## MAYOR'S MESSAGE

### MAYOR DEBBIE WINN

In September, the Church of Jesus Christ of Latter-day Saints is holding a Public Open House for the new Deseret Peak Utah Temple. The temple is located at 2401 North 400 West, Tooele. The Open House will run September 24 through October 19, 2024 (excluding Sundays).

On the busiest days they are anticipating 7,500-8,000 people will attend the open house (approx. 600-700 people/hour), which is an estimated 300-350 cars per hour during the busiest times.

Please be considerate and patient with our visitors and the increased cars and traffic.

Tooele City proudly commemorates this historic occasion in our City's history. We welcome this beautiful addition to the landscape of our community. If you would like to attend the Open House, reservations will be available online at [DeseretPeakTemple.ChurchofJesusChrist.org](http://DeseretPeakTemple.ChurchofJesusChrist.org).

## THE COUNCIL'S CORNER

BY COUNCIL MEMBER MELODI GOCHIS

*"While We Have Time, Let Us Do Good"*

September is the month when summer fades into fall. It is the ninth month of the year and is known for Labor Day, the start of the harvest months, the fall equinox, and the beginning of a new school year! We're wishing all educators and students a smooth and successful transition back to school!

The harvest is symbolic of bounty, health, and abundance! It is the time of year when crops are cut and collected from the fields and we enjoy the fruits of these labors. September is also the month that we remember the 9/11 attacks on our great Nation! "You can be sure that the American Spirit will prevail over this tragedy," Colin Powell, Secretary of State.

The American Spirit is alive and well in Tooele City as we witnessed by the generous donation by the Tunnel to Towers Foundation. The foundation built and donated a Smart Home to United States Air Force Technical Sergeant Jesse Clark, and his family.

After a chemical exposure during the Gulf War, TSgt Clark suffered the effects of a tumor followed by surgery, months in the hospital and two years in a rehab care center. The Tunnel to Towers Foundation honored TSgt Clark with a Smart Home to enable him to live a more independent life.

Tunnel to Towers Foundation mission: "Since 9/11, we have been helping America's heroes by providing mortgage-free homes to Gold Star and fallen first responder families with young children and by building specially-adapted smart homes for catastrophically injured veterans and first responders. We are also committed to eradicating veteran homelessness and helping America to Never Forget September 11, 2001."

The Tunnel to Towers Foundation was started in honor of Firefighter Stephen Gerard Siller, who lost his life serving others on September 11. Responding to the call, Stephen drove his truck to the entrance of the Brooklyn Battery Tunnel, but it had already been closed for security purposes. Determined to carry out his duty, he strapped 60 lbs. of gear to his back, and raced on foot through the tunnel to the Twin Towers, where he gave up his life while saving others.

Stephen had everything to live for: a great wife, five wonderful children, a devoted extended family, and friends. Stephen's parents were lay Franciscans and he grew up under the guiding philosophy of St. Francis of Assisi, whose encouraging and inspirational phrase was **"while we have time, let us do good."**

Welcome Clark Family to Tooele City! Let us all think of ways to motivate one another to acts of kindness and good works!

**CONGRATULATIONS  
TOOELE CITY FIRE DEPARTMENT!**

Congratulations Tooele City Fire Department, who received the **Company Recognition Award for 2023** from the **Utah State Firefighter Association** for their efforts and professionalism that were exhibited on November 3, 2023, during the runaway semi-truck incident that happened in our City. We are so grateful to everyone who responded so quickly to help during this tragic accident.

At the July 17, 2024, Tooele City Council Business Meeting, we had the opportunity to recognize and honor our amazing Fire Department and all that they do for the City. We also had the opportunity to recognize the newest members of our Volunteer Fire

Department who recently completed their Fire One and Fire Two Certification, which includes Hazmat Ops and Hazmat Awareness. This training included 224 hours of instruction and hands on training over a small time frame of only five months. Every one of our volunteers sacrifice their own time to train and serve our community, and we want to express our appreciation to each of them!

We encourage non-profit youth recreation organizations to apply for grant money. Each organization can apply for up to \$2,000. For grant requirements, uses of grant funding, scoring, or to submit an application, visit our website at [tooelecitey.gov/RecGrants](http://tooelecitey.gov/RecGrants).

**TOOELE CITY PUBLIC WORKS DEPARTMENT PROJECT UPDATES**

Infrastructure continues in Tooele City this fall. If you have questions about these projects, please call the Tooele City Public Works Department at 435-843-2130.

We appreciate your cooperation and patience during this important work!

- ⇒ **100 East 1000 North Traffic Signal:** Work began in July on installation of a new traffic light at 100 East 1000 North. Roadway improvements and new striping will also be part of this project. Traffic delays in the area will be expected during construction.
- ⇒ **Berra Boulevard and 2000 North Round-a-bout:** Old asphalt was removed and replaced with new. New striping and signage will also be part of this project. On 2000 North from the roundabout to Aaron Drive, old asphalt will be removed from the eastbound lane (approx. 15 feet wide), and replaced with new asphalt.
- ⇒ **Droubay Road Widening Project:** Construction continues on this project which will include road widening, curb, gutter, sidewalk, lighting, and a walking/biking path on Droubay Road between Vine Street and Smelter Road.
- ⇒ **Roadwork Projects:** There are several cul-de-sacs that are scheduled to be roto-milled and asphalted and several roads on the schedule for chip seal. These projects will begin late August to early September.

**Completed**

- ⇒ **All-Way Stops:** Four-way stops were installed at the following intersections: 7th Street and Upland Drive, 100 East 400 North, and Coleman and Vine Street.
- ⇒ **Aaron Drive and Berra Boulevard:** A treatment called high density mineral bond was applied in July to Aaron Drive and Berra Boulevard. This is a first in Tooele City. Mineral bond is an effective asphalt preservation on residential roadways without some of the effects of chip seals or slurry seals. It is specifically engineered to preserve the native asphalt binder and prevent oxidative damage. As a result, streets are expected to last longer at less cost.
- ⇒ **Flashing pedestrian signals (RRFB):** Flashing Pedestrian Signals are installed and working at 520 East 1000 North and approximately 300 West Vine Street. Please watch for pedestrians!
- ⇒ **Vine Street Sidewalk:** New curb, gutter, and sidewalk has been installed on Vine Street near the Oquirrh Hills ballfield (approximately 559 East Vine Street). The access road to the east of the ballfield still needs to be completed.

**SIDEWALK REPAIR MATCHING GRANT PROGRAM**

Tooele City offers a **Sidewalk Repair Matching Grant Program** in an effort to work with property owners to replace damaged sidewalks for the safety of sidewalk patrons and for improved neighborhood appearance. Tooele City will retain a contractor and pay for City-approved sidewalk repair projects upon property owners paying a matching one-half of the cost of the projects.

Program implementation is subject to adequate funding, contractor availability, weather, project eligibility and approval, and other factors. Limited funds are available.

If you are interested in participating in the "50/50 Matching Grant Program" to repair the sidewalk that abuts your property, please submit an application or contact the Public Works Department at 435-843-2130 for more information. Applications are available on our website [tooelecitey.gov](http://tooelecitey.gov).

As the temperatures start to cool down, don't forget to adjust the timer on your automatic irrigation / sprinkler systems. Lawns and gardens do not need as much water in the Fall as they do in the Summer. Shorter watering intervals conserves water for all of us and saves you money!

**ORDINANCE COMPLIANCE REMINDERS**
