Understanding The PEHP STAR Plan

The STAR Plan: What Is It?

The STAR Plan has two components: 1) A High Deductible Health Plan (HDHP), which is a qualified medical plan that meets IRS guidelines for deductibles and out-of-pocket maximums; and 2) a Health Savings Account (HSA), which is an interest-bearing account designed to be coupled with an HDHP.

Do You Qualify?

To be eligible, you must enroll in The STAR Plan. Also, the following things must apply to you:

- » You're not participating in or covered by a general-purpose flex account (FSA) or Health Reimbursement Account (HRA) or their balances will be \$0 on or before the end of your plan year.
- » You're not covered by another health plan (unless it's another HSA-qualified plan).
- » You're not covered by Medicare, Tricare or Medicaid.
- » You're not a dependent of another taxpayer.

How It Works

YOUR HSA

A Health Savings Account is a tax-advantaged, interest-bearing account.

Your money goes in tax-free, grows tax-free, and is spent on qualified health expenses tax-free.

It's a great way to save for health

expenses in both the short and long term.

An HSA is like a flexible spending account, but better. You never have to worry about forfeiting HSA money you don't spend.

Money in your HSA carries over from year-to-year and even from employer-to-employer.

YOUR DEDUCTIBLE

Your deductible is the yearly dollar amount you must pay out of your own pocket for eligible medical and pharmacy expenses **before** PEHP begins paying benefits.

Eligible Expenses

Eligible HSA expenses include deductibles, copayments, and coinsurance, as well as all flex-eligible health expenses. However, while many expenses are HSA-eligible, they apply to your deductible and out-of-pocket maximum only if they're covered by your health plan.

Debit Card

You'll be automatically issued a debit card to access your HSA funds. Always present your PEHP card at the time of service to receive PEHP's discounted rate. It also allows PEHP to track your spending to apply to your deductible and out-of-pocket maximum.

If the primary reason for your visit is seeking treatment for an illness or condition, cost sharing may apply. Certain screening services, such as a colonoscopy or mammogram, may identify health conditions that require further testing or treatment. If a condition is identified through a preventive screening, any subsequent testing, diagnosis, analysis, or treatment are not considered preventive services and are subject to the appropriate cost sharing.

PEHP LTD

Your Reliable Safety Net

PEHP Long-Term Disability (LTD) is your safety net should you become disabled and unable to work. This important benefit is paid for by your employer at no cost to you.

After a three-month waiting period, LTD provides two-thirds of your regular monthly salary for accidental bodily injury, disease, or illness if you're unable to perform your regular job. If you're disabled by external force or violence while performing your job, you may be eligible to receive 100% of your regular salary.

After two years on LTD, if you can't perform any gainful employment, you may apply for "ongoing" LTD. To continue receiving the benefit, you must be unable to perform any gainful employment.

LTD Basics	
Benefit Amount	Two-thirds of your regular salary (may include extra hours worked*)
Waiting Period	Three months; closest to the first of the month
First 24 months of LTD	Must be unable to perform your regular job
After 24 months of LTD	Must be unable to perform any gainful employment (includes sedentary work)
Maximum Benefit	Age 65** or retirement with Utah Retirement Systems***

***Go to www.urs.org to find out the years of service required for you to retire.

Learn More About PEHP LTD

Answers to our most frequently asked questions

When should I apply for LTD benefits?

You must apply for LTD benefits within six months from your last day worked in your regular full-duty job.

We encourage you to apply as soon as possible.

How do I apply for LTD benefits?

Contact our office for a phone interview and then you will be mailed an application and other forms to sign. See contact information on the back page.

Who is eligible?

Most employees who are eligible for an employer sponsored retirement plan are eligible for LTD; contact us if you need to confirm your eligibility. The Legislature created the benefit as a bridge from active to retirement status therefore URS post-retirees are ineligible. Retirement is the only benefit available to employees who have accrued full years of service toward retirement because Title 49 states LTD benefits terminate when the eligible employee has accumulated the following years:

Accrued years to retire are:

- » Tier 1 Public Employee: 30 years
- » Tier 1 Public Safety: 20 years
- » Tier 2 Public Employee: 35 years
- » Tier 2 Public Safety: 25 years

It is also important to note that age is not a factor in determining initial eligibility; if you're age 60 or older, see page 4.

<p>Vocational Rehabilitation <i>through State Office of Rehabilitation</i></p>	<p>Services may include counseling and assistance returning to your regular job or finding new employment.</p>
<p>Rehabilitative Employment</p>	<p>May be able to work while on LTD. Requires prior approval. LTD benefits partially reduced.</p>
<p>Life Assistance Counseling</p>	<p>Provides face-to-face guidance in addressing virtually any stressful life situation or problem.</p>

How does PEHP LTD confirm I am disabled?

We must confirm your disability and impairment with objective medical documentation. We do this by collecting and reviewing medical records from your healthcare providers.

What happens to my URS retirement accrual while I am on LTD?

- » **If you were hired before July 1, 2011**, you will continue to earn years of service toward your URS retirement.
- » **If you were hired on or after July 1, 2011**, you may continue to earn years of service credit toward URS retirement if your employer has signed a benefit protection contract. Check with your employer.

Are there limits to my benefit?

Medical or psychological conditions that existed prior to eligibility may not be a basis for LTD benefits until you have had one year of continuous LTD eligibility.

How long can I receive LTD benefits?

If you are unable to perform your regular job and you remain disabled, you may remain on disability up to 24 months.

At the end of 24 months, you can apply for ongoing benefits if you can't perform any gainful employment, based on physical disability and objective medical documentation. Gainful employment is defined as, in part, inability to earn 60% of predisability wages.

As long as you meet the disability requirements you can remain on LTD until you reach age 65 or have enough years of service toward retirement to retire, whichever comes first.

If you become disabled at or after age 60, LTD is payable as follows (unless you accrue enough years of service toward retirement to retire first):

Age 60 or 61	»	five years
Age 62 or 63	»	four years
Age 64 or 65	»	three years
Age 66, 67 or 68	»	two years
Age 69 or older	»	one year

Glossary of Health Coverage and Medical Terms

- This glossary defines many commonly used terms, but isn't a full list. These glossary terms and definitions are intended to be educational and may be different from the terms and definitions in your [plan](#) or [health insurance](#) policy. Some of these terms also might not have exactly the same meaning when used in your policy or plan, and in any such case, the policy or plan governs. (See your Summary of Benefits and Coverage for information on how to get a copy of your policy or plan document.)
- [Underlined](#) text indicates a term defined in this Glossary.
- See page 6 for an example showing how [deductibles](#), [coinsurance](#) and [out-of-pocket limits](#) work together in a real life situation.

Allowed Amount

This is the maximum payment the [plan](#) will pay for a covered health care service. May also be called "eligible expense", "payment allowance" or "negotiated rate."

Appeal

A request that your health insurer or [plan](#) review a decision that denies a benefit or payment (either in whole or in part).

Balance Billing

When a [provider](#) bills you for the balance remaining on the bill that is not covered by your [plan](#). This amount is the difference between the actual billed amount and the [allowed amount](#). For example, if the provider's charge is \$100 and the allowed amount is \$70, the provider may bill you for the remaining \$30. This happens most often when you see an [out-of-network provider \(non-preferred provider\)](#). A preferred provider may not bill you for covered services.

Claim

A request for a benefit (including reimbursement of a health care expense) made by you or your health care [provider](#) to your health insurer or [plan](#) for items or services you think are covered.

Coinsurance

Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the [allowed amount](#) for the service. You generally pay coinsurance *plus* any [deductibles](#) you owe. (For example, if the [health insurance](#) or [plan's](#) allowed amount for an office visit is \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. The health insurance or plan pays the rest of the allowed amount.)

Complications of Pregnancy

Conditions due to pregnancy, labor and delivery that require medical care to prevent serious harm to the health of the mother or the fetus. Morning sickness and a non-emergency caesarean section generally aren't complications of pregnancy.

Copayment

A fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

Cost Sharing

Your share of costs for services that a [plan](#) covers that you must pay out of your own pocket (sometimes called "out-of-pocket costs"). Some examples of cost sharing are [copayments](#), [deductibles](#), and [coinsurance](#). Family cost sharing is the share of cost for deductibles and out-of-pocket costs you and your spouse and/or child(ren) must pay out of your own pocket. Other costs, including your [premiums](#), penalties you may have to pay or the cost of care a plan doesn't cover usually are not considered cost sharing.

Cost-sharing Reductions

Discounts that reduce the amount you pay for certain services covered by an individual [plan](#) you purchase through the [Marketplace](#). You may get a discount if your income is below a certain level, and you choose a Silver level health plan or if you're a member of a federally recognized tribe, which includes being a shareholder in an Alaska Native Claims Settlement Act corporation.

Deductible

An amount you could owe during a coverage period (usually one year) for covered health care services before your [plan](#) begins to pay. An overall deductible applies to all or almost all covered items and services. A plan with an overall deductible may also have separate deductibles that apply to specific services or groups of services. A plan may also have only separate deductibles. (For example, if your deductible is \$1000, your plan won't pay anything until you've met your \$1000 deductible for covered health care services subject to the deductible.)

Jane pays 100% Her plan pays 0%
(See page 6 for a detailed example.)

Diagnostic Test

Tests to figure out what your health problem is. For example, an x-ray can be a diagnostic test to see if you have a broken bone.

Durable Medical Equipment (DME)

Equipment and supplies ordered by a health care [provider](#) for everyday or extended use. DME may include: oxygen equipment, wheelchairs and crutches.

Emergency Medical Condition

An illness, injury, symptom (including severe pain) or condition severe enough to risk serious danger to your health if you didn't get medical attention right away. If you didn't get immediate medical attention you could reasonably expect one of the following to result: 1) Your health would be put in serious danger; or 2) You would have serious problems with your bodily functions; or 3) You would have serious damage to any part or organ of your body.

Emergency Medical Transportation

Ambulance services for an [emergency medical condition](#). Types of emergency medical transportation may include transportation by air, land, or sea. Your [plan](#) may not cover all types of emergency medical transportation, or may pay less for certain types.

Emergency Room Care / Emergency Services

Services to check for an [emergency medical condition](#) and treat you to keep an emergency medical condition from getting worse. These services may be provided in a licensed hospital's emergency room or other place that provides care for emergency medical conditions.

Excluded Services

Health care services that your [plan](#) doesn't pay for or cover.

Formulary

A list of drugs your [plan](#) covers. A formulary may include how much your share of the cost is for each drug. Your plan may place drugs at different [cost sharing](#) levels or tiers. For example, a formulary may include generic drug and brand name drug tiers and different cost sharing amounts will apply to each tier.

Grievance

A complaint that you communicate to your health insurer or [plan](#).

Habilitation Services

Health care services that help a person keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Health Insurance

A contract that requires a health insurer to pay some or all of your health care costs in exchange for a [premium](#). A health insurance contract may also be called a "policy" or "[plan](#)".

Home Health Care

Health care services and supplies you get in your home under your doctor's orders. Services may be provided by nurses, therapists, social workers, or other licensed health care [providers](#). Home health care usually does not include help with non-medical tasks, such as cooking, cleaning or driving.

Hospice Services

Services to provide comfort and support for persons in the last stages of a terminal illness and their families.

Hospitalization

Care in a hospital that requires admission as an inpatient and usually requires an overnight stay. Some [plans](#) may consider an overnight stay for observation as outpatient care instead of inpatient care.

Hospital Outpatient Care

Care in a hospital that usually doesn't require an overnight stay.

Individual Responsibility Requirement

Sometimes called the “individual mandate,” the duty you may have to be enrolled in health coverage that provides [minimum essential coverage](#). If you don’t have minimum essential coverage, you may have to pay a penalty when you file your federal income tax return unless you qualify for a health coverage exemption.

In-network Coinsurance

Your share (for example, 20%) of the [allowed amount](#) for covered healthcare services. Your share is usually lower for in-network covered services.

In-network Copayment

A fixed amount (for example, \$15) you pay for covered health care services to [providers](#) who contract with your [health insurance](#) or [plan](#). In-network copayments usually are less than [out-of-network copayments](#).

Marketplace

A marketplace for [health insurance](#) where individuals, families and small businesses can learn about their [plan](#) options; compare plans based on costs, benefits and other important features; apply for and receive financial help with [premiums](#) and [cost sharing](#) based on income; and choose a plan and enroll in coverage. Also known as an “Exchange”. The Marketplace is run by the state in some states and by the federal government in others. In some states, the Marketplace also helps eligible consumers enroll in other programs, including Medicaid and the Children’s Health Insurance Program (CHIP). Available online, by phone and in-person.

Maximum Out-of-Pocket Limit

Yearly amount the federal government sets as the most each individual or family can be required to pay in [cost sharing](#) during the plan year for covered, in-network services. Applies to most types of health [plans](#) and insurance. This amount may be higher than the [out-of-pocket limits](#) stated for your plan.

Medically Necessary

Health care services or supplies needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms, including habilitation, and that meet accepted standards of medicine.

Minimum Essential Coverage

Health coverage that will meet the [individual responsibility requirement](#). Minimum essential coverage generally includes [plans](#), [health insurance](#) available through the [Marketplace](#) or other individual market policies, Medicare, Medicaid, CHIP, TRICARE and certain other coverage.

Minimum Value Standard

A basic standard for measuring the percentage of permitted costs covered by the [plan](#). If you’re offered an employer plan that pays for at least 60% of the total allowed costs of benefits, the plan offers minimum value and you may not qualify for [premium tax credits](#) and [cost sharing reductions](#) to buy a plan from the [Marketplace](#).

Network

The facilities, [providers](#) and suppliers your health insurer or [plan](#) has contracted with to provide health care services.

Network Provider (Preferred Provider)

A [provider](#) who has a contract with your [health insurer](#) or [plan](#) who has agreed to provide services to members of a plan. You will pay less if you see a provider in the [network](#). Also called “preferred provider” or “participating provider.”

Orthotics and Prosthetics

Leg, arm, back and neck braces, and artificial legs, arms, and eyes, and external breast prostheses incident to mastectomy resulting from breast cancer. These services include: adjustment, repairs, and replacements required because of breakage, wear, loss or a change in the patient’s physical condition.

Out-of-network Coinsurance

Your share (for example, 40%) of the [allowed amount](#) for covered health care services to [providers](#) who do *not* contract with your [health insurance](#) or [plan](#). [Out-of-network coinsurance](#) usually costs you more than [in-network coinsurance](#).

Out-of-network Copayment

A fixed amount (for example, \$30) you pay for covered health care services from [providers](#) who do *not* contract with your [health insurance](#) or [plan](#). Out-of-network copayments usually are more than [in-network copayments](#).

Out-of-network Provider (Non-Preferred Provider)

A [provider](#) who doesn't have a contract with your [plan](#) to provide services. If your plan covers out-of-network services, you'll usually pay more to see an out-of-network provider than a [preferred provider](#). Your policy will explain what those costs may be. May also be called "non-preferred" or "non-participating" instead of "out-of-network provider".

Out-of-pocket Limit

The most you *could* pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the [plan](#) will usually pay 100% of the

[allowed amount](#). This limit helps you plan for health care costs. This limit never includes your [premium](#), [balance-billed](#) charges or health care your [plan](#) doesn't cover. Some plans don't count all of your [copayments](#), [deductibles](#), [coinsurance](#) payments, out-of-network payments or other expenses toward this limit.

Physician Services

Health care services a licensed medical physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), provides or coordinates.

Plan

Health coverage issued to you directly (individual plan) or through an employer, union or other group sponsor (employer group plan) that provides coverage for certain health care costs. Also called "health insurance plan", "policy", "health insurance policy" or "[health insurance](#)".

Preauthorization

A decision by your health insurer or [plan](#) that a health care service, treatment plan, [prescription drug](#) or [durable medical equipment \(DME\)](#) is [medically necessary](#). Sometimes called prior authorization, prior approval or precertification. Your [health insurance](#) or plan may require preauthorization for certain services before you receive them, except in an emergency. Preauthorization isn't a promise your health insurance or plan will cover the cost.

Premium

The amount that must be paid for your [health insurance](#) or [plan](#). You and/or your employer usually pay it monthly, quarterly or yearly.

Premium Tax Credits

Financial help that lowers your taxes to help you and your family pay for private [health insurance](#). You can get this help if you get health insurance through the [Marketplace](#) and your income is below a certain level. Advance payments of the tax credit can be used right away to lower your monthly [premium](#) costs.

Prescription Drug Coverage

Coverage under a [plan](#) that helps pay for [prescription drugs](#). If the plan's [formulary](#) uses "tiers" (levels), prescription drugs are grouped together by type or cost. The amount you'll pay in cost sharing will be different for each "tier" of covered prescription drugs.

Prescription Drugs

Drugs and medications that by law require a prescription.

Preventive Care

Routine health care, including [screenings](#), check-ups, and patient counseling, to prevent or discover illness, disease, or other health problems.

Primary Care Physician

A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), who provides or coordinates a range of health care services for you.

Primary Care Provider

A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), nurse practitioner, clinical nurse specialist or physician assistant, as allowed under state law and the terms of the [plan](#), who provides, coordinates or helps you access a range of health care services.

Provider

An individual or facility that provides health care services. Some examples of a provider include a doctor, nurse, chiropractor, physician assistant, hospital, surgical center, skilled nursing facility, and rehabilitation center. The [plan](#) may require the provider to be licensed, certified or accredited as required by state law.

Reconstructive Surgery

Surgery and follow-up treatment needed to correct or improve a part of the body because of birth defects, accidents, injuries or medical conditions.

Referral

A written order from your [primary care provider](#) for you to see a [specialist](#) or get certain health care services. In many health maintenance organizations (HMOs), you need to get a referral before you can get health care services from anyone except your primary care provider. If you don't get a referral first, the [plan](#) may not pay for the services.

Rehabilitation Services

Health care services that help a person keep, get back or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt or disabled. These services may include physical and occupational therapy, speech-language pathology and psychiatric rehabilitation services in a variety of inpatient and/or outpatient settings.

Screening

A type of [preventive care](#) that includes tests or exams to detect the presence of something, usually performed when you have no symptoms, signs or prevailing medical history of a disease or condition.

Skilled Nursing Care

Services performed or supervised by licensed nurses in your home or in a nursing home. Skilled nursing care is *not* the same as "skilled care services," which are services performed by therapists or technicians (rather than licensed nurses) in your home or in a nursing home.

Specialist

A [provider](#) focusing on a specific area of medicine or a group of patients to diagnose, manage, prevent or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has special training in a specific area of health care.

Specialty Drug

A type of [prescription drug](#) that, in general, requires special handling or ongoing monitoring and assessment by a health care professional, or is relatively difficult to dispense. Generally, specialty drugs are the most expensive drugs on a [formulary](#).

UCR (Usual, Customary and Reasonable)

The amount paid for a medical service in a geographic area based on what [providers](#) in the area usually charge for the same or similar medical service. The UCR amount sometimes is used to determine the [allowed amount](#).

Urgent Care

Care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require [emergency room care](#).

How You and Your Insurer Share Costs - Example

Jane's Plan Deductible: \$1,500

Coinsurance: 20%

Out-of-Pocket Limit: \$5,000

January 1st
Beginning of Coverage Period

December 31st
End of Coverage Period

Jane hasn't reached her \$1,500 deductible yet

Her plan doesn't pay any of the costs.

Office visit costs: \$125

Jane pays: \$125

Her plan pays: \$0

Jane reaches her \$1,500 deductible, coinsurance begins

Jane has seen a doctor several times and paid \$1,500 in total, reaching her deductible. So her plan pays some of the costs for her next visit.

Office visit costs: \$125

Jane pays: 20% of \$125 = \$25

Her plan pays: 80% of \$125 = \$100

Jane reaches her \$5,000 out-of-pocket limit

Jane has seen the doctor often and paid \$5,000 in total. Her plan pays the full cost of her covered health care services for the rest of the year.

Office visit costs: \$125

Jane pays: \$0

Her plan pays: \$125

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	\$2,500 single/\$5,000 family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay.
Are there services covered before you meet your <u>deductible</u> ?	Yes. Preventive care received from <u>network providers</u> is not subject to the <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the annual <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your <u>deductible</u> . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No	You do not have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u> ?	\$5,000 single/\$10,000 family for <u>network providers</u> . No <u>out-of-pocket limit</u> for <u>out-of-network providers</u> . Any one individual may not apply more than \$8,150 toward the family <u>out-of-pocket limit</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , the overall family <u>out-of-pocket limit</u> must be met.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance-billed charges, and healthcare this <u>plan</u> doesn't cover. See Benefits Summary.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u> ?	Yes. See www.pehp.org or call 1-800-765-7347 for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider</u> network. You will pay less if you use a <u>provider</u> in the plan's network. You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (a balance bill). Be aware, your network <u>provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No	You can see the <u>specialist</u> you choose without a <u>referral</u> .

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	\$1,000 person/\$2,000 family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this plan begins to pay. If you have other family members on the policy, they have to meet their own individual <u>deductible</u> until the overall family <u>deductible</u> amount has been met.
Are there services covered before you meet your <u>deductible</u> ?	Yes. Some <u>network provider</u> visits or preventive care received from <u>network providers</u> are not subject to the <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the annual <u>deductible</u> amount. But a <u>copayment</u> or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your <u>deductible</u> . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No	You do not have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this plan?	\$6,000 person/\$12,000 family for <u>network providers</u> . No <u>out-of-pocket limit</u> for <u>out-of-network providers</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance-billed charges, and healthcare this <u>plan</u> doesn't cover. See Benefits Summary.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u> ?	Yes. See www.pehp.org or call 1-800-765-7347 for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the plan's network. You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your plan pays (a balance bill). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All copayment and coinsurance costs shown in this chart are after your overall deductible has been met, if a deductible applies.

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	\$1,500 person/\$3,000 family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this plan begins to pay. If you have other family members on the policy, they have to meet their own individual <u>deductible</u> until the overall family <u>deductible</u> amount has been met.
Are there services covered before you meet your <u>deductible</u> ?	Yes. Some <u>network provider</u> visits or preventive care received from <u>network providers</u> are not subject to the <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the annual <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain preventive services without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .

If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance-billed charges and healthcare this <u>plan</u> doesn't cover. See Benefits Summary.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .

You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your plan pays (a balance bill). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.

Notice of COBRA Rights

PEHP is providing you and your Dependents notice of your rights and obligations under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") to temporarily continue health Coverage if you are an Employee of an Employer with 20 or more Employees and you or your eligible Dependents, (including newborn and /or adopted children) in certain instances would lose PEHP Coverage. Both you and your spouse should take the time to read this notice carefully. If you have any questions please call the PEHP Office at 801-366-7555 or refer to the Benefits Summary and/or the PEHP Master Policy at www.PEHP.org.

There may be other Coverage available through the Healthcare Marketplace Exchange. Please see the Coverage Alternatives information at the end of this section.

Qualified Beneficiary

A Qualified Beneficiary is an individual who is covered under the Employer group health plan the day before a COBRA Qualifying Event.

Who is Covered

» Employees

If you have group health Coverage with PEHP, you have a right to continue this Coverage if you lose Coverage or experience an increase in the cost of the premium because of a reduction in your hours of employment or the voluntary or involuntary termination of your employment for reasons other than gross misconduct on your part.

» Spouse of Employees

If you are the spouse of an Employee covered by PEHP, and you are covered the day prior to experiencing a Qualifying Event, you are a "Qualified Beneficiary" and have the right to choose COBRA Coverage for yourself if you lose group health Coverage under PEHP for any of the following Qualifying Events:

1. The death of your spouse;
2. The termination of your spouse's employment (for reasons other than gross misconduct) or reduction in your spouse's hours of employment;
3. Divorce or legal separation from your spouse;
4. Your spouse becoming entitled to Medicare; or
5. The commencement of certain bankruptcy proceedings, if your spouse is retired.

» Dependent Children

A Dependent child of an Employee who is covered by PEHP on the day prior to experiencing a Qualifying Event, is also a "Qualified Beneficiary" and has the right to COBRA Coverage if group health Coverage under PEHP is lost for any of the following Qualifying Events:

1. The death of the covered parent;
2. The termination of the covered parent's employment (for

reasons other than gross misconduct) or reduction in the covered parent's hours of employment;

3. The parents' divorce or legal separation;
4. The covered parent becoming entitled to Medicare;
5. The Dependent ceasing to be a "Dependent child" under PEHP; or
6. A proceeding in a bankruptcy reorganization case, if the covered parent is retired.

A child who meets the definition of Dependent, who is born to or placed for adoption with the covered Employee during a period of COBRA Coverage is also a Qualified Beneficiary.

Secondary Qualifying Event

A Secondary Qualifying Event means one Qualifying Event occurring after another. It allows a Qualified Beneficiary who is already on COBRA to extend COBRA Coverage under certain circumstances, from 18 months to 36 months of Coverage from the date of the original Qualifying Event.

Separate Election

If there is a choice among types of Coverage under the plan, each of you who are eligible for COBRA Coverage is entitled to make a separate election among the types of Coverage. Thus, a spouse or Dependent child is entitled to elect COBRA Coverage even if the covered Employee does not make that election. Similarly, a spouse or Dependent child may elect a different Coverage from the Coverage that the Employee elects.

Your Duties Under The Law

It is the responsibility of the covered Employee, spouse, or Dependent child to notify the Employer or Plan Administrator in writing within sixty (60) days of a divorce, legal separation, child losing Dependent status or secondary qualifying event, under the group health plan in order to be eligible for COBRA Coverage. PEHP can be notified at 560 East 200 South, Salt Lake City, UT, 84102. PEHP Customer Service: 801-366-7555; toll free 800-765-7347. Appropriate documentation must be provided, such as: divorce decree, marriage certificate, etc.

Keep PEHP informed of address changes to protect you and your family's rights. It is important for you to notify PEHP at the above address if you have changed marital status, or you, your spouse or your Dependents have changed addresses.

In addition, the covered Employee or a family Member must inform PEHP of a determination by the Social Security Administration that the covered Employee or covered family Member was disabled during the 60-day period after the Employee's termination of employment or reduction in hours, within 60 days of such determination and before the end of the original 18-month COBRA Coverage period. (See "Special rules for disability," below.) If, during continued Coverage, the Social Security Administration determines that the Employee or family Member is no longer disabled, the individual must inform PEHP of this redetermination within 30 days of the date it is made.

Employers' Duties Under The Law

Your Employer has the responsibility to notify PEHP of the Employee's death, termination of employment, reduction in hours, or Medicare eligibility. Notice must be given to PEHP within 60 days of the occurrence of the above-listed events. When PEHP is notified that one of these events has happened, PEHP in turn will notify you and your Dependents that you have the right to choose COBRA Coverage. Under the law, you and your Dependents have up to 60 days from the date you would lose Coverage because of one of the events to inform PEHP that you want COBRA Coverage or 60 days from the date of your Election Notice.

Election of COBRA Coverage

Members have 60 days from either termination of Coverage or date of receipt of COBRA election notice to elect COBRA. If no election is made within 60 days, COBRA rights are deemed waived and will not be offered again. If you choose COBRA Coverage, your Employer is required to give you Coverage that, as of the time Coverage is being provided, is identical to the Coverage provided under the plan to similarly situated Employees and their family Members. If you do not choose COBRA Coverage within the time period described above, your group health insurance Coverage will end.

Premium Payments

Payments must be made retroactively to the date of the qualifying event or loss of Coverage and paid within 45 days of the date of election. There is no grace period on this initial premium. Subsequent Payments are due on the first of each month with a thirty (30) day grace period. Delinquent Payments will result in a termination of COBRA Coverage.

The amount a qualified beneficiary may be required to pay may not exceed 102 percent (or, in the case of an extension of COBRA Coverage due to a disability, 150 percent) of the cost to the group health plan (including both Employer and Employee contributions) for Coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA Coverage. Claims paid in error by ineligibility under COBRA will be reviewed for collection. Ineligible premiums paid will be refunded.

How Long Will Coverage Last?

The law requires that you be afforded the opportunity to maintain COBRA Coverage for a maximum of 36 months, unless you lose group health Coverage because of a termination of employment or reduction in hours. In that case, the required COBRA Coverage period is 18 months. Additional qualifying events (such as a death, divorce, legal separation, or Medicare entitlement) may occur while the COBRA Coverage is in effect. Such events may extend an 18-month COBRA period to a maximum of 36 months, but in no event will COBRA Coverage extend beyond 36 months from the date of the event that originally made the Employee or a qualified beneficiary eligible to elect COBRA Coverage. You should notify PEHP if a second Qualifying Event occurs during your 18-month COBRA Coverage period.

Special Rules For Disability

If the Employee or covered family Member is disabled at any

time during the first 60 days of COBRA Coverage, the COBRA Coverage period may be extended to 29 months for all family Members, even those who are not disabled.

The criteria that must be met for a disability extension is:

1. Employee or family Member must be determined by the Social Security Administration to be disabled.
2. Must be determined disabled during the first 60 days of COBRA Coverage.
3. Employee or family Member must notify PEHP of the disability no later than 60 days from the later of:
 - a. the date of the Social Security Administration disability determination;
 - b. the date of the Qualifying Event;
 - c. the loss of Coverage date; or
 - d. the date the Qualified Beneficiary is informed of the obligation to provide the disability notice.
4. Employee or family Member must notify Employer within the original 18 month COBRA period.
5. If an Employee or family Member is disabled and another qualifying event occurs within the 29-month COBRA period (other than bankruptcy of your Employer), then the COBRA Coverage period may continue up to a maximum of 36 months after the termination of employment or reduction in hours.

Special Rules For Retirees

In the case of a retiree or an individual who was a covered surviving spouse of a retiree on the day before the filing of a Title 11 bankruptcy proceeding by your Employer, Coverage may continue until death and, in the case of the spouse or Dependent child of a retiree, 36 months after the date of death of a retiree.

COBRA Coverage May Be Terminated

The law provides that your COBRA Coverage may be terminated prior to the expiration of the 18-, 29-, or 36-month period for *any* of the following reasons:

1. Your Employer no longer provides group health Coverage to any of its Employees.
2. The premium for COBRA Coverage is not paid in a timely manner (within the applicable grace period).
3. The individual becomes covered, after the date of election, under another group health plan (whether or not as an Employee) that does not contain any Exclusion or Limitation with respect to any preexisting condition of the individual.
4. The date in which the individual becomes entitled to Medicare, after the date of election.
5. Coverage has been extended for up to 29 months due to disability (see "Special rules for disability") and there has been a final determination that the individual is no longer disabled.
6. Coverage will be terminated if determined by PEHP that the Employee or family Member has committed any

of the following: fraud upon PEHP or Utah Retirement Systems, forgery or alteration of prescriptions; criminal acts associated with COBRA Coverage; misuse or abuse of benefits; or breach of the conditions of the Plan Master Policy.

You do not have to show that you are insurable to choose COBRA Coverage. However, under the law, you may have to pay all or part of the premium for your COBRA Coverage plus two percent.

This notice is a summary of the law and therefore is general in nature. The law itself and the actual Plan provisions must be consulted with regard to the application of these provisions in any particular circumstance.

Questions

If you have any questions about continuing Coverage, please contact PEHP at 560 East 200 South, Salt Lake City, UT, 84102. Customer Service: 801-366-7555; toll free 800-765-7347.

Coverage Alternatives

There may be other Coverage options for you and your family. You are now able to buy Coverage through the Health Insurance Marketplace, which may cost less than COBRA. In the Marketplace you could be eligible for a new kind of tax credit that lowers your monthly premiums right away, and you can see what your premium, deductibles, and out-of-pocket costs will be before you make a decision to enroll. Being eligible for COBRA does not limit your eligibility for Coverage for a tax credit through the Marketplace. Additionally, you may qualify for a special enrollment opportunity for another group health plan for which you are eligible (such as a spouse's plan), even if the plan generally does not accept late enrollees, if you request enrollment within 30 days. Through the Marketplace you will also learn if you qualify for free or low-cost Coverage from Medicaid or the Children's Health Insurance Program (CHIP).

You have 60 days from the time you lose your job-based Coverage to enroll in the Marketplace. After 60 days your special enrollment period will end and you may not be able to enroll, you should take action right away. In addition, during an "open enrollment" period, anyone can enroll in Marketplace Coverage.

If you sign up for COBRA, you can switch to a Marketplace plan during a Marketplace open enrollment period. You can also end your COBRA early and switch to a Marketplace plan if you have another qualifying event such as marriage or birth of a child through a "special enrollment period." If you terminate your COBRA early without a qualifying event, you will have to wait to enroll in Marketplace Coverage until the next open enrollment period, and could end up without any health Coverage in the interim.

If your COBRA ends you will be eligible to enroll in Marketplace Coverage through a special enrollment period event, if the Marketplace open enrollment has ended. If you sign up for Marketplace Coverage instead of COBRA, you cannot switch to COBRA under any circumstances.

You can access information regarding the Marketplace at HealthCare.gov or call 800-318-2596.

Notice of Women's Health and Cancer Rights Act

In accordance with The Women's Health and Cancer Rights Act of 1998, PEHP covers mastectomy in the treatment of cancer and Reconstructive Surgery after a mastectomy. If you are receiving benefits in connection with a mastectomy, Coverage will be provided according to PEHP's Medical Case Management criteria and in a manner determined in consultation with the attending physician and the patient, for:

1. All stages of reconstruction on the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. Prostheses; and
4. Treatment of physical Complications in all stages of mastectomy, including lymphedemas.

Coverage of mastectomies and breast reconstruction benefits are subject to applicable Deductibles and Copayment Limitations consistent with those established for other benefits.

Following the initial reconstruction of the breast(s), any additional modification or revision to the breast(s), including results of the normal aging process, will not be covered.

All benefits are payable according to the schedule of benefits, based on this plan. Regular Preauthorization requirements apply.

Notice of Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance Coverage generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery; or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending Provider (e.g. physician, nurse midwife or physicians assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care Provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Understanding Your Health Record / Information

Each time you visit a hospital, physician, or other health care provider, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, and a plan for future care or treatment. This information, often referred to as your health or medical record, serves as a:

- Basis for planning your care and treatment,
- Means of communication among the many health professionals who contribute to your care,
- Legal document describing the care you received,
- Means by which you or a third-party payer can verify that services billed were actually provided.

Understanding what is in your record and how your health information is used helps you to:

- Ensure its accuracy,
- Better understand who, what, when, where, and why others may access your health information,
- Make more informed decisions when authorizing disclosure to others.

Your Health Information Rights

Although your health record is the physical property of the health care practitioner or facility that compiled it, the information belongs to you. You have the rights as outlined in Title 45 of the Code of Federal Regulations, Parts 160 & 164:

- Request a restriction on certain uses and disclosures of your information, though PEHP is not required to agree with your requested restriction.
- Obtain a paper copy of the notice of information practices upon request (although we have posted a copy on our web site, you have a right to a hard copy upon request.)
- Inspect and obtain a copy of your health record.
- Amend your health records.
- Obtain an accounting of disclosures of your health information.
- Request communications of your health information by alternative means or at alternative locations.
- Revoke your authorization to use or disclose health information except to the extent that action has already been taken.

PEHP does not need to provide an accounting for disclosures:

- To persons involved in the individual's care or for other notification purposes.
- For national security or intelligence purposes.
- Uses or disclosures of de-identified information or limited data set information.
- That occurred before April 14, 2003.

PEHP must provide the accounting within 60 days of receipt of your written request.

The accounting must include:

- Date of each disclosure
- Name and address of the organization or person who received the protected health information
- Brief statement of the purpose of the disclosure that reasonably informs you of the basis for the disclosure or, in lieu of such statement, a copy of your written authorization, or a copy of the written request for disclosure.

The first accounting in any 12-month period is free. Thereafter, we reserve the right to charge a reasonable, cost-based fee.

Examples of Uses and Disclosures of Protected Health Information

IMPORTANT NOTICE FROM PEHP ABOUT PEHP's 2026 MEDICARE D DRUG PLANS

Please read this notice carefully and keep it where you can find it. This notice has information about PEHP's Medicare drug plans. This information can help you decide whether or not you want to enroll in PEHP's Medicare drug plan. If you are considering enrolling, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice. There are two important things you need to know about the PEHP prescription drug plans and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you enroll in a Medicare Prescription Drug Plan or enroll in a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. PEHP has determined the 2025 Medicare drug plans offered by PEHP are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing prescription drug coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a PEHP Medicare drug plan.

When Can You Enroll in a Medicare Drug Plan?

You can enroll in a Medicare drug plan when you first become eligible for Medicare and each year thereafter during Medicare open enrollment from October 15 to December 7. Coverage begins on January 1 for those enrolling during open enrollment.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to enroll in a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Enroll in a Medicare Drug Plan?

If you decide to enroll in a PEHP Medicare drug plan, or a Medicare Advantage Plan that includes a drug plan, your current Medicare Drug coverage may be affected in accordance with the Centers for Medicare and Medicaid Services (CMS). **The 2026 PEHP Medicare D drug plans provided by PEHP are creditable.** If you decide to enroll in a PEHP Medicare drug plan and drop your current prescription drug coverage, be aware that you and your eligible dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) to Enroll in a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage and don't enroll in a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to enroll in a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.
