Mayor Debbie Winn

MAYOR'S MESSAGE

MAYOR DEBBIE WINN

At the April 3, 2024, Tooele City Council meeting, new water and sewer rates were adopted by the City Council. The following is a letter from the Tooele City Finance Department and Public Works Department explaining the increase in fees.

Dear Tooele City Residents,

We want to inform you of an upcoming change that will affect your water and sewer rates on your Tooele City utility bill. Beginning with the bill you will receive June 1, 2024, Tooele City will be implementing newly adopted fees for water and sewer services as approved by City Ordinance on April 3, 2024.

This decision follows a thorough external rate study, which highlighted the necessity of these fee adjustments. Increased costs and needed critical infrastructure improvements to our public utility systems make these fee adjustments necessary in order to ensure the continued efficiency and reliability of these systems.

We understand that any increase in fees can pose challenges, please be assured this decision was made with careful consideration of the vital role our public utilities play in your daily lives. Tooele City is committed to providing efficient, quality drinking water and waste water services, including sewer treatment, without interruption.

Tooele City is dedicated to managing costs effectively while fulfilling our responsibility to maintain and enhance the operational infrastructure of these utilities. The revenue generated from these rate changes will be utilized for the repair and replacement of critical, aging water and wastewater infrastructure. For more information, please visit our frequently asked questions page at tooelecity.gov. We appreciate your understanding and support as we work towards securing a sustainable future for our community's essential services.

The new rates are listed on the next page (page 2 of this newsletter). Visit our website tooelecity.gov/utilities for frequently asked questions and more information about the rate increases.

Thank you!

~Mayor Debbie Winn

MAYOR'S COMMUNITY RECOGNITION AWARDS

Congratulations to Berna and Chris Sloan, the Mayor's Community Recognition Award recipients for April 2024!

The Sloans are both committed to making Tooele City a great place for their family and the community to live in.

Scan the QR Code or visit our website tooelecity.gov to read more about the ways that Chris and Berna are making a difference in our community!

It's the time of year where we start seeing warmer weather and more daylight. It means more people will be out on the streets and it is also a time of year where small crimes, like theft and graffiti, usually increase. Here are some important tips to remember with the season's changes:

- 1 - Keep parked vehicles locked and remove valuables from the vehicle when you are not in it.
- 2 - Remember that the curfew ordinance in Tooele City is as follows:
 - a. It is an infraction for anyone 17 years of age or younger to be in or on a sidewalk, street, or alley or in any public place between 12:00 a.m. and 5:00 a.m. unless accompanied by a parent or guardian.
 - b. All city-owned public parks shall be closed to all persons between the hours of 11:00 p.m. and 6:00 a.m. unless otherwise signed. All city-owned skating facilities shall be closed to all persons between the hours of 10:00 p.m. and 6:00 a.m. unless otherwise signed.
- 3 - Keep bicycles, scooters, and other toys/equipment secured in a garage or fenced area.
- 4 - Report graffiti/vandalism to the police department immediately online at tooelecity.gov "File a Police Report" or call Dispatch at 435-882-5600.
- 5 - Report any suspicious activity immediately to Tooele County Dispatch at 435-882-5600.

The Tooele Valley Rural Planning Organization (RPO) invites you to provide input on the Draft 2024-2050 **Tooele Valley Long-Range Regional Transportation Plan** (Plan). The Tooele Valley RPO includes Tooele County and the cities of Erda, Grantsville, Lake Point, and Tooele, who work together to plan for transportation improvements. The Plan addresses road, transit, and active transportation infrastructure and service needed in Tooele Valley. The public comment period for the Plan is open May 1 through May 31, 2024. Members of the public are invited to learn more and comment directly on the Plan via an online interactive map at wfrc.org.

State Route 201: I-215 to Bangerter Highway

The Bridge Deck Rehabilitation Project on State Route 201 at 3200 West involves demolishing and replacing the bridge decks, resulting in smoother driving surfaces. Expect delays over 30 minutes during peak times. 3200 West will close during construction, and SR-201 traffic will be detoured via ramps. Work starts in summer 2024, lasting about six months. **Tooele County residents are asked to use I-80 as an alternate to reduce traffic in the construction area!** Find more information at <https://udotinput.utah.gov/sr201bridge>.

Medicare Questions?

Do you need help understanding your Medicare benefits? Have you wondered if a certain procedure will be covered? Do you want to compare Medicare plans? Is your summary notice confusing? Are you having difficulty paying for prescriptions? Do any Medicare charges seem suspicious? Give Tooele County Aging Services a call at 435-277-2420 to receive free assistance with your Medicare questions or concerns.

Droubay Road Closure

Construction is expected to begin in May 2024 on the Droubay Road Widening Project. Droubay Road will be widened between Vine Street and Smelter Road. Improvements will include road widening, curb, gutter, sidewalk, lighting, and a walking/biking path. In order to complete this project safely and in a timely manner, Droubay Road will be completely closed between Vine Street and Smelter Road for the duration of the project (we anticipate this project will be complete by the end of the Summer/early Fall). We apologize for the inconvenience this may cause and we appreciate your cooperation and your patience!

OUTDOOR WATER CONSERVATION SCHEDULE

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

Visit slowtheflow.org for great indoor and outdoor water wise tips, tools, and resources!

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at 435-843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Thank you for your help in conserving water, a precious resource.

2024 Watering Conservation Schedule

| | | |
|--------------------------------------|--|--------------------------------|
| #1 | M A I N S T R E E T | #2 |
| North of Vine, West of Main | | North of Vine, East of Main |
| Wednesday and Saturday | | Tuesday and Friday |
| VINE STREET | | |
| #3 | | |
| South of Vine Monday and Thursday | | |

The above schedule is a voluntary outdoor watering guide for Tooele City residents. Although this schedule is not mandatory, we ask our residents to follow the voluntary schedule and take steps on their own to conserve water.

The way our conservation schedule is designed, allows tanks in different areas of the City to refill on the days when those areas are not watering. This helps our overall system by not pulling from all of our tanks at once. We appreciate your help!

Find water conservation tips and resources on our website tooelecity.gov. There are great resources available to educate residents on how to save water both indoors and outdoors. Interested in the Landscape Incentive Program (formerly known as “Flip Your Strip” and “Turf Buy Back”)? Visit utahwatersavers.com and learn how you can get money back for removing grass on your property and replacing it with waterwise landscaping.

As part of Tooele City’s conservation efforts, we are converting the irrigation system at **RED DEL PAPA/BABE RUTH PARK** to water wise controllers. Although this means the park is unavailable for baseball this spring, the improvements will have a lasting impact, which the baseball leagues supported. Accommodations were made to play on other fields during the spring while this work is taking place. Thank you for your patience and cooperation during this important project!
