MAYOR'S MESSAGE

MAYOR DEBBIE WINN

On Saturday, October 14th we broke ground on what will be Tooele City Fire Station #3 located at 145 East 1000 North. I wanted to share with you the words spoken at that event by Fire Chief Matt McCoy. I hope you are as inspired by his words as I am.

~Mayor Debbie Winn

"Today, we gather here for a momentous occasion, a groundbreaking ceremony that marks the beginning of a new chapter in our City's history. We are here to celebrate the commencement of the construction of Tooele City Fire Station #3, a project that embodies our unwavering commitment to serving and safeguarding our community.

I want to begin by expressing my heartfelt gratitude to Mayor Debbie Winn and the esteemed members of the City Council for their steadfast support and vision. Their dedication to ensuring the safety and well-being of our citizens has made this project a reality. We couldn't have reached this milestone without their tireless efforts and support, and for that, we are truly grateful.

I would also like to acknowledge the hardworking Tooele City staff who have played an integral role in making this project possible. Their dedication and expertise have been instrumental in bringing us to this point.

But let us not forget that a fire station is not just bricks and mortar; it's the dedicated men and women in uniform who stand ready to answer the call, no matter the time or the circumstances. To our firefighters, I extend my deepest appreciation. You are the backbone of our department, the heroes who put your lives on the line every day to protect our community. This new station is a testament to the City's commitment to your safety and well-being while you, in turn, dedicate yourselves to the safety of our citizens.

We must also recognize our incredible community. Your support, trust, and understanding fuel our determination to serve you better. Today's ceremony is a symbol of our pledge to uphold your safety and security. We promise to continue our unwavering dedication to the Tooele City community.

In this endeavor, we are fortunate to be working alongside PGA&W Architects and Big D Construction. Their expertise and commitment to excellence will ensure that Fire Station #3 is a state-of-the-art facility that meets the highest standards. We look forward to the collaborative journey ahead, knowing that their contributions will enhance our ability to protect and serve.

As we turn the first shovels of earth today, let this groundbreaking symbolize our shared dedication to public safety. The new Tooele City Fire Station #3 is not just a building; it is a testament to our commitment to the safety and well-being of the community we love.

Thank you all for being here to celebrate this important day with us. Together, we will forge a stronger, safer, and more resilient Tooele City for generations to come."

~Fire Chief Matt McCoy

In attendance at the groundbreaking ceremony of Fire Station #3: Tooele City Fire Department Fire Chiefs, Members of the Tooele City Volunteer Fire Department, Tooele City Mayor Debbie Winn, Tooele City Council Members, and representatives from Big D Construction and PGA&W Architects.

City Council meetings are generally held the 1st and 3rd Wednesdays of every month at Tooele City Hall. Meetings are open to the public and are available through livestream on YouTube (Search “Tooele City Channel”). Agendas, minutes, and YouTube video links of the meetings are available on our website tooelecity.org.

THE COUNCIL’S CORNER

BY COUNCIL MEMBER DAVE MCCALL

This year is quickly coming to an end and 2024 is around the corner. I want to wish all of you a great Holiday Season.

The Council, Mayor, and Staff are working together to ensure we keep a slow and steady pace moving forward. Together we will do our best to ensure that we, as a City, continue to thrive in the future without forgetting the hard times of the past.

As always, continue to send your emails, concerns, or questions to the City Council and Administration. You are also welcome to attend City Council meetings every 1st & 3rd Wednesday of the month at Tooele City Hall.

I hope to see you at the Annual Veterans Day Services this year at Saint Marguerites Catholic Church (15 South 7th Street, Tooele). There is a breakfast at 9:30 a.m. and a ceremony at 11:00 a.m. It is a great opportunity to honor the Veterans in our community.

Thank you again Tooele City for the opportunity to serve you.

Semper fi,
~Dave

★ ON THE NOVEMBER BALLOT! ★

PROPOSITION #8 — TOOEELE CITY QUESTION 1

On the November 21, 2023 General Election ballot, you will find PROPOSITION #8 - TOOEELE CITY QUESTION 1, regarding amending the Tooele City Charter. The Tooele City Council is proposing this amendment to allow the City Recorder to serve without a two-year term limit, like all other city recorders in the State of Utah. Vote yes if you agree with the proposed amendment, or no if you disagree with the proposed amendment. Please visit tooelecity.org or vote.utah.gov for more information.

★ NOVEMBER GENERAL ELECTION ★

Mayor’s Community Recognition Awards

Congratulations to Al and Bonnie Burger—recipients of the Mayor’s Community Recognition Award. Al and Bonnie were recognized at the City Council Meeting on September 20, 2023. Visit our website www.tooelecity.org/CommunityAwards or scan the QR Code to read more about Al and Bonnie and how they are making a difference in our community. Thank you to Al and Bonnie for helping make Tooele City a great place to live!

If you would like to nominate someone in our community who you feel deserves recognition for the difference they make in our community, visit tooelecity.org to submit your nomination.

- Notice -

Recycling Fee Increase

Attention Tooele City Recycling Customers:

Effective October 1, 2023 Tooele City implemented the newly adopted fee for a recycling can of \$7.18 per month. After a comprehensive external study of the recycling can program, it was determined this fee increase was necessary in order to continue the service to our residents and to have the recycling program be self-sustainable. This rate was reflected on the bill dated October 26, 2023.

Customers who choose to opt-out of the recycling program may do so by calling 435-843-2150, by emailing a request to utilities@tooelecity.org, or by visiting the Finance Office in person at Tooele City Hall located at 90 N. Main St., Tooele.

You can opt-in to our curbside recycling program on our website at tooelecity.org/recycling. Thank you, Tooele City Finance Department.

SAVE TIME... PAY ONLINE!

Tooele City offers several convenient and safe ways to pay your utility bills. Our online utility billing application gives you access to your account 24 hours a day, 365 days a year and is optimized for mobile devices. It is a convenient way to pay your bills on your own time — with no waiting! By paying your bill online you save postage, plus you have instant account access to view real time balances, payment amounts, bill due dates, and detailed consumption history. You can also submit service requests. AutoPay and Paperless Billing options are available but you must go into your account and set up those options.

The first step to getting started is to set up your account by scanning the QR Code below or by visiting <https://tooelecity.org> or <https://www.municipalonlinepayments.com/tooeleut>.

You can also sign up to receive EMAIL or TEXT NOTIFICATIONS to get real time reminders about your utility account!

Questions? Please contact the Tooele City Finance Department at 435-843-2150.

As a reminder—if you have water emergencies after business hours, please contact Tooele County Dispatch at 435-882-5600.

Snow Event Parking Restrictions and Winter Weather Reminders

As a reminder, Tooele City code prohibits parking vehicles on the public right-of-way when snow is falling or has accumulated.

Tooele City Code 10-3-6 reads...

“10-3-6. Snow Event Parking Restrictions”

- (1) It shall be unlawful to park a vehicle on any public right-of-way:
 - (a) when snow is falling upon that vehicle; or,
 - (b) when snow or ice have accumulated in any amount on the right-of-way upon which that vehicle is parked.
- (2) Any vehicle parked in violation of this Section may be removed at the discretion of the Tooele City Police Department for creating public safety risks and for obstructing the City’s snow removal efforts.
- (3) The following are exempt from this Section:
 - (a) emergency vehicles and personnel in the performance of their functions and duties; and,
 - (b) Tooele City public works vehicles and employees in the performance of their functions and duties.

Do not park your vehicles on the street when snow is falling or when snow or ice have accumulated. You may be ticketed.

The civil penalty for parking violations during a snow event is \$50 if paid within 15 days, and \$100 thereafter.

City Ordinances can be found on our website at tooelecity.org > **Our Government > City Code**

As the winter months approach we want to remind you that residential and business sidewalks must be cleared of snow, hail, ice, and sleet within 24 hours after a storm stops. This is especially important in areas that are school walking routes! Tooele City Code 4-11-15(1) states: *“It is unlawful for any person owning or exercising control over any real property abutting any public sidewalk to fail to remove or cause to be removed from such sidewalk all hail, snow, or sleet falling thereon, or ice forming thereon, within 24 hours after such hail, snow, or sleet has ceased falling or ice has ceased forming.”*

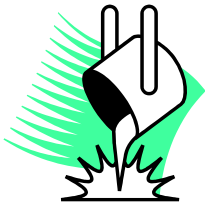

Do not place or propel snow, hail, ice and sleet in roadway or other portions of sidewalks. Tooele City Code 4-11-15(2) states: *“It is unlawful for any person to place or propel, or cause to be placed or propelled, snow, ice, hail, or sleet in the public way or in any manner which poses a hazard to vehicular or pedestrian traffic.”* Please be courteous to your neighbors, do not blow leaves, snow or other debris into their yards. Thank you!

Please do not park your vehicles on the street (or on the park strip or the sidewalk—they are also the right-of-way) when snow is falling or when snow or ice have accumulated. Streets needs to be clear of vehicles, basketball hoops, and other obstructions for plows to safely and efficiently clear the streets. Trees should be trimmed to at least a 12’6” minimum so they do not obstruct or damage plows. Also, as a reminder, if your basketball hoop is on the park strip, please make sure the hoop itself doesn’t hang over the street where it can get snagged on the snow plows.

SEMI-TRUCKS — Per Tooele City Code, semi-trucks, shall not park overnight on city streets other than designated truck routes. In section 10-2-7(3) the following are designated truck routes: “(a) SR-36 (Main Street); (b) SR-112; (c) Tooele Boulevard (1100 W. St.); (d) Droubay Road; (e) Pine Canyon Road; (f) other streets as designated by express written permission of the police chief...”

If you have any questions or concerns, please contact our Ordinance Compliance Division at 435-882-8900.

WHERE ARE YOU DUMPING THAT GREASE?

One of the major causes of sewage backups is animal and vegetable fats that get dumped down sink drains. After a short trip through the sewer line, fats and grease congeal, therefore blocking the passage of household waste. Solidified grease wreaks havoc by causing blockages in sewer laterals to homes, in the sewer system's main lines, and at the Water Reclamation Facility.

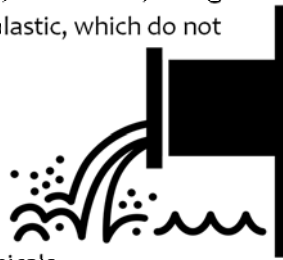

With the holidays approaching and the cooking of turkeys, especially in deep fryers, please do not drain fats down kitchen sinks. Allow any fats to congeal and dispose of them in your trash. Do not dump or pour any grease, fats, or oils into drains or toilets.

Thank you for helping keep our sewer system running smoothly!

HELP US KEEP OUR SEWER SYSTEM RUNNING SMOOTHLY — LEARN WHAT NOT TO FLUSH!

Please **DO NOT FLUSH** the following:

- Paper towels, disposable wipes—which includes wipes that say they are “flushable”, washcloths, or rags
- Synthetic materials such as plastic, which do not decompose or dissolve
- Feminine products
- Cotton balls
- Diapers and baby wipes
- Unused Medications or Syringes
- Hazardous materials or chemicals
- Fats, Oils, and Grease—place food scraps in the garbage

More information can be found on our website tooelecity.org.

The Drinking Water Source Protection Plan for Tooele City is available for your review. It contains information about source protection zones, potential contamination sources, and management strategies to protect each of our drinking water sources. Potential contamination sources common in our protection areas include sanitary sewer lines, septic tanks, roads, residential, commercial and industrial areas, etc. These sources of potential contamination are typically classified as a low susceptibility. Sources which are classified as medium susceptibility include buried fuel storage tanks, accidental spills of potential contaminants, or other similar conditions. The City has developed management strategies to further protect all of our sources from contamination. Please contact the Public Works Department at (435) 843-2130, if you have questions or concerns about our source protection plan.

Public Works Department Projects and Updates

Project Updates:

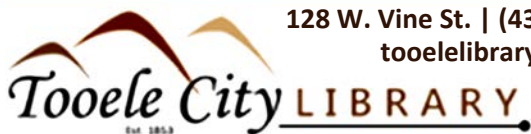

- **7th Street Road and Utility Improvement Project** between 500 North to 600 North is complete. This project widened 7th Street where it was very narrow between 500 North to 600 North and added a storm drain system from 500 North to Valley View Drive.
- **2023 Roadway and Waterline Projects** are complete. We have older waterlines in the City that are 6” lines and the standard is now 8” lines. We continually work to upgrade our 6” lines to 8” lines. In this year’s budget, the waterline on Clifford Drive and 1220 South were replaced, and the pressure regulator valve was replaced on Lisa Way. After waterlines were replaced, we did a complete road rebuild of Lisa Way, Clifford Drive, and 1220 South. Many other streets were treated with slurry seal. Slurry seal is a cost effective way to preserve the integrity of and increase the longevity of our roads. Some roads are past the point where slurry seal is effective, and those roads are then considered for mill and overlay or rebuild. We are always looking for cost effective methods for road preservation.
- **Water Reclamation Facility—Headworks Building** The Headworks building is the first line of treatment for waste water. It removes the grits and screenings from the wastewater before it goes into secondary treatment. This is where all of the stuff that doesn’t belong in the sewer, that should go in the garbage, has to be taken out (see 4 for a list of items that should not go in the sewer). Our current building is dilapidated and isn’t properly removing the garbage from the waste stream, which in turn, reduces the effectiveness in our secondary treatment. Construction of a new Headworks building and additive alternate sewer main was approved by the City Council in April 2023 for a combined total of \$8.6 Million. Construction began in mid-September. The funding for the project will be derived by a combination of ARPA funds (\$2 Million), general fund revenues, sewer enterprise revenues, and/or sewer impact fees. The new Headworks building and equipment will improve processes and increase the treatment capacity for that portion of the facility. Other areas of the plant will also need to be updated to increase overall capacity at the Water Reclamation Facility as our community continues to grow.

What’s Coming Up?

- Our Streets Department is busy crack sealing the roads. We crack seal our roads in the spring and fall. Crack sealing seals the cracks so ice and moisture doesn’t get into the cracks and expand, creating pot holes. We crack seal in the fall to help prepare our roads for snow. The Streets Department is also busy trimming park strip trees in several areas around the City. We encourage residents to trim their own park strip trees to allow larger vehicles like snowplows to get closer to the curb without the trees causing damage to the vehicles. The Streets Department has been installing stop signs at many locations throughout the City, including on 270 South. These stop signs were installed at the request of residents in the neighborhood who were concerned about safety as many vehicles were not slowing, yielding, or using caution when approaching the unsigned intersections.
- As we head into the fall season, the Water Department is working on getting well houses winterized. They are cleaning up well house sites and getting them ready for the winter.
 - The sewer collection crews are continually cleaning sewer main lines. This helps prevent clogs in the main system. As we cannot give advanced notice of cleaning activities, best practice is to always keep your toilet lid closed, as occasionally the pressure from cleaning main lines can cause toilets to burp (causing water to splash in your toilet). The water that splashes is only the water in your toilet bowl, not sewer backup.
- The Fleet Maintenance crews is prepping for winter, making sure snowplow trucks are running and putting salters on the trucks.

We are continually working to improve the infrastructure and services in our City. If you have questions about any of these projects, please contact the Public Works Department at 435-843-2130. Thank you!

Learn how to draw picture-perfect portraits. For ages 12-18 only. Registration opens on November 20. Register>> <https://linktr.ee/tooelecitylibraryteens>

CLOSURES:

November 21 – 25, 2023
Closed for Inventory & Thanksgiving Holiday

TOOELE CITY PARK UPDATES

ENGLAND ACRES PARK is near completion. We are waiting on the final gates for the dog park. Once the gates are installed the dog park will be open. We remind residents to bring your own bags and clean up after your pet(s). All dogs should be licensed and vaccinated.

ENGLAND ACRES TRAIL is anticipated to be paved by the end of the year. Because of supply chain issues, the trail lighting will be installed next Spring and not when the trail opens.

18 HOLE DISC GOLF at Dow James Complex is now playable! Download the UDisc App (available for Apple and Android users), and search for the Tooele City Course to see the course map. No reservation needed. Open during park hours (6 a.m.— 11 p.m.). There are no lights along the course. You must bring your own disc.

DISC GOLF/FOOT GOLF COMBO COURSE at Elton Park is installed and is now playable. Download the UDisc App (available for Apple and Android users), and search for the Tooele City Course to see the course map. No reservation needed. Open during park hours (6 a.m.— 11 p.m.). You must bring your own disc. This course was part of an Eagle Scout project. If you are new to disc golf, we encourage you to start with this course and then move on the our more advanced 18 hole course at the Dow James Complex.

GAGA BALL! Permanent Gaga Ball pits are available at Wigwam Park and England Acres Park. At this point in time, you must bring your own ball. There is a portable Gaga Ball pit and balls are available at the Tooele City Youth Center. All three of these ball pits were part of an Eagle Scout project.

Our parks crews are busy winterizing parks facilities and preparing for winter snow removal at city park sidewalks and trails. Restrooms have been winterized and are closed until Spring.

Reservations for park pavilions are only taken from April to October. From November to March usage is on a first come basis. Questions? Call the Parks and Recreation Dept. at 435-843-2143.

Congratulations to the recipients of the 2023 Mayor's Golf Tournament Youth Recreation Grants who were recognized at the City Council Meeting on October 18, 2023. In addition to three (3) \$500 leadership scholarships to local high school seniors, and a contribution to the Oquirrh Hills Junior Golf Program, the following organizations benefited from \$9,500 in grant money thanks to our generous sponsors who make this grant possible!

Congratulations to our Grant Recipients!

- Bit N' Spur Riding & Rodeo Assoc.
- Boys and Girls Club – Tooele Club
- TC United Soccer
- Tooele County Crushers
- Tooele Education Foundation
- Tooele Junior High PTSA
- Tooele Scout Unit 314
- Tooele Valley Academy of Dance
- Tooele Valley MTB
- Tooele Valley Theatre
- Tooele Youth Baseball

Photos of the recipients and a list of our sponsors can be found on our Facebook Page at facebook.com/tooelecity and on our website tooelecity.org. Watch for next year's Golf Tournament coming in May 2024.

DAYLIGHT SAVINGS TIME ENDS ON NOV. 5, 2023. DON'T FORGET TO TURN YOUR CLOCKS BACK ONE (1) HOUR!

This is also a good time to take the batteries out of your fire and carbon monoxide alarms and replace them with new ones. Clean off the alarm and make sure it works by testing the unit. Explain to your family, and practice with them, what to do if the alarms go off. This activity could save your family's lives!

HOME ENERGY ASSISTANCE TARGET PROGRAM

The HEAT Program provides year-round energy and water assistance as well as energy and water-related crisis assistance for eligible low income households throughout Utah. You may qualify for a heating benefit (October—March), cooling benefit (April—September) and water assistance when you apply for the HEAT Program. Visit jobs.utah.gov/heat to apply.

For more information and to apply go to jobs.utah.gov/heat

DON'T FEED THE WILD ANIMALS!

- If you feed wild animals it causes them to congregate in your neighborhood.
- If you congregate wildlife, such as turkey and deer, it significantly increases the chances for disease transmission. It is better for their health if you don't congregate/feed them.
- If you feed wild animals and bring them closer to town, it causes issues and creates a situation where DWR must relocate them.
- Congregating turkey and deer brings in their predators.
- There is plenty of food outside of City limits that animals can feed on. The animals will not go hungry even if you don't feed them. Biologists are continually watching for the welfare of the animals.
- There are many online resources available to help you learn how to detract deer from your yard. Learn what vegetation you can plant that deer do not prefer and learn how to "Landscape for Wildlife".
- One suggestion is to put deer fencing up around your garden and the vegetation that the deer love to eat.
- For more information contact DWR at 801-491-5678.
- If you see wildlife that has been hit and is on the road, please contact dispatch at 435-882-5600, or DWR, to report the address where the animal is laying and DWR will come and pick up the animal.

Holiday Trash Pick Up Schedule

There will be no trash pick up services on the following days:

- Saturday, November 11 — Veteran's Day
- Thursday, November 23 — Thanksgiving Day
- Monday, December 25 — Christmas Day
- Monday, January 1 — New Year's Day

During these weeks, service will be delayed by one day starting with the holiday.

Curb Assistance!

This is a free service provided by ACE Disposal for the elderly and/or people who have a disability who are unable to take their trash container to and from the curbside. For more information about this program, please contact the Tooele City Finance Dept. at (435) 843-2150 or email utilities@tooelecit.org.
