## THE COUNCIL'S CORNER

BY COUNCIL MEMBER JUSTIN BRADY

As you drive around Tooele, the landscape is increasingly dotted with promising signs of economic growth and development. Over recent years, Tooele City has made substantial investments in economic development, and the results are becoming evident. Among the most anticipated projects is the construction of the first building at the 1000 North and Main Street project. The emergence of two new hotels adds further momentum to our economic growth, with one situated on the corner of 1000 North and 200 West, and the other located at 2400 North near the North Pointe Medical offices. The industrial zones on the southwest of the City are experiencing remarkable expansion. Several manufacturing companies have embarked on the construction of multimillion-dollar projects, promising to usher in high-paying job opportunities for our residents. This surge in industrial development demonstrates the Council's commitment to providing avenues for sustainable employment opportunities in our community. We continue to discuss and prepare for future commercial development opportunities north of 2400 North. Economic growth will bring more than jobs for our residents. Commercial properties generally have a higher assessed value compared to residential properties, meaning they contribute more revenue per unit to the tax base. This increased revenue can help alleviate the tax burden on residential property owners and provide a more equitable distribution of tax responsibility across the community. I am excited for the future of Tooele City. Please reach out with any questions, concerns, or ideas to improve our community. Thank you.

*~Justin*

## Public Works Project Updates

A lot is happening around Tooele City! In addition to managing the City's vehicle fleet, water, streets, sewer, and storm water systems on a daily basis, the following is a list of current and upcoming summer Public Works projects. If you have questions about these projects or any other projects you see happening in the City, please call the Tooele City Public Works Department at 435-843-2130. We appreciate your cooperation and patience during this important work!

- **100 East 1000 North Traffic Signal:** Work will begin soon on installation of a new traffic light at 100 East 1000 North. Roadway improvements and new striping will also be part of this project.
- **All-Way Stops:** A four-way stop has already been installed at 7th Street and Upland Drive; a four-way stop will be installed soon at 100 East 400 North; and a four-way stop will be installed soon at Coleman and Vine Street.
- **Droubay Road Widening Project:** This project is ongoing and will include road widening, curb, gutter, sidewalk, lighting, and a walking/biking path on Droubay Road between Vine Street and Smelter Road.
- **Flashing pedestrian signals (RRFB):** Flashing Pedestrian Signals were recently installed on Vine Street at approximately 300 West near Tooele High School and Tooele Junior High School. Please watch for pedestrians crossing in that area, especially when school starts again in the fall.
- **Vine Street Sidewalk:** New curb, gutter, and sidewalk will soon be installed on Vine Street near the Oquirrh Hills ballfield (approximately 559 East Vine Street).

## WE NEED YOUR HELP!

You can help keep our parks and playgrounds looking good by identifying and reporting problems.

Helping out is easy: 1. Visit [tooelecity.gov](http://tooelecity.gov) or scan the QR Code on the left; 2. Click on the Parks and Recreation home page (found under Departments); 3. Under the Quick Links Menu find the Parks & Facility Maintenance Request link or look for the icon; 4. Fill out the form and describe the problem or your suggestion; and, 5. Submit.

# REWARD!

We encourage residents, if you SEE SOMETHING, SAY SOMETHING! We are experiencing an increase of vandalism in our parks, especially to park restrooms. We spend thousands of tax payer dollars each year to repair vandalism and clean up graffiti. Please help us try to stop this and if you see suspicious behavior, call dispatch **immediately** at 435-882-5600. Tooele City offers a **\$250 REWARD** for information that leads to the arrest of the person(s) responsible for graffiti or vandalism. Contact the Tooele City Police Dept. through Dispatch at 435-882-5600 with information about graffiti or vandalism or go online to [tooelecity.gov](http://tooelecity.gov) and choose "File a Police Report" from the Quick Links Menu on the Police Department's webpage.

## OUTDOOR WATER CONSERVATION SCHEDULE

### 2024 Watering Conservation Schedule

**Area #1** All water users North of Vine and West of Main water Wednesdays and Saturdays.

**Area #2** All water users North of Vine and East of Main water Tuesdays and Fridays.

**Area #3** All water users South of Vine water Mondays and Thursdays.

**Outdoor watering is not permitted on Sundays.**

Visit [slowtheflow.org](http://slowtheflow.org) for great indoor and outdoor water wise tips!

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses-such as newly planted sod or lawn, contact Tooele City at (435) 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Thank you for your help in conserving water, a precious resource.

### VINE STREET

The above schedule is a voluntary outdoor watering guide for Tooele City residents. Although this schedule is not mandatory, we ask our residents to follow the voluntary schedule and take steps on their own to conserve water.

**Be Waterwise!**  
Learn more about water-wise plants that are suitable for Utah landscapes. You can find water-wise plants at [conservationgardenpark.org](http://conservationgardenpark.org).

Find water conservation tips and resources on our website [tooelecity.gov/waterconservation](http://tooelecity.gov/waterconservation). There are great resources available to educate residents on how to save water both indoors and outdoors. Interested in the Landscape Incentive Program (formerly known as "Flip Your Strip" and "Turf Buy Back")? Visit [utahwatersavers.com](http://utahwatersavers.com) and learn how you can get money back for removing grass on your property and replacing it with waterwise landscaping.

The Mayor and City Council want to lead out in reducing water use in Tooele City, to extend the life and capacity of the City's existing water resources, and to encourage responsible thinking about the conservation of water.

- Collecting and analyzing water quality data to evaluate watershed protection efforts.

#### How You Can Help:

- Read and follow usage guidelines on detergents, fertilizers and pesticides;
- Do your part to prevent runoff into the storm drain system;
- Properly dispose of household products such as cleaners, oil or gasoline and unused medicines;
- Continue your water conservation efforts; and,

### RENAMING TOOELE CITY'S DOWNTOWN ALLIANCE TO TOOELE CITY HISTORIC MAIN STREET COMMISSION

On October 6, 2021, the City Council approved a resolution acknowledging Mayor Winn's reconstitution of the City's Tooele Downtown Alliance, and acknowledging her appointments of Alliance committee members. In 2021 Tooele City was designated a Utah Main Street community with the purpose of revitalizing the downtown area, Main Street, and the Broadway area. The Utah Main Street Program works frequently with and through the City's Tooele Downtown Alliance for funding, training, and activities. Under the direction of the City's Downtown Alliance improvements included murals, buffalo statues, and beautification projects such as flowers and downtown decorating.

In 2023, individual downtown business owners created a Utah nonprofit corporation also named the Tooele Downtown Alliance, and obtained recognition of its IRS 501(c)(3) status. For the purposes of clearly delineating the Main Street Program membership and responsibilities, avoiding confusion in budgeting, obtaining grants and other funding, conducting activities, attending meetings, and making committee appointments, the City Administration recommends renaming the City's Tooele Downtown Alliance the Tooele City Historic Main Street Commission.

On June 5, 2024, the Tooele City Council approved a resolution to rename Tooele City's Downtown Alliance the **Tooele City Historic Main Street Commission** to clearly separate the two entities [the City and the non-profit 501(c)(3)]. Tooele City will soon be accepting applicants for the Historic Main Street Commission. Visit us online at [tooelecit.gov](http://tooelecit.gov) for more information.

Please use extreme caution when handling fireworks! Each year, the Tooele City Fire Department publishes a Fireworks Restrictions Map. This year's map is posted above and can also be found online at [www.tooelefire.org](http://www.tooelefire.org) along with other recommendations and fireworks safety tips. We encourage residents to enjoy the City's fireworks show on Friday, July 5 instead of lighting their own fireworks. Professional shows are much safer and more controllable than personal fireworks, which is why residents are encouraged to leave the fireworks to the pros. If residents choose to light their own fireworks, we urge you to be careful, and always use common sense. Please be safe! Please note: Fireworks are not allowed to be discharged in any Tooele City Parks. Thank you for your cooperation!
