good by identifying and reporting problems.

Helping out is easy: 1. Visit tooelecity.org; 2. Click on the Parks and Recreation home page (found under City Departments); 3. Under the Quick Links Menu find the Parks & Facility Maintenance Request link or look for the icon; 4. Fill out the form and describe the problem or your suggestion; and, 5. Submit.

We encourage residents, if you SEE SOMETHING, SAY SOMETHING! We are experiencing an increase in graffiti in our parks. We spend thousands of tax payer dollars each year to repair vandalism and clean up graffiti. Please help us try to stop this and if you see suspicious behavior, call dispatch immediately at 435-882-5600. Tooele City offers a **\$250 REWARD** for information that leads to the arrest of the person(s) responsible for graffiti or vandalism. Contact the Tooele City Police Dept. through Dispatch at 435-882-5600 with information about graffiti or vandalism or go online to tooelecity.org >City Departments >Police Department and choose "Make a Report" from the Quick Links Menu.

OUTDOOR WATER CONSERVATION SCHEDULE

2022 Watering Conservation Schedule

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

Visit slowtheflow.org for great indoor and outdoor water wise tips!

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses-such as newly planted sod or lawn, contact Tooele City at (435) 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Thank you for your help in conserving water, a precious resource.

#1	M A I N S T R E E T	#2

#3		
South of Vine Monday and Thursday		

The above schedule is a voluntary outdoor watering guide for Tooele City residents. As you are aware, the Western United States is in a historic drought. Now more than ever water conservation is so important! At this time Tooele City is not implementing mandatory restrictions, but ask our residents to follow the voluntary schedule and take steps on their own to conserve water. We will continue to monitor the situation daily.

Be Waterwise!
Adjust your automatic sprinkler timer to coincide with rain events and weather changes so you don't overwater!
waterwiseutah.org

Find water conservation tips and resources on our website tooelecity.org. There are great resources available to educate residents on how to save water both indoors and outdoors. We will also post tips and resources weekly on our social media sites so follow us on Facebook, Instagram, and Twitter. We share the weekly watering guide from the State of Utah's Department of Natural Resources on our social media sites, which takes into account current temperatures and precipitation to recommend weekly watering intervals. Follow us on social media or find the guide at <https://conservewater.utah.gov/weekly-lawn-watering-guide/>.

Tooele City is implementing water conservation and water wise practices. One practice we have started is to leave the grass a little longer at our parks and facilities in an effort to conserve water. We are trying to do our part, and we ask that you please do yours!

HOME ENERGY ASSISTANCE TARGET PROGRAM

HOME ENERGY ASSISTANCE TARGET PROGRAM

The HEAT Program will be offering a Cooling Program benefit for a limited time beginning April 1, 2022. Historically, HEAT eligible clients are only able to receive one utility assistance benefit per program year (October 1-September 30). This year, there was additional funding that allowed a second round of benefits for HEAT eligible households. Clients may apply for a HEAT Program benefit between October 1, 2021—March 31, 2022 AND a Cooling Program benefit between April 1, 2022—Sept. 30, 2022. The Cooling Program benefit includes all of the same utilities as the HEAT Program (electricity, gas, propane, wood, coal, oil, etc.).

In addition to the HEAT and Cooling Program, there is also a Water Assistance to HEAT eligible households for a limited time. From October 1, 2021—March 31, 2022, clients were only able to receive Water Assistance if they were in danger of having their water shut off or were already without water. Beginning April 1, 2022, ALL HEAT eligible households will be able to apply for Water Assistance regardless of their water account status.

For more information and to apply go to jobs.utah.gov/heat
