## MAYOR'S MESSAGE

**MAYOR DEBBIE WINN**

Utah LTAP and Utah State University recently completed a Sidewalk Assessment in Tooele City. The report was presented by Jamie Grandpre, our Public Works Director, at the City Council work session on October 19, 2022. This assessment is a great tool to start budgeting and prioritizing maintenance of our existing sidewalk infrastructure. All of the data was collected and is now integrated into our GIS system so we can update and track data in real time. This makes it easier for us to see what has been repaired and what still needs to be repaired. We have allocated funding to begin repairing sidewalks based upon the suggestions in this report.

Earlier this year we also announced our Sidewalk Repair Matching Grant Program. We have budgeted money for this program and we want to work with property owners to replace damaged sidewalks for the safety and accessibility of sidewalk patrons and for improved neighborhood appearance. As part of this program, Tooele City will retain a contractor and pay for City-approved sidewalk repair projects upon property owners paying a matching one-half of the cost of the projects. Projects are subject to adequate funding, contractor availability, weather, project eligibility and approval, and other factors. If you are interested in participating in the "50/50 Matching Grant Program" to repair the sidewalk that abuts your property, please submit an application or contact the Public Works Department at 435-843-2130 for more information. Applications are available on our website [tooelecity.org](http://tooelecity.org). We have already had many residents take advantage of this program to repair the sidewalks around their homes.

The funds available for sidewalk repair and the 50/50 matching grant program are only for repair of existing sidewalk infrastructure. New sidewalks are typically put in with new development; however, Tooele City has applied for and received funding through the State's Safe Routes to School Grant money and we have and we will be putting in new sections of sidewalk for schools routes in our City.

We received snow in late October! We hope there is more to come! As a reminder, it is property owners' and business owners' responsibility to clean the snow from the sidewalks that abut your property. Please do this within 24 hours of a storm. This helps our residents and our school children get to their destinations safely.

We will not have be having "Monday with the Mayor" in November and December, but look forward to starting again after the first of the new year. I hope you all enjoy the holidays with your family and friends during this upcoming holiday season. Thank you.

*~Mayor Debbie Winn*

City Council meetings are generally held the 1st and 3rd Wednesdays of every month at Tooele City Hall. Meetings are open to the public and are available through livestream on YouTube (Search “Tooele City Channel”). Meeting agendas, minutes, and video links for the meetings are available on our website [tooelecity.org](http://tooelecity.org).

## THE COUNCIL’S CORNER

BY COUNCIL MEMBER JUSTIN BRADY

In the September 21, 2022 City Council work meeting, the Council had a discussion regarding the Reuse Water Plan. For those who are not aware, the Water Reclamation Facility (treatment plant) in Tooele has the capability to treat liquid waste and clean it to strict reuse standards. The reuse water is currently used to irrigate the Overlake Golf Course. The remaining reuse water is stored in the golf course ponds around the Overlake Golf Course. The original plan was to utilize reuse water for residential irrigation in the Overlake area, but due to unanticipated events, the reuse water has never been utilized to its full potential. The presentation in the City Council work meeting presented potential ideas and estimated cost for infrastructure to utilize reuse water for additional properties located in the north end of Tooele City. Developing a reuse water plan is a critical step to determining the benefit and cost of potential water projects and more importantly, it allows Tooele City to begin to apply for grants and other funding options to help pay for the infrastructure to utilize reuse water. As we continue to experience unprecedented drought conditions, it will be imperative we continue to conserve and find opportunities to better use the precious and limited water supplies.

Another project I am excited to see come to fruition is the England Acres Park Trail Project. In the September 21, 2022 business meeting, the City Council approved a resolution to begin construction on the England Acres Park Trail System. The trail will start at the corner of Droubay and Smelter Road and lead to England Acres Park. The trail is anticipated to be finished in the spring of 2023. I encourage you to attend our council meetings held on the 1st and 3rd Wednesday of every month or stream the meetings on the Tooele City Channel on YouTube. Please continue to reach out to the City Council with any questions, concerns, or ideas to improve our community.

Thank you,

*~Justin Brady*

### ★ ON THE NOVEMBER BALLOT! ★ PROPOSITION #6 — TOOEELE CITY QUESTION 1

This is the Tooele City Parks, Arts, and Recreation (PAR) Tax renewal. PAR is a 1/10th of 1% (.1%) Sales and Use Tax that is used to fund cultural facilities, cultural organizations, and parks and recreational facilities in Tooele City. Scan the QR Code or visit [tooelecity.org](http://tooelecity.org) to learn more about PAR and what PAR funds have been used for in Tooele City the past 18 years. If you have questions or need more information, please call 435-843-2104 or email [shilob@tooelecity.org](mailto:shilob@tooelecity.org).

**Congratulations to the recipients of the Mayor's Golf Tournament Youth Recreation Grants who will be recognized at the City Council Meeting on November 2, 2022. In addition to three \$500 leadership scholarships to local high school seniors, and a contribution to the Oquirrh Hills Junior Golf Program, the following organizations benefited from over \$10,000 in grant money thanks to our generous sponsors who make this grant possible:**

- Boys and Girls Clubs of Greater Salt Lake — Tooele Club
- Elite FC Recreation Soccer
- Tooele Youth Baseball
- Tooele Ute Football
- Tooele Scout Unit 314

Photos of the recipients and a list of our sponsors can be found on our Facebook Page [facebook.com/tooelecitey](https://facebook.com/tooelecitey) and on our website [tooelecitey.org](https://tooelecitey.org). Watch for next year's Golf Tournament coming in May 2023. Grant applications will also open again next year.

## SAVE TIME... PAY ONLINE!

Tooele City offers several convenient and safe ways to pay your utility bills. Our online utility billing application gives you access to your account 24 hours a day, 365 days a year and is optimized for mobile devices. It is a convenient way to pay your bills on your own time — with no waiting! By paying your bill online you save postage, plus you have instant account access to view real time balances, payment amounts, bill due dates, and detailed consumption history. You can also submit service requests. AutoPay and Paperless Billing options are available but you must go into your account and set up those options.

The first step to getting started is to set up your account by scanning the QR Code below or by visiting <https://tooelecitey.org> or <https://www.municipalonlinepayments.com/tooeleut>.

You can also sign up to receive EMAIL or TEXT NOTIFICATIONS to get real time reminders about your utility account!

Questions? Please contact the Tooele City Finance Department at 435-843-2150.

As a reminder—if you have water emergencies after business hours, please contact Tooele County Dispatch at 435-882-5600.

## Snow Event Parking Restrictions and Winter Weather Reminders

As a reminder, the City Council changed the snow parking ordinance in May 2020. The ordinance no longer prohibits parking on City streets from November 1st to March 31st during the hours of 2:00 am to 6:00 am.

The ordinance now reads...

### “10-3-6. Snow Event Parking Restrictions”

- (1) It shall be unlawful to park a vehicle on any public right-of-way:
  - (a) when snow is falling upon that vehicle; or,
  - (b) when snow or ice have accumulated in any amount on the right-of-way upon which that vehicle is parked.
- (2) Any vehicle parked in violation of this Section may be removed at the discretion of the Tooele City Police Department for creating public safety risks and for obstructing the City's snow removal efforts.
- (3) The following are exempt from this Section:
  - (a) emergency vehicles and personnel in the performance of their functions and duties; and,
  - (b) Tooele City public works vehicles and employees in the performance of their functions and duties.

**Do not park your vehicles on the street when snow is falling or when snow or ice have accumulated.**

In August, the Tooele City Council approved Ordinance 2021-09, which amended the civil penalty for parking violations during a snow event. The civil penalty is now the same as for all other parking violations: \$50 if paid within 15 days, and \$100 thereafter.

City Ordinances can be found on our website at [tooelecitey.org](https://tooelecitey.org) > **Our Government > City Code**

As the winter months approach we want to remind you that residential and business sidewalks must be cleared of snow, hail, ice, and sleet within 24 hours after a storm stops, this is especially important in areas that are school walking routes! Tooele City Code 4-11-15(1) states: *“It is unlawful for any person owning or exercising control over any real property abutting any public sidewalk to fail to remove or cause to be removed from such sidewalk all hail, snow, or sleet falling thereon, or ice forming thereon, within 24 hours after such hail, snow, or sleet has ceased falling or ice has ceased forming.”*

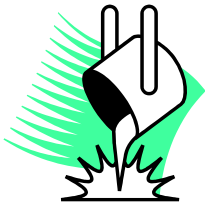

Do not place or propel snow, hail, ice and sleet in roadway or other portions of sidewalks. Tooele City Code 4-11-15(2) states: *“It is unlawful for any person to place or propel, or cause to be placed or propelled, snow, ice, hail, or sleet in the public way or in any manner which poses a hazard to vehicular or pedestrian traffic.”* Please be courteous to your neighbors, do not blow leaves, snow or other debris into their yards. Thank you!

Please do not park your vehicles on the street (or on the park strip or the sidewalk—they are also the right-of-way) when snow is falling or when snow or ice have accumulated. Streets need to be clear of vehicles, basketball hoops, and other obstructions for plows to safely and efficiently clear the streets. Trees should be trimmed to at least a 12'6" minimum so they do not obstruct or damage plows. Also, as a reminder, if your basketball hoop is on the park strip, please make sure the hoop itself doesn't hang over the street where it can get snagged on the snow plows.

**SEMI-TRUCKS** — Per Tooele City Code, semi-trucks, shall not park overnight on city streets other than designated truck routes. In section 10-2-7(3) the following are designated truck routes: (a) SR-36 (Main Street); (b) SR-112; (c) Tooele Boulevard (1100 W. St.); (d) Droubay Road; (e) Pine Canyon Road; (f) other streets as designated by express written permission of the police chief...

If you have any questions or concerns, please contact our Ordinance Compliance Division at 435-882-5936.

**WHERE ARE YOU DUMPING THAT GREASE?**

One of the major causes of sewage back ups is animal and vegetable fats that get dumped down sink drains. After a short trip through the sewer line, fats and grease congeal, therefore blocking the passage of household waste. Solidified grease wreaks havoc by causing blockages in sewer laterals

to homes, in the sewer system's main lines, and at the Water Reclamation Facility.

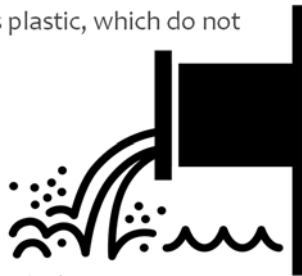

With the holidays approaching and the cooking of turkeys, especially in deep fryers, please do not drain fats down kitchen sinks. Allow any fats to congeal and dispose of them with your normal trash pick up. Do not dump or pour any grease, fats, or oils into drains or toilets.

Thank you for helping keep our sewer system running smoothly!

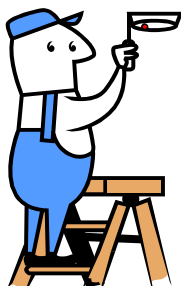

**HELP US KEEP OUR SEWER SYSTEM RUNNING SMOOTHLY — LEARN WHAT NOT TO FLUSH!**

Please **DO NOT FLUSH:**

- Paper towels, disposable wipes—which includes wipes that say they are “flushable”, washcloths, or rags
- Synthetic materials such as plastic, which do not decompose or dissolve
- Feminine products
- Cotton balls
- Diapers and baby wipes
- Unused Medications or Syringes
- Hazardous materials or chemicals
- Fats, Oils, and Grease—place food scraps in the garbage

More information can be found on our website [tooelecity.org](http://tooelecity.org).

**DAYLIGHT SAVINGS TIME ENDS ON NOVEMBER 6, 2022. DON'T FORGET TO TURN YOUR CLOCKS BACK 1 HOUR!**

This is also a good time to take the batteries out of your fire and carbon monoxide alarms and replace them with new ones. Clean off the alarm and make sure it works by testing the unit. Explain to your family, and practice with them, what to do if the alarms go off. This activity could save your family's lives!

The Drinking Water Source Protection Plan for Tooele City is available for your review. It contains information about source protection zones, potential contamination sources, and management strategies to protect each of our drinking water sources. Potential contamination sources common in our protection areas include sanitary sewer lines, septic tanks, roads, residential, commercial and industrial areas, etc. These sources of potential contamination are typically classified as a low susceptibility. Sources which are classified as medium susceptibility include buried fuel storage tanks, accidental spills of potential contaminants, or other similar conditions. The City has developed management strategies to further protect all of our sources from contamination. Please contact the Public Works Department at (435) 843-2130, if you have questions or concerns about our source protection plan.

**Congratulations Pratt Aquatic Center!**

The Pratt Aquatic Center received the Utah Local Government Trust's Gold Safety Award for their well-maintained facility, lifeguard skills, effective training, and safety. The award was presented to the Pratt Aquatic Center staff at the Tooele City Council meeting on Sept. 21 by Mike Stagg, an inspector with the Utah Local Government Trust that provides insurance for Tooele City. The Gold Safety Award was given to the Pratt Aquatic Center after an examination of pool practices and procedures was conducted. It is a rigorous analysis that looks at every aspect of operations at the pool and takes into account the safety and security of the entire facility. After the analysis, the pool is scored from 0 to 100%. Pratt scored 94%! Great job to the staff at the Pratt Aquatic Center!

**DON'T FEED THE WILD ANIMALS!**

- If you feed wild animals it causes them to congregate in your neighborhood.
- If you congregate wildlife, such as turkey and deer, it significantly increases the chances for disease transmission. It is better for their health if you don't congregate/feed them.
- If you feed wild animals and bring them closer to town, it causes issues and creates a situation where DWR must relocate them.
- Congregating turkey and deer brings in their predators.
- There is plenty of food outside of City limits that animals can feed on. The animals will not go hungry even if you don't feed them. Biologists are continually watching for the welfare of the animals.
- There are many online resources available to help you learn how to detract deer from your yard. Learn what vegetation you can plant that deer do not prefer and learn how to "Landscape for Wildlife".
- One suggestion is to put deer fencing up around your garden and the vegetation that the deer love to eat.
- For more information contact DWR at 801-491-5678.
- If you see wildlife that has been hit and is on the road, please contact dispatch at 435-882-5600, or DWR, to report the address where the animal is laying and DWR will come and pick up the animal.
