#### **TOOELE CITY CORPORATION**

#### **RESOLUTION 2021-15**

A RESOLUTION OF THE TOOELE CITY COUNCIL CONSENTING TO THE TRANSFER OF FIRE DEPARTMENT ASSETS TO THE TOOELE VOLUNTEER FIRE DEPARTMENT (TVFD) ASSOCIATION.

WHEREAS, the Tooele City Fire Department is comprised of volunteers who provide valuable services to the City for civic, charitable, and humanitarian purposes; and,

WHEREAS, Tooele City has historically made monthly payments to the Fire Department for the purpose of supporting their general health, morale, and welfare activities. These funds were then deposited into a checking account managed by Fire Department leadership; and,

WHEREAS, over the past several years, various laws, internal controls, requirements of the Money Management Act, and auditing requirements have created ongoing challenges with this manner of administration of these public funds; and,

WHEREAS, City administration, in conjunction with Fire Department leadership, determined it was in the best interest of the City and the Fire Department that a business entity, separate from the City, be established to handle morale, welfare, and social services, receipt of charitable donations, including the regular transfer of funds from Tooele City, and Fire Department fundraising efforts; and,

WHEREAS, the Tooele Volunteer Fire Department (TVFD) Association was established as a Utah nonprofit corporation operating independently of Tooele City Corporation (see the Utah Division of Corporations business entity summary attached as Exhibit A); and,

WHEREAS, Tooele City and the TVFD Association desire to formalize and provide a record of transfer of ownership of some Tooele City assets and funds to the TVFD Association, and to formalize use agreement between TVFD Association and the City for the Association's use of City facilities; and,

WHEREAS, Fire Department leadership have met with the TVFD Association officers and identified City assets that were historically purchased by the Fire Department with the funds designated for health, morale, and welfare activities (see Exhibit B), and the Department has provided a bank statement substantiating the outstanding balance in the checking account being used for such purposes (see Exhibit C); and,

WHEREAS, the Mayor has reviewed the records and finds the identified assets and fund balance to be appropriately designated and recommends that such items be transferred to the TVFD Association; and,

WHEREAS, the TVFD Association has requested approval from the City to continue to store TVFD Association assets at Fire Department facilities, to use Fire Department facilities to conduct business affairs of the TVFD Association, and as approved by the Tooele City Fire Chief and Mayor, to hold health, morale, welfare, and association activities (except that alcohol is prohibited in City owned fire department and other facilities) at City owned Fire Department facilities at a fee of \$1.00 per year and provided that the TVFD Association maintains general liability insurance indemnifying Tooele City from liability for TVFD Association activities and other terms and conditions described in a forthcoming use agreement approved by the Mayor:

NOW, THEREFORE, BE IT RESOLVED BY THE TOOELE CITY COUNCIL that the assets described in Exhibit B and the checking account fund balance documented in Exhibit C are hereby transferred to the TVFD Association for uses consistent with Fire Department morale and welfare.

NOW, THEREFORE, BE IT FURTHER RESOLVED BY THE TOOELE CITY COUNCIL that the above described transfer of Tooele City assets to TVFD Association, and the use of Tooele City-owned Fire Department facilities are hereby authorized until such time that said use is revoked or revised by the City.

This Resolution is necessary for the immediate preservation of the peace, health, safety, or welfare of Tooele City and shall become effective upon passage, without further publication, by authority of the Tooele City Charter.

IN WITNES	S WHEREOF, this Resolution	is passed by the	Looele City C	ouncil this
day of	, 2021.

### **Change Order Charges**

Install costs are based on time estimates that may be impacted by changes to shipping, scheduling, and on-site changes. Changes to these conditions or plans may result in additional charges. Also note that any changes to the install schedule will be subject to the next available date. Contract interior products are built to order and in many cases are either non-cancellable or require significant cancellation charges after an order is placed. Additional charges may be applied based on policies and associated costs particular to each manufacturer.

#### Fee Schedule:

ORDER CANCELLATION: (These charges and timelines are subject to change according	to manufacturer policy)
All Cancellations	25% of Product Cost + Any Manufacturer Fees

CHANGES TO AN ORDER AFTER ORDER IS PLACED:						
Quantity, Specification, Shipping Move-up, Shipping Move-out						
16 Business Days out from Planned Delivery 1st Request – Any Applicable Service Fees, Additional Requests - \$500 + Any Applicable Service Fees						
12 – 15 Business Days prior to Planned Delivery	\$500 + 7% of Product + Any Applicable Service Fees					
1 – 11 Business Days prior to Planned Delivery	No Changes May be Made					

SHIPPING AND STORAGE:				
Product Held by H/B Services	\$35 per Pallet per Month			
Receiving and Double Handling Trailer	\$1,500 per Trailer			
Monthly Trailer Storage Fees – Transfer Fees	\$500 per Trailer per Month			

ON SITE INSTALLATION CHANGES:	
Variable Based on Request	Actual Design and Install Hours at Current Rate (First 30 minutes no fee, afterward billed at 1-hour minimum increments)

Subject: Furniture Information for City Council

Hi Mayor,

Here is the bid and renderings of the 3 furnishing replacement projects. These amounts are a little bit lower than last numbers I sent.

Here is a synopsis of the attached bid.

Area	Bid	Items
Public Seating	\$63,707.62  Was estimated \$68,000	<ul> <li>27 seating pieces for adult-sized people</li> <li>11 boost seat pieces for kid-sized people.         Portable to be useful in any area.     </li> <li>3 bench seats for parents waiting outside the restroom and near middle grade areas</li> <li>6 staff work chairs were included. (originally needed 3, but 3 more have broken. So I removed 2 chairs for the breakroom and added these instead)</li> <li>Also includes side tables where necessary.</li> </ul>
Study Furniture	\$30,498.92  Was estimated \$36,000	<ul> <li>11 study tables/chairs. 2 of these can be split apart to create additional groupings when student tutors begin to come in again.</li> <li>6 flip top tables for community room.</li> </ul>
Computer Lab	\$22,147.73  Was estimated \$27,000	<ul> <li>4 replacement tables for current 16     workstations with cable/wire/power     management and screen separators.</li> <li>2 large tables for laptop users (rather than     expanding the workstation lab). Will     accommodate 14 people on laptops.</li> </ul>
	\$125,915.28	Total if all three projects are approved

- Items included for replacement are all original from the building's opening in 2000.
- These items include a 12 year warranty with the prices listed.
- This bid is on state contract with Henriksen Butler

I appreciate you taking the time to consider these projects. This number doesn't replace every seating piece we had when we opened. But this is what people use most in the building being placed where the furniture is needed most.

Thanks again, Mayor.

Jami

#### **TOOELE CITY CORPORATION**

#### **RESOLUTION 2021-34**

A RESOLUTION OF THE TOOELE CITY COUNCIL CONSENTING TO THE ANNEXATION OF TOOELE CITY INTO THE TOOELE COUNTY RECREATION SPECIAL SERVICE DISTRICT.

WHEREAS, Tooele County created the Tooele County Recreation Special Service District ("District") in 1989 as an independent special service district for the purpose of receiving and distributing federal mineral lease revenues and using those revenues to provide recreation services and facilities to eligible District constituents; and,

WHEREAS, the District's boundaries currently exclude Tooele County's cities and towns, as well as the Stansbury Recreation Service Area; and,

WHEREAS, on March 16, 2021, the Tooele County Council adopted Resolution 2021-12 indicating the Council's intent to annex into the District all Tooele County cities and towns, as well as the Stansbury Recreation Service Area; and,

WHEREAS, the County desires to annex Tooele City into the District so that the City can apply for and receive federal mineral lease funds to establish and/or improve recreation services and facilities within the City (see County correspondence attached as Exhibit A); and,

WHEREAS, the Tooele City Council desires to allow and support the proposed annexation for the purpose of making additional recreation revenues available to the City:

NOW, THEREFORE, BE IT RESOLVED BY THE TOOELE CITY COUNCIL that consent is hereby given for Tooele County to annex Tooele City into the Tooele County Recreation Special Service District boundary.

This Resolution shall become effective upon passage, without further publication, by authority of the Tooele City Charter.

IN	WITNESS	WHEREOF,	this	Resolution	is	approved	this	 day	0
		, 2021.

Hon. Debbie Winn Tooele City 90 N Main Street Tooele, UT 84074

re: Tooele County Recreation SSD Annexation

Dear Mayor Winn:

The Tooele County Recreation Special Service District ("SSD") was created in 1989. Its sole purpose is to receive mineral lease funds and distribute those funds to furnish recreation services and facilities. Currently, the SSD receives and distributes approximately \$150,000 per year.

The SSD's boundaries, as established in 1989, specifically exclude cities and towns and the Stansbury Recreation Service Area. The SSD can only legally fund recreation services and facilities within its boundaries. It is therefore currently prohibited from funding recreation services and facilities within cities and towns and the Stansbury Recreation Service Area.

On March 16, 2021, the Tooele County Council adopted Resolution 2021-12 indicating its intent to annex all cities and towns within the county and the Stansbury Recreation Service Area into the SSD's boundaries. If the annexation occurs, the SSD will then be able to fund recreation services and facilities within cities and towns and the Stansbury Recreation Service Area.

State statute prohibits the County Council from annexing cities and towns and the Stansbury Recreation Service Area into the SSD unless those entities consent to the annexation. Please consider adopting a resolution granting consent at your next available council meeting.

Hon. Debbie Winn March 17, 2021 Page Two

l enclose a model resolution for your convenience. Please feel free to amend it as you see fit. If your council votes to grant consent, please email a signed copy of your resolution to me at cwinchester@tooeleco.org as soon as possible.

If you have questions or concerns, please don't hesitate to contact me at the above email address or via telephone at (435) 843-3136. Thank you.

Sincerely, Clandinchester

Colin Winchester

Deputy Tooele County Attorney

enc.

#### **TOOELE CITY CORPORATION**

#### **ORDINANCE 2020-04**

### AN ORDINANCE OF TOOELE CITY AMENDING TOOELE CITY CODE CHAPTER 7-19 REGARDING ACCEPTANCE OF PUBLIC IMPROVEMENTS.

WHEREAS, the Tooele City Charter created a form of government where legislative and executive powers of city government are strictly separated into two branches of government, with the City Council exercising all legislative powers and the Mayor exercising all executive and administrative powers of the City (see Charter Section 2-02; see also UCA Chapter 10-3b Part 2 regarding the Council-Mayor separation of powers form of government); and,

WHEREAS, UCA Section 10-9a-601 empowers municipalities to enact subdivision ordinances consistent with state and federal land use law, and Tooele City has enacted TCC Chapter 7-19 governing subdivision applications and approvals (and TCC Chapter 7-11 regarding site plan approvals); and,

WHEREAS, in the course of land use application approval and implementation under TCC Chapters 7-11 and 7-19, developers must design and construct all public improvements required by the Tooele City Code and its adopted uniform codes, including the American Public Works Association (APWA) standards and specifications; and,

WHEREAS, public improvements are defined to be those public utility infrastructure improvements found within typical subdivision and site plan construction documents, as detailed in TCC Section 7-1-5 (definition of Public Improvements); and,

WHEREAS, public improvement easements and rights-of-way are dedicated (conveyed) to Tooele City with the recordation of subdivision plats or deeds of dedication, while the public improvements themselves are deemed conveyed to Tooele City for ownership and maintenance upon their acceptance by Tooele City; and,

WHEREAS, as currently enacted, the acceptance of public improvements is a formal statutory process, detailed in the City Code, culminating in the City Council's approval of a Resolution declaring particular public improvements accepted by Tooele City for City ownership and maintenance, subject to a one-year warranty period covering defects in materials and construction (see TCC Sections 7-19-12 and -32); and,

WHEREAS, the enactment by the City Council of the public improvement acceptance regulatory process is a legislative function, while the inspection and acceptance of public improvements is an administration function of administering and implementing the enacted regulatory process, appropriate for the City Administration (Mayor and administrative departments); and,

WHEREAS, the City Administration recommends that it be permitted to perform its administrative functions regarding the acceptance of public improvements by implementing an administrative acceptance process, including a Certificate of Completion and Acceptance of public improvements; and,

WHEREAS, the City Council requests the ability to participate in the process of public improvement acceptance, as a check upon the executive power, by signing the Certificate of Completion and Acceptance of those improvements; and,

WHEREAS, attached as Exhibit A are proposed amendments to TCC Chapter 7-19 regarding the administrative acceptance of public improvements; and,

WHEREAS, attached as Exhibit B is the form of the Certificate of Completion and Acceptance by which the administrative acceptance of public improvements will be accomplished; and,

WHEREAS, this Ordinance 2020-04 will honor and implement the separation of powers paradigm established in the Tooele City Charter and UCA Chapter 10-3b, and will lead to increased efficiency in the City's legislative and administrative processes, and is therefore in the best interest of Tooele City:

NOW, THEREFORE, BE IT ORDAINED BY THE TOOELE CITY COUNCIL that Tooele City Code Chapter 7-19 is hereby amended as shown in Exhibit A.

This Ordinance is necessary for the immediate preservation of the peace, health and safety of Tooele City and shall take effect immediately upon publication.

IN WITNESS	WHEREOF, this Ordinance is	passed by the	Tooele City	Council this
day of	, 2020.

Proposed Amendments to TCC Chapter 7-19

#### CHAPTER 19. SUBDIVISIONS

- 7-19-1. Application of chapter.
- 7-19-2. General provisions.
- 7-19-3. Interpretation.
- 7-19-4. Severability.
- 7-19-5. Rules of interpretation.
- 7-19-6. Property line adjustments.
- 7-19-6.1. Property Combinations.
- 7-19-7. Applicability of this Chapter.
- 7-19-8. Procedure for approval of preliminary plan.
- 7-19-9. Plats and data for approval of preliminary plan.
- 7-19-10. Procedure for approval of the final plat.
- 7-19-11. Plats and data for final approval.
- 7-19-12. Public Improvements; bonds and bond agreements; warranty.
- 7-19-13. Applications for Reimbursement.
- 7-19-14. Failure to act, effect.
- 7-19-15. Phased development.
- 7-19-16. Design standards.
- 7-19-17. Streets.
- 7-19-17.1Double-frontage lots definitions design maintenance.
- 7-19-18. Easements.
- 7-19-19. Blocks.
- 7-19-20. Lots.
- 7-19-20.1.Flag Lots.
- 7-19-21. Required land improvements.
- 7-19-22. Street signs.
- 7-19-23. Monuments and markers.
- 7-19-24. Public utilities.
- 7-19-25. Sidewalks required specifications.
- 7-19-26. Park Strip Landscaping in Commercial and Industrial Subdivisions.
- 7-19-27. Sanitary sewers.
- 7-19-28. Engineering specifications.
- 7-19-29. Water service.
- 7-19-30. Trench backfill.
- 7-19-31. Filing of engineering plans and review fee.
- 7-19-32. Acceptance of required land public improvements by the city.
- 7-19-33. Building permits.
- 7-19-34. Final Plat execution, delivery, and recordation.
- 7-19-35. Minor Subdivision Exemptions from preliminary plan requirement.
- 7-19-36. Effect of revocation and voiding.

#### 7-19-1. Application of chapter.

No person shall subdivide any tract of land which is located within the City of Tooele, except in conformity with the provisions of this ordinance. The subdivision plans and plats, proposed improvements to be installed and all procedures relating thereto, shall in all respects be in full compliance with the regulations of this Chapter. (Ord. 1977-18, 10-19-1977)

#### 7-19-2. General provisions.

- (1) Wherever any subdivision of land shall hereafter be laid out within the incorporated limits of the City, the subdivider thereof or his agent shall submit both a preliminary plan and final subdivision plat to the City for its approval. The subdivision plats and all procedures relating thereto shall in all respects be in full compliance with these regulations.
- (2) Until preliminary plans for the subdivision are approved:
- (a) No land shall be subdivided, nor any street laid out, nor any improvements made to the natural land.
- (b) No lot, tract or parcel of land within any subdivision shall be offered for sale, nor shall any sale, contract for sale or option be made or given.
- (c) No improvements such as sidewalks, water supply, storm water drainage, sanitary sewage facilities, gas service, electric service, lighting, grading, paving or surfacing of streets - shall hereafter be made by any owner or owners or his or their agent or by any public service corporation at the request of such owner or owners or his or their agent.
- (d) Land subject to flooding or within any area designated as subject to a 100-year flood by the Federal Flood Insurance Program Administrator, and areas subject to poor drainage will not be permitted to be subdivided unless the flooding or drainage problems are properly dealt with in the subdivision plan to the satisfaction of the City.
- (3) Where a trace of land proposed for subdivision is part of a larger, logical subdivision unit in relation to the City as a whole, the Planning Commission may, before approval, cause to be prepared a plan for the entire unit, such plan to be used by the Planning Commission as an aid in judging the merits of the proposed plat.
- (4) Amendments to the City Code enacted by the City Council after the approval of a preliminary plan but prior to the approval of a final subdivision plat shall apply to that plat to the extent that they do not alter the plat's use, density, or configuration. For purposes of this Chapter, the words use, density, and configuration shall refer to the following:
- (a) use: the uses allowed by the Tooele City General Plan Land Use Element and the Tooele City zoning ordinance at the time of complete preliminary plan submission;
- (b) density: the number of lots contained in a preliminary plan approved by the City Council;
- (c) configuration: the general manner in which the density is laid out in a preliminary plan approved by the City Council.
- (5) Amendments to the City Code enacted by the City Council shall apply to the use, density, and

configuration of an approved preliminary plan and/or final subdivision plat if the City Council, on the record, finds that a compelling, countervailing public interest would be jeopardized by the plan's or plat's use, density, and/or configuration.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 1977-18, 10-19-1977)

#### 7-19-3. Interpretation.

- (1) In interpretation and applications, the provisions of this Chapter shall be held to be the minimum requirements.
- (2) Where the conditions imposed by any provision of this Chapter upon the use of land are either more restrictive or less restrictive than comparable conditions imposed by any other provisions of this ordinance or of any other law, ordinance, resolution, rule or regulation of any kind, the regulations which are more restrictive or which impose higher standards or requirements shall govern.
- (3) This Chapter shall not abrogate any easement, covenant or any other private agreement, provided that where the regulations of this ordinance are more restrictive or impose higher standards or requirements than such easements, covenants or other private agreements than this Chapter shall govern. (Ord. 1977-18, 10-19-1977)

#### 7-19-4. Severability.

If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof. (Ord. 1977-18, 10-19-1977)

#### 7-19-5. Rules or interpretation.

- (1) Words used in the present tense shall include the future; and words used in the singular shall include the plural number, and the plural the singular.
  - (2) "Shall" is mandatory and not discretionary.
  - (3) "May" is permissive.
- (4) "Lot" shall include the words "plot, piece, and parcel" when referencing a parcel of land within a subdivision.
- (5) "Used for" shall include the phrases "arranged for, designated for, intended for, maintained for and occupied for".
- (6) For purposes of this Chapter, "remnant" shall mean a parcel of land that does not comply with the regulations of the applicable zoning district.

(Ord. 2013-16, 11-06-2013) (Ord. 1977-18, 10-19-1977)

#### 7-19-6. Property line adjustments.

- (1) Staff Authority. The Zoning Administrator or designee shall have the authority to approve or deny a property line adjustment in accordance with the regulations outlined in this Section. Alternatively, the Zoning Administrator may direct that the application follow the standard procedures for subdivision approval, as provided elsewhere in this Chapter. The applicant may appeal the decision of the Zoning Administrator to deny a property line adjustment, as outlined in Chapter 1-27 of the Tooele City Code.
- (2) Property Line Adjustments. Applications to adjust property lines between adjacent properties:
- (a) where one or more of the affected properties is included within a prior recorded subdivision plat, may only be accomplished upon the recordation of an amended plat that conforms to the standards outlined in this Section and following approval of an amended plat according to the standard plat approval process outlined elsewhere within this Chapter; or,
- (b) where all of the affected properties are parcels of record, may be accomplished upon approval, execution, and recordation of appropriate deeds describing the resulting properties, upon compliance with the standards outlined in this Section, and following approval according to the terms of this Section prior to recordation.
- (3) Standards. Owners of adjacent properties desiring to adjust common property lines between those properties shall comply with the following standards:
- (a) no new lot, parcel, or property results from the property line adjustment;
- (b) the adjoining property owners consent to the property line adjustment;
- (c) the property line adjustment does not result in remnant land that did not previously exist;
- (d) the property line adjustment does not result in a land-locked property and all properties affected by the adjustment have access to a public or private street or right-of-way;
- (e) the adjustment does not result in, create, or perpetuate any violation of applicable dimensional zoning requirements for any parcel involved in the adjustment; and.
- (f) the adjustment does not adversely affect any easement or right-of-way on, through, within, or adjacent to the properties involved in the adjustment.
- (4) Application. The owners shall file an application requesting a property line adjustment together with all required documents.
- (a) Application procedures and required documents for property line adjustments involving one or more subdivision lots shall be as outlined elsewhere in this Chapter for plat approval.
- (b) An application for a property line adjustment involving parcels of record shall include at

least the following forms and documentation:

- (i) a completed application form for a property line adjustment;
- (ii) a copy of all deeds and recorded documents establishing each parcel of record in its current state including property descriptions for each parcel;
- (iii) a scaled drawing showing the current state of all parcels involved in the proposed property line adjustment graphically with their respective property descriptions;
- (iv) a proposed and recordable deed document, including a legal description, for each parcel involved in the proposed property line adjustment detailing the proposed layout for the parcel, including its proposed property description, which has been signed by all involved property owners, and notarized; and,
- (v) a scaled drawing showing the proposed layout of all parcels involved in the proposed property line adjustment graphically with their respective property legal descriptions.
- (5) Zoning Administrator Review for Property Line Adjustments Involving Only Parcels of Record. The Zoning Administrator shall review all documents to determine if they are complete, accurate, and that they comply with the requirements set forth in this Section. If the Zoning Administrator determines that the documents are complete and the proposed property line adjustment complies with the standards set forth in this Section, the Zoning Administrator shall approve the property line adjustment. If the Zoning Administrator determines that the documents are not complete or the proposed property line adjustment does not comply with all of the standards set forth in this Section, the Zoning Administrator shall not approve the property line adjustment.
- (6) Notice of Approval and Conveyance of Title. After approval by the Zoning Administrator, the applicant shall:
- (a) record the appropriate deeds which convey title as approved by the Zoning Administrator; and,
- (b) record a Notice of Approval with the deed for each parcel within the property line adjustment application that:
- (i) is prepared, signed, and executed by the Zoning Administrator;
- (ii) contains the notarized signature of each property owner involved in the property line adjusmtent; and,
- (iii) recites the lrgal description and parcel number of both of the original parcels and of the parcels created by the property line adjustment.
- (7) Inclusion of a property in a property line adjustment shall not grant entitlements or vesting of any kind that did not already exist for the property. (Ord. 2015-07, 03-18-2015) (Ord. 2013-16, 11-06-2013)

#### 7-19-6.1. Property combinations.

Property combinations or consolidations may be reviewed and approved in the same manner, by the same standards, and by the same process outlined for property line adjustments in Section 7-19-6 of the Tooele City Code. Property combinations or consolidations shall only be approved for a reduction in the number of properties through inclusion of one or more properties into another property and shall be applied for, reviewed, and approved separately from any other land use application. (Ord. 2013-16, 11-06-2013)

#### 7-19-7. Applicability of this chapter.

The procedures and requirements of this Chapter must be followed:

- (1) By every person creating a subdivision as defined herein.
- (2) By every person who desires to dedicate any street, alley, or other land for public use, even though said dedication is not a subdivision as defined herein, except that a right-of-way may be conveyed by deed of dedication acceptable to the City.

  (Ord. 2010-05, 06-02-2010) (Ord. 1981-24, 06-11-

(Ord. 2010-05, 06-02-2010) (Ord. 1981-24, 06-11-1981)

#### 7-19-8. Procedure for approval of preliminary plan.

- (1) Pre-Development Review. Prior to the submission of any land use application, the applicant may and is strongly encouraged to attend a pre-development meeting to review the proposed land development activity and its use, the site, area of potential conformity or conflict with the City's development policy, and the process by which the proponent may proceed to seek a permit for the proposed land development activity sought by the applicant. The pre-development meeting shall concern all aspects of the application proposal as it relates to applicable ordinances and laws, policy considerations, land uses proposed, neighboring properties and uses, community aesthetics and standards, and any other issue that may affect the approvability of the application or the implementation of the proposal.—Applications to be reviewed during a pre-development meeting shall be scheduled for the next reasonably available meeting according to the Community Development Departments regular meeting schedule.
- (2) Preliminary Plan Preparation. The applicant shall cause to be prepared the preliminary plan which shall include all of the property to be subdivided or developed by the applicant as well as all other property owned or controlled by the applicant which is adjacent to or considered contiguous to the portion to be subdivided or developed. The applicant shall also prepare such other supplementary material as was specified by the City in the pre-development meeting, as well as a written application for approval of the land use proposed. The applicant shall deliver copies of the proposed preliminary plan for review

to the Community Development Department and to the Tooele Post Office, Tooele County School District, the Tooele County Health Department, County Surveyor, and each non-City utility company involved in the subdivision or development.

- (3) Planning Commission Review. Prior to Planning Commission review, the applicant shall deliver copies of the proposed preliminary plan to the Community Development Department that demonstrates a signed review by, and any comments from, the Tooele Post Office, Tooele County School District, County Surveyor, County Recorder, and Health Department.
- (a) The Planning Commission shall approve, approve with conditions, or disapprove the proposed preliminary plan and submit its recommendation to the City Council. An application shall not be approved until receiving all the signatures listed in subsection (2) above.
- (b) If the Planning Commission finds that changes, additions, or corrections are required on the preliminary plan, the Commission shall so advise the applicant on the record in a public meeting or in writing. The applicant may resubmit the preliminary plan to the Commission without paying an additional fee. The Commission shall approve, approve with conditions, or disapprove the revised preliminary plan and submit its recommendations in writing to the City Council.
- (4) City Council Review. The City Council shall accept, accept with conditions, or reject said plan within a reasonable time following the action of the Planning Commission.
- (5) Preliminary Plan Approval. The following qualifications shall govern approval of the preliminary plan:
- (a) Approval of the preliminary plan by the Planning Commission is tentative only, involving merely the general acceptability of the layout as submitted.
- (b) Approval of the preliminary plan shall be effective for a maximum period of one year unless, prior to the one-year period lapsing, the Council grants an extension in a public meeting, not to exceed six months, upon written request of the developer. The request for said extension shall not require an additional fee, or the submittal of additional copies of the preliminary plan of the subdivision. If the final plat is not submitted to the Community Development Department prior to the expiration of said one year period which begins to run from the date that the preliminary plan is approved by the Council, the approval of the said preliminary plan automatically lapses and is void and of no further force or effect. Thereafter, the developer must recommence the application process then in effect.
- (c) Where a preliminary plan contemplates more than one final subdivision plat, the failure of a subdivider to submit a completed final plat application for a second or subsequent subdivision final plat within two years of the previous subdivision final plat approval by the

City Council shall cause the City Council approval for all un-platted portions of the preliminary plan to automatically lapse and expire and become of no further force or effect. Thereafter, the subdivider must recommence the land use application process then in effect.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2005-06, 05-18-2005) (Ord. 1998-35, 10-07-1998) (Ord. 1998-17, 07-01-1998) (Ord. 1977-18, 10-19-1977)

### 7-19-9. Plats and data for approval of preliminary plan.

The following data and plats are required for approval of the preliminary plan:

- (1) Topographic data required as a basis for the preliminary plan, in subsection (B) below, shall include existing conditions as follows, except when otherwise specified by the Planning Commission:
- (a) Boundary line: Bearing and distances of all boundary lines of the subdivision as proposed.
- (b) Easements: The location, width and purpose of all easements of the subdivision.
- (c) Streets on and adjacent to the tract: Name and right-of-way width and location of all streets of the proposed subdivision; type, width and elevation of surfacing; any legally established centerline elevations, walks, curbs, gutters, culverts, etc.
- (d) Utilities on and adjacent to the tract: Location, size of sanitary sewers on or adjacent to the tract; location and size of all water mains on or adjacent to the tract; if water mains and sewers are not on or adjacent to the tract, indicate the direction and distance to, and the size of nearest facilities.
- (e) The preliminary plan of the subdivision shall be accompanied by:
- (i) a preliminary plan for sewer and water lines setting forth the general plans for such improvements and indicating the method to be used to overcome particular problems that may be encountered with the development of the proposed system.
- (ii) an exact copy of a preliminary report of a title insurance company, a title insurance policy or an attorney's opinion brought to date of the application, setting forth the names of all property owners of property included in the subdivision as shown on the preliminary plan, as well as all mortgages, judgments, liens, easements, contracts and other clouds affecting title to said premises. The City may require all persons having an interest in the premises, as disclosed by the report, policy or opinion, to join in and approve of the subdivision application.
- (iii) when a proposed street will intersect a state or county highway or a railroad, written consent of the appropriate authorities having jurisdiction over said highway or railroad shall be submitted.

- (iv) all information required by the FHA when the subdivision will be submitted to that agency for feasibility and approval under a federal program.
- (v) a written statement outlining any existing public improvements which are anticipated to benefit the proposed use or land development activity, and which, pursuant to Section 7-19-13, below, subject the applicant to a reimbursement requirement.
- (vi) an AutoCAD copy of the development plans, including contours, lot layout, roadways, utilities, etc.
- (f) Other conditions on the tract: Water courses, marshes, rock outcropping, wooded areas, isolated preservable trees one foot or more in caliper at one foot above ground level, houses, barns, shacks and other significant features.
- (g) Other conditions on adjacent land: Approximate direction and gradient of ground slope, including any embankments or retaining walls, character and location of buildings, railroads, power lines, towers and other nearby nonresidential land uses or adverse influences and ownership of adjacent unplatted land (for adjacent platted land, refer to the subdivision plats by name, recording data, and show approximate percent of build-up, typical lot size and dwelling type, if any).
- (h) Photographs, if required by the Planning Commission: Camera locations, directions of views and key numbers.
  - (i) Zoning on and adjacent to the tract.
- (j) Proposed public improvements: Highway or other major improvements planned by public authorities for future construction on or near the tract.
  - (k) Key plan showing location of the tract.
- (l) Ground elevations on the tract, based upon the U.S.G.S. Datum Plane. For land that slopes less than 0.5%, show not less than one foot contours; for land that slopes one-half to 2%, show not less than two foot contours; and for land that slopes more than 2%, show not less than four foot contours.
- (2) The preliminary plan shall be to a scale of 100 feet to the inch or if the area of the subdivision is more than 200 acres, 200 feet to the inch. It shall show all existing conditions required in paragraph (A) above, topographic data, and shall show all proposals including the following:
- (a) Streets: Names, right-of-way and road widths, approximate grades and gradients, similar data for alleys, if any.
- (b) Other rights-of-way or easements: location, width and purpose.
- (c) Location of utilities, if not shown on other exhibits.
- (d) Lot lines, lot dimensions, lot numbers and block numbers.
- (e) Sufficient information to show the intent of surface drainage.

- (f) Sites, if any, to be reserved or dedicated for schools, parks, playgrounds or other public uses.
- (g) Sites, if any, for multi-family dwellings, shopping centers, churches, industry or other nonpublic uses exclusive of single family dwellings.
  - (h) Proposed building set-back lines.
- (i) Site data, including number of residential lots, typical lot size, acres in parks, etc.
  - (j) Proposed name of subdivision.
  - (k) Location by section, township and range.
  - (1) Name and address of the developer.
- (m) Name and address of the planner or engineer.
  - (n) Title, scale, north point and date.
- (3) Other preliminary plans: When required by the Planning Commission, the preliminary plan shall be accompanied by profiles showing existing ground surface and proposed street grades, including extensions for a reasonable distance beyond the limits of the proposed subdivision; typical and preliminary plan of proposed sanitary and storm sewers with grades and sizes indicated. All elevations shall be based on the U.S.G.S. Datum Plane
- (4) Draft of protective covenants, whereby the subdivider proposes to regulate land use in the subdivision and otherwise protect the proposed development. (Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2005-06, 05-18-2005) (Ord. 1998-35, 10-07-1998)

### 7-19-10. Procedure for approval of the final plat.

- (1) The final plat shall conform substantially to the preliminary plan as approved, and, if desired by the subdivider, may constitute only that portion of the approved preliminary plan which he proposes to record and develop at the time, provided, however, that such portion conforms to all requirements of these regulations and the approval of the preliminary plan.
- (2) Application for approval of the final plat, including all engineering drawings, shall be submitted in writing to the Community Development Department and shall be accompanied by the fee and engineering review fee as required by the City Code. The application must be completed, including all corrections and required documentation, at least 15 days prior to the regular meeting of the Planning Commission for its review and recommendation.
- (3) The final engineering plans and specifications, consistent with the approved preliminary plan, as well as an AutoCAD copy of the development plans, shall be submitted to the Community Development Department within one year after approval of the preliminary plan and before the approval of the final plat; unless, prior to the one-year period lapsing, the City Council grants an extension, not to exceed six months, upon written request of the developer. Such extension will not require an

additional fee or filing or additional copies of the plat. If the final plat is not submitted to the Community Development Department prior to the expiration of said one-year period, which begins to run from the date that the preliminary plan is first approved by the Council, the approval of the said preliminary plan automatically lapses and is void and is of no further force or effect. Thereafter, the developer must recommence the application process as then in effect. The subdivider shall make all revisions required by the City promptly and with reasonable diligence.

- (4) Within two months after its meeting at which time the application for approval of the final plat is submitted, the Planning Commission shall recommend approval or disapproval. If the Commission recommends approval of the plat, it shall affix upon the plat the certifying signatures of its chairman and members voting in favor of approval, and submit the plat along with its recommendations to the City Council. If it recommends disapproval, the Commission shall set forth the reasons in its own records, which may include the meeting minutes.
  - (5) Filing:
- (a) Prior to consideration of the final plat by the Planning Commission, and the fulfillment of the requirements of these regulations, one mylar of the final plat of the subdivision, not to exceed 36 inches by 48 inches in size, shall be submitted to the Community Development Department at least 15 days before a regular meeting of the Planning Commission.
- (b) Action must be taken by the Council within two months after the meeting at which the final plat and all drawings, maps and other documents regarding the development have been submitted for its approval. The Council may extend the two month period upon a twothirds vote of its members.
- (6) Recordation. Tooele City will record the final plat with the Tooele County Recorder pursuant to Section 7-19-39, below.
- (Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2005-06, 05-18-2005) (Ord. 2004-02, 01-07-04) (Ord. 1998-35, 10-07-1998) (Ord. 1998-16, 07-01-1998) (Ord. 1978-28, 11-21-1978) (Ord. 1977-18, 10-19-1977)

### 7-19-11. Plats and data for final approval.

- (1) The final plat shall be drawn in ink on tracing cloth on sheets not to exceed 36 inches by 48 inches and shall be at a scale of 100 feet to one inch. Where necessary, the plat may be on several sheets accompanied by an index sheet showing the entire subdivision. For large subdivisions, the final plat may be submitted for approval progressively in contiguous sections satisfactory to the Planning Commission. The final plat shall show the following:
- (a) Primary control points, approved by the City Engineer, or descriptions and "ties" to such control

- points, to which all dimensions, angles, bearings and similar data on the plat shall be referred.
- (b) Tract boundary lines, right-of-way lines of streets, easements and other rights-of-way and property lines of residential lots and other sites, with accurate dimensions, bearings and deflection angles and radii, arcs and central angles of all curves.
- (c) Name and right-of-way width of each street or other right-of-way.
- (d) Location, dimensions and purpose of any easements.
- (e) Number to identify each lot or site and block.
- (f) Purpose for which sites, other than residential lots, are dedicated or reserved.
- (g) Proposed building set-back lines on all lots and other sites.
  - (h) Location and description of monuments.
- (i) Certification by a registered land surveyor licensed by the State of Utah certifying to the accuracy of the survey and plat.
- (j) Certification of the County Treasurer showing that all taxes and special assessments due on the property to be subdivided have been paid in full.
- (k) Dedication by the owners of the tract of all streets, easements and rights-of-way to the public, and other proposed public way or space shown on the plat.
- (1) Certification of title showing that the applicant is the owner of the agent of the owner.
- (m) Proper form for the approval of the Council, with space for the signatures of the Council members.
- (n) Approval by signatures of those persons or departments with signature lines on the final plat.
  - (o) Name of the subdivision.
  - (p) Location by section, township and range.
  - (q) Title, scale, north arrow and date.
- (r) Other items or information reasonably required by the City.
- (2) Cross sections and profiles of streets showing grades. The scales and elevations shall be based on the U.S.G.S. Datum Plane.
- (3) Protective covenants in form for recording. (Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2005-06, 05-18-2005) (Ord. 1998-35, 10-07-1998) (Formerly Repealed by Ord. 1993-04, 05-04-1993)

# 7-19-12. Public Improvements; bonds and bond agreements; warranty.

Public improvements shall be completed pursuant to the following procedure:

- (1) After approval of the preliminary plan, the subdivider shall <u>submit present</u>-plans and specifications for all public improvements to the <u>Public Works</u> <u>Department city Engineer</u> for review and approval.
- (a) If <u>engineering submitted</u> plans require substantial changes from the approved preliminary plan, the subdivider shall revise and re-submit the public improvements plans and specifications.
- (b) Re-submissions shall not require the payment of additional fees to the City. The City, however, shall not be responsible for the cost of any revisions or for any costs incurred due to delays caused by requiring the revisions.
- (c) No public improvements may be constructed prior to final plat or other final land use approval.
- (2) Upon approval of the plans and specifications by the City Engineer, the final plat shall be submitted to the City Council for approval, modification, or disapproval.
- (3) All public improvements shall be completed within I one year from the date of final plat approval. The City Council may grant a maximum of two 6-month extensions upon receipt of a written petition and upon a finding of unusual circumstances. Petitions for extension must be filed with the City Recorder prior to expiration of the applicable 1-year period or 6-month extension. If the public improvements are not completed with the time allowed under this Section, no further approvals of any land use application shall be issued to the subdivider responsible for completing the public improvements, and no further plats or phases shall be approved within the preliminary plan or project area in which the public improvements are incomplete.
- (4) (a) Except as provided below, all public improvements associated with a subdivision final plat must be completed, inspected, and accepted pursuant to Section 7-19-325, below, prior to the recordation of that plat.
- (b) A subdivision final plat may be recorded prior to the completion, inspection, and acceptance of the plat's public improvements where the subdivider submits a bond and executes a bond agreement compliant with this Section. The purpose of the bond and bond agreement is to insure completion of all public improvements required to be installed in the subdivision and to warrant the quality of their construction.
- (c) Where public improvements are constructed without a bond and bond agreement, under no circumstances shall such public improvements be connected to the City's water distribution, sewer collection, storm drain collection, and road right-of-way systems prior to recordation of the associated final

- subdivision plat or without bonding for the public improvements located within City rights-of-way pursuant to this Section.
- (5) Bond agreements shall be in the form and contain the provisions approved by the City Attorney. The agreement shall be signed by the Mayor and, the City Attorney, and the City Engineer. The agreement shall include, without limitation, the following:
- (a) Incorporation by reference of the final plat, final plat documents, public improvements plans and specifications, and all data required by this Chapter which is used by the City Engineer to estimate the cost of the specific public improvements.
- (b) Incorporation by exhibit of the City Engineer's <u>approved</u> estimate of the cost of the <u>specific</u> public improvements.
- (c) Completion of the public improvements within the period of time described in subsection (3), above.
- (d) Completion of the public improvements in accordance with the land use approval, City standards and specifications, and the approved engineering plans and specifications associated with the land use application to the satisfaction of City inspectors and according to City standards, as established by the Tooele City Code and City policies.
- (e) Establishment of the bond amount. The bond amount shall include the following:
- (i) the subdivider's estimated cost of the public improvements to be installed, as reviewed and approved by the City Engineer or designee; and,
- (ii) a reasonable contingency of 20% of the estimated cost, intended to cover the costs of inflation and unforeseen conditions or other circumstances.
- (f) The City shall have exclusive control over the bond proceeds, which may be released to the subdivider only upon written approval of the City Attorney.
- (g) The bond proceeds may be reduced upon written request of the subdivider as the improvements are installed and upon approval by City inspectors on a City inspection report form. The amount of the reduction shall be determined by reference to the City Engineer's estimate attached to the bond agreement, with assistance from the City Engineer, as necessary. Such requests may be made only once every 30 days. All reductions shall be by the written authorization of the City Attorney.
- (h) Bond proceeds may be reduced by no more than 90% of the total bond amount, the remaining 10% being retained to guarantee the warranty and maintenance of the improvements as provided in Sections 7-19-12(7) and 7-19-325, herein. Any bond amount reduction shall not be deemed as an indication of public improvement completion or acceptance.
- (i) If the bond proceeds are inadequate to pay the cost of the completion of the public improvements

according to City standards for whatever reason, including previous bond reductions, then the subdivider shall be responsible for the deficiency. Until the public improvements are completed or, with City Council approval, a new bond and bond agreement have been executed to insure completion of the remaining improvements:

- (i) no further plats shall be approved within the preliminary plan or project area in which the improvements are to be located; and,
- (ii) no further building permits shall be issued in the subdivision.
- (j) If, after expiration of the bond agreement time period, the bond proceeds are not transferred to the City within 30 days of the City's written demand, then the City's costs of obtaining the proceeds, including the City Attorney's Office costs and any outside attorney's fees and costs, shall be deducted from the bond proceeds.
- (k) The subdivider agrees to indemnify and hold the City harmless from any and all liability and defense costs which may arise as a result of those public improvements which are installed until such time as the City accepts the public improvements as provided in this Chapter.
- (6) Bond agreements shall be one of the following types:
- (a) An irrevocable letter of credit with a financial institution federally or state insured, upon a current standard letter of credit form, or including all information contained in the current standard letter of credit form.
- (b) A cashier's check or a money market certificate made payable only to Tooele City Corporation.
- (c) A guaranteed escrow account from a federally or state insured financial institution, containing an institution guarantee.
  - (7) Warranty.
- (a) The Ssubdivider shall warrant and be responsible for the maintenance of all improvements for one year following their acceptance by Resolution of the City Council, and shall guarantee such warranty and maintenance in the above-described bond agreements. The City may extend the warranty period upon a determination of good cause that the one-year period is inadequate to protect the public health and safety.
- (b) The one-year warranty period shall commence on the date of a Certificate of Completion and Acceptance signed by the following:
- (i) City Council Chair or designated City Council member;
  - (ii) Mayor;
  - (iii) Director of Public Works or designee;
- (iv) Director of Community Development or designee; and,
- (v) City inspector responsible for inspecting the relevant public improvements.

- (c) A Certificate of Completion and Acceptance shall not be deemed an acceptance of defects in materials or workmanship that are determined to exist in the public improvements before the end of the one-year warranty period.
- (d) The one-year warranty period will be considered successfully concluded only upon the occurrence of the following:
- by a City inspector indicating that the public improvements are free of defects in materials and workmanship; and,
- (ii) the signature of the Public Works
  Director on an End-of-Warranty Certificate.
- (8) Two or more final subdivision plats may be approved and developed simultaneously where all public improvements associated with the plats are bonded for as if they were one plat.
- (9) The subdivider's bond in no way excuses or replaces the obligation to complete public improvement construction, as required in this Section. Nothing in this Section shall require the City to liquidate bonds, spend bond proceeds, or complete public improvements. Any undertaking on the part of the City to liquidate a bond, spend bond proceeds, or complete public improvements shall not relieve the subdivider of the consequences of non-completion of public improvements.
- (Ord. 2015-07, 03-18-2015) (Ord. 2014-10, 01-07-2015) (Ord. 2013-10, 06-05-2013) (Ord. 2010-05, 06-02-2010) (Ord. 2004-02, 01-07-2004) (Ord. 2000-24, 12-06-2000) (Ord. 1998-21, 07-01-1998) (Ord. 1996-26, 12-04-1996) (Ord. 1977-18, 10-19-1977)

### 7-19-13. Applications for Reimbursement.

- (1) Definitions. All words and phrases in this Section beginning in capital letters shall have the meanings given them in Tooele City Code Section 7-1-5.
- (2) Application for Reimbursement. Developers required to install Eligible Public Improvements may be entitled to reimbursement pursuant to this Section, provided that:
- (a) the Construction Costs of the Eligible Public Improvements required by the City as a condition of development approval exceeds the Construction Cost of the City's required minimum standards and specifications for the Eligible Public Improvements by 10% or more; and,
  - (b) the Cost Differential exceeds \$5,000; and
- (c) the Eligible Public Improvements are constructed within the Tooele City Corporate Limit; and
- (d) the Subsequent Developer's development receives City approval within eight years from the date of City approval of the development for which the Eligible Public Improvements were required; and,
- (e) the Prior Developer files an Application for Reimbursement in the office of the Director of Public

Works or City Engineer.

- (3) Application for Reimbursement.
- (a) Developers satisfying the above criteria may apply for reimbursement for recovery of a pro-rata share of the Cost Differential, minus the Depreciation Value, from a Subsequent Developer to the extent that the Subsequent Developer did not share in the Construction Cost of the Eligible Public Improvements.
- (b) Notwithstanding other provisions of this Section to the contrary, subdivisions of ten lots or less, or single-lot developments, that are required by the City to fully improve a road right-of-way (i.e. road base, road surface, curb, gutter) are eligible to apply for and receive reimbursement for the Construction Cost of that portion of the road improvements that directly benefit subsequent development located adjacent to the road improvements, minus the Depreciation Value.
- (4) The Application for Reimbursement shall be made on a form approved by the City Attorney, and shall include the following information:
- (a) a brief description of the Eligible Public Improvements which may directly benefit future development; and,
- (b) an engineer's written estimate of the Construction Cost of the Eligible Public Improvements, or an affidavit of the actual Construction Cost of the Eligible Public Improvements plus copies of receipts and paid invoices. Both the estimated and /or actual Construction Cost must be approved by the Director of Public Works or City Engineer.
- (5) An Application for Reimbursement is not retroactive and may not seek reimbursement for uses or land development activities which exist as of, or have been approved by the City Council prior to, the effective date of the Application for Reimbursement.
- (6) After an Application for Reimbursement is filed, the Prior Developer shall be under an affirmative duty to deliver to the City written notice of the identity of any development which the Prior Developer has knowledge or reason to believe will benefit from Public Improvements installed by the Prior Developer, and whether and to what extent the Subsequent Developer should share in the Cost Differential. The notice must be delivered to the Public Works Director or City Engineer prior to the benefitting development's final subdivision plat approval or, in the case of a site plan, prior to the issuance of a building permit.
- (7) When the Prior Developer has complied with the provisions of this Section, the City will make a reasonable effort to collect the Subsequent Developer's pro-rata share of the Cost Differential, minus the Depreciation Value, on behalf of the Prior Developer.
- (8) Before making any payments to the Prior Developer pursuant to this Section, the City shall retain from amounts collected from a Subsequent Developer an administrative fee in the amount of 10% of said amounts

- collected, with a minimum administrative fee of \$100.
- (9) Before making any payments to the Prior Developer pursuant to this Section, the City shall make a determination whether the Prior Developer has any outstanding financial obligations towards, or debts owing to, the City. Any such obligations or debts, adequately documented, shall be satisfied prior to making payment to the Prior Developer, and may be satisfied utilizing amounts collected by the City on behalf of the Prior Developer pursuant to a Reimbursement Application.
- (10) The City reserves the right to refuse any incomplete Application for Reimbursement. All completed Applications for Reimbursement shall be made on the basis that the Prior Developer releases and waives any claims against the City in connection with establishing and enforcing reimbursement procedures and collections.
- (11) The City shall not be responsible for locating any beneficiary, survivor, assign, or other successor in interest entitled to reimbursement. Any collected funds unclaimed after one year from the expiration of the Application for Reimbursement shall be returned to the Subsequent Developer from which the funds were collected minus the City administration fee. Any funds undeliverable to a Prior Developer, or to a Subsequent Developer from which the funds were collected, whichever the case, shall be credited to the City enterprise fund corresponding to the Eligible Public Improvements for which the funds were collected, as determined by the Finance Director.
- (12) Political subdivisions of the state of Utah (e.g. Tooele City Corporation) that construct Eligible Public Improvements shall be considered Prior Developers for purposes of this title, and may file Reimbursement Applications and receive reimbursement under the provisions of this Chapter.
- (13) Public Improvements required as a condition of annexation are not eligible for reimbursement pursuant to this Section.
- (14) All City development approvals, including, but not limited to, subdivisions and site plans, shall be conditioned upon and subject to the payment of appropriate reimbursement amounts as determined in accordance with this Section.
- (15) A Subsequent Developer may protest in writing the assertion of a Prior Developer that the Subsequent Developer will benefit from Eligible Public Improvements constructed by the Prior Developer. Protests should be delivered to the Public Works Director or City Engineer, and must include documentation sufficient to demonstrate that the Subsequent Developer's development will derive no benefit, or a lesser benefit than asserted, from the Prior Developer's Eligible Public Improvements. The Public Works Director or City Engineer will decide the matter, whose decision shall be final.

(Ord. 2015-07, 03-18-2015) (Ord. 2005-06, 05-18-2005) (Ord. 1999-35, 12-01-1999) (Ord. 1998-35, 10-07-1998) (Ord. 1997-13, 04-02-1997)

#### 7-19-14. Failure to act, effect.

Should the Planning Commission or the City Council fail to act upon any submitted applications, preliminary plan or final plat, within the time period allotted by this Chapter, said failure shall be considered a denial of the said submission.

(Ord. 2010-05, 06-02-2010) (Ord. 1977-18, 10-19-1977)

#### 7-19-15. Phased development.

- (1) When the public improvements have been 100% completed within the subdivision final plat, an additional subdivision final plat within the same preliminary plan or project area may be requested, and the subdivider may request the approval of an additional preliminary plan.
- (2) Each subdivision final plat in a preliminary plan shall be considered a phase of the preliminary plan and shall be developed in a logical and orderly manner. All phases shall be contiguous, so that all public improvements shall be contiguous and continuous from their point of beginning in the development throughout the balance of the development.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 1998-33-B, 10-07-1998) (Ord. 1977-18, 10-19-1977)

#### 7-19-16. Design standards.

The subdivision of land, including the arrangements, character, extent, width, grade and location of all highways, streets, alleys, crosswalks, easements, sites for parks, playgrounds and schools, or other land to be dedicated to the public or for public use shall conform to the terms of the Tooele City Code, land use policies, and master plans of the City.

(Ord. 2015-07, 03-18-2015) (Ord. 1977-18, 10-19-1977)

### 7-19-17. Streets.

The arrangement of streets in a new development shall provide for the continuation of existing streets in adjoining areas at the same or greater widths, unless altered by the Planning Commission and City Council upon the positive recommendation of the Director of the Community Development and Public Works Department. All streets shall comply with the provisions of Title 4 Chapter 8 of the Tooele City Code and the current Tooele City Transportation Master Plan, including the Tooele City Transportation Right-of-Way Master Plan. An exception to the general rule for road cross sections or right-of-way improvements required by Title 4 Chapter 8 of the Tooele City Code may be granted by the City

Council for major collector or arterial class roads adjacent to the proposed subdivision. Roads interior to a subdivision or between phases of a subdivision may not be excepted. Exception requests must be submitted in writing to the City Recorder and to the Community Development and Public Works Department Director prior to final subdivision plat approval and at least 15 days prior to the date upon which the City Council will consider the request. In reviewing an exception request, the City Council shall consider and approve or deny the request following a written recommendation from the Community Development and Public Works Department Director based on the following factors:

- (1) the overall safety of the area for transit, vehicular, bicycle, and pedestrian traffic including crossings of the road or right-of-way;
- (2) existing transit, vehicular, bicycle, and pedestrian traffic in the area;
- (3) anticipated transit, vehicular, bicycle, and pedestrian traffic impacts from the proposed subdivision on the existing traffic loads of the area;
- (4) the ability for existing right-of-way improvements to accommodate anticipated transit, vehicular, bicycle, and pedestrian traffic loads;
- (5) the degree to which the exception would prevent completion or connection to other right-of-way improvements in the area;
  - (6) existing right-of-way improvements in the area;
- (7) the degree to which the right-of-way leading to and from the area requested for exception has been developed and completed;
- (8) the mechanisms, proposals submitted, and timing by which the excepted improvements will be completed in the future;
- (9) the degree to which the entirety of the right-ofway has been dedicated and improved outside of the area requested for an exception;
- (10) land uses in the area, including but not limited to schools, recreational opportunities, and public facilities, that may have the potential to affect the existing improvements' ability to accommodate all anticipated transit, vehicular, bicycle, and pedestrian traffic loads;
- (11) phasing and a phasing schedule for the proposed subdivision;
- (12) any development agreement with terms affecting right-of-way improvements duly executed by the Mayor for the exception-requesting subdivision or other developments in the area; and
- (13) documented history of vehicle-vehicle, vehicle-bicycle, and vehicle-pedestrian conflicts and accidents. (Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2008-13, 11-05-08) (Am.\_Ord. 1998-32, 10-07-1998) (Ord. 1998-25, 08-05-1998) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

7-19-17.1. Double-frontage lots - definitions -

### design - maintenance.

- (1) Definitions. For purposes of this Section, the following terms shall be defined as follows.
- (a) Double-frontage lot: a residential lot that abuts more than one public right-of-way or private road on opposite sides of the lot. "Double-frontage lot" includes corner lots adjacent to other double-frontage lots. "Double-frontage lot" does not include lots whose secondary frontages are on roads that are designated as alleys that do not require sidewalk access and that serve primarily as private access to the rear of lots.
- (b) Primary frontage: the portion of a residential lot abutting a public right-of-way or private road that contains the main pedestrian entry to a residence.
- (c) Secondary frontage: the portion of a residential lot abutting a public right-of-way or private street that is not the principle frontage.
- (2) Design Standards. The secondary frontage of any double-frontage lot shall include the following design elements located within the public right-of-way or private street.
- (a) Park strip. The park strip located between the curb and the sidewalk shall be of colored, texturestamped concrete, which shall differ in color and texture from the adjacent sidewalk.
- (i) The concrete color shall be of earthtones, to include tan, light brown, beige, and similar colors, but shall not include yellow, pink, blue, green, and similar bright colors.
- (ii) The concrete texture shall simulate cobblestone, variegated slate squares and rectangles, brick, or similar pattern.
- (iii) The park strip thickness shall be a minimum of five and one-half inches.
- (iv) The park strip shall contain a decorative metal grate around each park strip tree. The grate shall be chosen from a list of City-approved grate types, the list being on file with the Public Works Department.
- (b) Park strip trees. Trees shall be planted in the park strip as follows.
- (i) Park strip trees shall be chosen from a list of City-approved trees, the list being on file with the Public Works Department.
- (ii) Park strip trees shall be spaced not more than 35 feet apart.
- (iii) Park strip tree size, bonding, and other details not address in this Section shall be as provided in Tooele City Code Section 7-19-29, as amended.
- (iv) The park strip shall include an irrigation system for park strip tree irrigation. The underground piping shall be placed within conduit located beneath the park strip. The irrigation system shall include meters, meter vaults, power, valve boxes, irrigation heads, and other necessary components to provide a fully functioning irrigation system.

- (c) Sidewalk. Sidewalk shall be as required by Tooele City Code and Policy.
- (d) Fencing wall. The secondary frontage shall be fenced and screened with a masonry wall possessing the following design elements.
- (i) The wall shall be six feet in height except as required under Tooele City Code Section 7-2-11 Clear vision area at intersecting streets.
- (ii) The wall materials shall be masonry block or prefabricated decorative masonry panels chosen from a list of City-approved wall material types, the list being on file with the Public Works Department. The wall shall be uniform within each subdivision phase.
- (iii) The wall shall include capped pillars spaced at even intervals, not to exceed 20 feet. The pillar materials shall be similar to those comprising the wall.
- (iv) No portion of the wall shall contain cinderblock, smooth-faced block, or cast-in-place concrete.
- (v) All fencing walls shall receive a Cityapproved anti-graffiti seal coat upon their construction and prior to acceptance by the City.
- (e) Gates. Gates in the fencing wall or otherwise accessing the secondary frontage shall not be allowed.
- (f) Special Service District Standards. Where a double-frontage lot is included in an existing special service district that imposes its own design standards for double frontage lots, the district design standards shall apply.
- (g) The final determination of whether an application complies with the design standards of this Section shall be made by the City Planner. Such determinations are not subject to appeal.
- (3) Bonding. Park strips, park strip trees, park strip irrigation systems, and fencing walls discussed in this Section shall be included in the definition of public improvements. As such, they shall be bonded for in the manner provided in Tooele City Code Section 7-19-12, as amended, except that park strip trees shall be bonded for in the manner provided in Tooele City Code Section 7-19-29, as amended.
- (4) Maintenance. Because of the added burdens upon the City caused by double-frontage lots, and because residents are disinclined to maintain the secondary frontage, the portions of the public right-of-way located behind the curb and gutter and abutting the secondary frontage shall be maintained as follows.
- (a) Home Owners Association. As a condition of City Council final subdivision plat approval, every subdivision with double-frontage lots shall be required to form and fund a home owners association (HOA). At a minimum, the HOA shall maintain and perform at its cost, for the life of the HOA, the following items: park strip, park strip trees and grates, park strip irrigation system, park strip water bill, fencing wall, sidewalk, and sidewalk

snow removal. The HOA articles shall provide for a minimum HOA existence of 30 years.

- (b) Covenants, Conditions, and Restrictions. As a condition of City Council final subdivision plat approval, every subdivision with double-frontage lots shall be required to record against all lots within the subdivision covenants, conditions, and restriction (CCRs). A copy of the recorded CCRs will be provided to the City. At a minimum, the CCRs shall provide for the perpetual maintenance and maintenance funding of the following items: park strip, park strip trees and grates, park strip irrigation system, park strip water bill, fencing wall, sidewalk, and sidewalk snow removal.
- (c) If the HOA fails to enforce the CCRs pertaining to maintenance and maintenance funding for a period of three months or more, the City may bring an action in court to compel the HOA to fund and perform its maintenance obligations.
- (d) Special Service District Maintenance. Where a double-frontage lot is included in an existing special service district that maintains some or all of the public improvements adjacent to a secondary frontage, the portions of the public right-of-way located behind the curb and gutter and abutting the secondary frontage shall be maintained in perpetuity by the district.

(Ord. 2015-07, 03-18-2015) (Ord. 2008-04, 11-05-2008)

#### 7-19-18. Easements.

- (1) Easements across lots or centered on rear or side lot lines shall be provided for utilities where necessary and shall be at least ten feet wide.
- (2) Easements shall be designed to provide continuity from block to block.
- (3) Where subdivisions and/or parcels abut a watercourse, drainage way, channel or stream, storm water easements or drainage rights-of-way conforming substantially with the line of such watercourse shall be provided.

(Ord. 2015-07, 03-18-2015) (Ord. 1977-18, 10-19-1977)

#### 7-19-19. Blocks.

Subdividers shall adhere to the provisions of Title 4 Chapter 8 of the Tooele City Code regarding blocks. (Ord. 2015-07, 03-18-2015) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

#### 7-19-20. Lots.

- (1) The lot size, width, depth, shape and orientation shall be appropriate for the location of the subdivision and for the type of development and use contemplated.
- (2) The lot dimensions and areas shall conform to the requirements of the zoning ordinance.
- (3) Lots abutting a watercourse, drainage way, channel or stream shall have a minimum width or depth

- as required to provide an adequate building site and to afford the minimum usable area required by ordinance for front, side and rear yards.
- (4) All corner lots shall be sufficiently larger than others so as to allow for building set-back lines on both streets as provided in Section 7-6-6 of the Tooele City Code.
- (5) All lots shall abut on an adequate public or private access, as approved by the City Engineer, Public Works Department, or Community Development Director.
- (6) Double frontage and reverse frontage lots shall be avoided except where essential to provide separation or residential development from highways or primary thoroughfares or to overcome specific disadvantages of topography and orientation. A planting screen easement of at least ten feet, and across which there shall be no right of vehicular access, which easement shall be specifically set forth in the deed to each lot, shall be provided along the real lot lines of lots abutting such highways and major thoroughfares.
- (7) Side lot lines shall be substantially at right angles or radial to street lines. (Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2003-05, 06-04-2003) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

### 7-19-20.1. Flag Lots.

- (1) Flag or L-shaped lots (hereinafter "flag lots") may be allowed in certain locations to accommodate the development of property that otherwise could not reasonably be developed under the regulations contained in this Title or other ordinances adopted by the City. The primary purpose of this Chapter is not to make development of property easier. Rather, it is to serve as a "last resort" for property for which there is no other reasonable way to develop.
- (2) Flag or L-shaped lots will only be considered as a last resort for infill development. Except for in-fill subdivisions, and except as provided in the Sensitive Area Overlay Zone (Tooele City Code Chapter 7-12) creation of flag lots shall not be considered for new subdivisions.
- (3) Flag Lots. In order to encourage the more efficient use of land, flag lots are allowed subject to the following conditions:
- (a) A flag lot shall be comprised of a staff portion contiguous with the flag portion thereof (hereinafter the "staff" and "flag", respectively).
- (b) The staff shall intersect with and be contiguous to a dedicated public street. The minimum width of the staff portion of flag lots shall be 24 feet and the maximum length shall be 220 feet, unless otherwise approved by the Planning Commission and fire department upon a showing of unusual circumstances.
- (c) The staff shall be improved with concrete or asphalt surface.

- (d) No structure, except for driveways and no parking, shall be allowed to obstruct or narrow the staff, and the staff shall be marked with a "No Parking" sign.
- (e) The front side of the flag shall be deemed to be that side nearest to the dedicated public street upon which the staff portion intersects.
- (f) The staff shall be deemed to end and the flag shall be deemed to commence at the extension of the front lot line across the staff.
- (g) The flag square footage shall be the same or greater than the minimum square footage as required in the underlying zone, exclusive of the staff.
- (h) The minimum front setback for all building shall be 30 feet, excluding the staff, from the front lot line of the flag. All other setbacks shall be those of the underlying zone.
- (i) No more than two flag lots may be served by one staff.
- (j) Figure 1 is an example of a "flag lot" and is included herein for illustration purposes.

Figure 1

- (k) A fire hydrant shall be installed at the public ROW portion of the staff, unless otherwise approved by the Fire Department.
- (I) A turn-around must be provided at the flag portion of the lot. Hammerheads or Y's are acceptable with a minimum width of 12 feet, without parking within 30 feet of the staff. The turning radius on any hammerhead or Y shall not be less than 28 feet. Figure 2 is included to illustrate the hammerhead or Y requirements.

Figure 2

(m) All provisions of the currently applicable fire code shall be met, particularly those regarding the distance a primary structure can be located from a fire hydrant, and fire apparatus access ways and turnarounds. (Ord. 2015-07, 03-18-2015) (Ord. 2009-07, 04-01-2009)

### 7-19-21. Required land improvements.

No subdivision of land shall be approved by the Planning Commission unless:

- (1) the public improvements described in the subdivider's plans and specifications, together with agreements, meet the minimum requirements of all engineering ordinances and specifications of the City, and
- (2) the subdivider's project engineer so certifies in a signed statement.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 1998-33-B, 10-07-1998) (Ord. 1977-18, 10-19-1977)

### 7-19-22. Street signs.

The placement and installation of all street signs shall be governed by Title 4 Chapter 8 of the Tooele City Code. The cost of all such signs and their installation shall be borne by the subdivider.

(Ord. 2015-07, 03-18-2015) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

#### 7-19-23. Monuments and markers.

Monuments shall be placed at all corners and angle

points of the outside boundary but not farther than onequarter mile apart. The monuments shall be of concrete, not copper dowel, three inches long cast in place. Iron pipe or steel bars not less than one-half inch in diameter and 24 inches long shall be set at the intersection of street center lines and at all corners of lots not marked by monuments. The monuments and markers shall be set level with the finished grade.

(Ord. 2015-07, 03-18-2015) (Ord. 1977-18, 10-19-1977)

#### 7-19-24. Public utilities.

All utility lines for telephone, electricity, cable television, natural gas service and street lights shall be place underground entirely throughout a subdivided area. Said lines shall be placed within the other underground services. Further, all transformer boxes and pumping facilities shall be located so as not to be hazardous to the public. The utility lines shall be parallel to and not less than 12 inches from the property lines.

(Ord. 2015-07, 03-18-2015) (Ord. 1977-18, 10-19-1977)

#### 7-19-25. Sidewalks required - Specifications.

The provisions of Chapters 4-8 and 4-11 of the Tooele City Code shall apply to sidewalks in all subdivisions.

(Ord. 2015-07, 03-18-2015) (Ord. 2006-05, 01-18-2006) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

### 7-19-26. Park Strip Landscaping in Commercial and Industrial Subdivisions.

- (1) All park strip areas in commercial and industrial subdivisions, with the exception of paved drive approaches and sidewalks as approved in the site plan, shall be seeded or sodded with lawn grasses and perpetually maintained by the owner of the appurtenant property. The commercial or industrial subdivision developer shall prepare park strip areas to receive seed or sod.
- (2) (a) The commercial or industrial subdivision developer shall be responsible for the cost of purchasing and planting trees on both sides of all proposed subdivision streets within all park strip areas, except where there are existing trees acceptable to the Director of Parks and Recreation. Newly planted trees shall not be farther apart than 35 feet. Trees planted in park strip areas shall be of a type listed in Section 4-11-22 of the Tooele City Code. Newly planted trees shall not be less than two inches in caliper, measured one foot from the ground, and shall not be shorter than eight feet in height. Trees shall be planted during a season of the year when it reasonably can be expected that they will survive. In no case shall trees be planted sooner than seven days prior to the

issuance of an occupancy permit for any structure on the property appurtenant to the park strip.

- (b) Commercial or industrial subdivision developers shall do one of the following to ensure compliance with the park strip tree requirement:
- (i) post a bond in accordance with the provisions of Section 7-19-12 of the Tooele City Code, in the amount of \$200 per required park strip tree; or
- (ii) make a non-refundable payment to Tooele City in the amount of \$200 per required tree, which shall be used by the Director of Parks and Recreation to plant trees within the park strips of the subdivision.
- (3) Protective screen planting may be required to secure a reasonably effective physical barrier between residential properties and adjoining uses which minimizes adverse visual, auditory, and other conditions. The screen planting plan shall be approved by the Planning Commission and the City Council upon the recommendation of the Community Development and Parks and Recreation Departments.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-10) (Ord. 2005-03, 02-02-05) (Ord. 2000-10, 06-21-2000) (Ord. 1998-26, 08-05-1998) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

#### 7-19-27. Sanitary sewers.

Sanitary sewers and service laterals shall be installed to serve all properties and lots in the subdivision, including properties reserved for public use or purchase. The provisions of Title 8 Chapter 2 of the Tooele City Code, shall apply to the installation design and construction of all sanitary sewers and service laterals in subdivisions.

(Ord. 2015-07, 03-18-2015) (Ord. 1987-24, 01-02-1988) (Ord. 1977-18, 10-19-1977)

### 7-19-28. Engineering specifications.

The owner or subdivider shall install sanitary sewers, water supply system, right-of-way improvements, crosswalks, public utilities and street lighting in accordance with applicable ordinances, standards, and specifications for construction in the City.

(Ord. 2015-07, 03-18-2015) (Ord. 1977-18, 10-19-1977)

### 7-19-29. Water service.

- (1) The provisions of Title 9 Chapter 4 of the Tooele City Code, shall apply regarding all pipes, service laterals and appurtenances provided in a subdivision.
- (2) All lots and properties including property reserved for public use or purchase shall be supplied with water service sufficient to meet the future anticipated uses of said property.

(Ord. 2015-07, 03-18-2015) (Ord. 1987-24, 01-01-

#### 7-19-30. Trench backfill.

All trench work shall conform to the provisions of Title 4 Chapter 9 of the Tooele City Code. (Ord. 2015-07, 03-18-2015) (Ord. 1987-24, 01-02-1988) (Ord. 1977-19, 10-19-1977)

### 7-19-31. Filing of engineering plans and review fee.

- (1) One complete set of engineering plans and specifications, as well as an AutoCAD copy, for required land improvements together with an estimate of the cost of the improvements, said plans and specifications to bear the seal of a Utah registered professional engineer along with a signed statement to the effect that such plans and specifications have been prepared in compliance with this Chapter and pursuant to good engineering practices shall be submitted to the Community Development Department prior to the approval of the final plat by the Planning Commission. Said plans shall be drawn to a minimum horizontal scale of five feet to the inch. Plans shall show profiles of all utility and street improvements with elevations referring to the U.S.G.S. Datum.
- (2) A plan review fee, based upon the following percentages of total land improvements costs, as estimated by the design engineer and approved by the City Engineer, shall be submitted with the plans and specifications required above:
- (a) 1.5% of the construction cost of the improvements when such cost is \$50,000 or less.
- (b) 1% of the construction cost of the improvements when such cost is over \$50,000 but less than \$250,000.
- (c) 0.75% of the construction cost of the improvements when such cost is over \$250,000. (Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 1977-18, 10-19-1977)

### 7-19-32. Acceptance of required land public improvements by the city.

- (1) Public improvements shall be deemed completed and accepted only upon the occurrence of all of the following:
- \_\_\_\_\_(<u>4a</u>)-\_\_\_\_the completion of the construction of all required —public improvements, in <u>accordance</u> conformance—with <u>the land use approval</u>, City standards <u>and specifications</u>, and the approved engineering plans and specifications <u>associated with the land use application</u>;
- \_\_\_\_(2b)-\_\_\_\_the submission to the City Engineer or Public Works Director by the design engineer engaged by the subdivider, builder, or land developer of three certified sets of as-built plans, as well as an AutoCAD copy of such as-built plansplants;
- \_\_\_\_(3c)-\_\_\_ a start-of-warranty inspection by a City inspector indicating that the public improvements

- verification by the City Engineer or Public Works Director that all public improvements have been satisfactorily completed in accordance with the land use approval, City standards and specifications, and the approved engineering plans and specifications associated with the land use application; and,
- (d) a fully signed Certificate of Completion and Acceptance referencing the completed public improvements.
- (24) Completed public improvements shall not be accepted by the City prior to recordation of the approved final subdivision plat mylar in the office of the Tooele County Recorder. the City Council's approval of a resolution accepting the public improvements. Public improvements shall not be deemed completed and accepted by the City as City owned and maintained improvements until the approval of said resolution. The one-year warranty period described in Section 7-19-12, above, shall commence on the date the resolution is approved.

(Ord. 2015-07, 03-18-2015) (Ord. 2014-10, 01-07-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2004-02, 01-07-2004) (Ord. 1977-18, 10-19-1977)

#### 7-19-33. Building permits.

- (1) Except as required by Utah statute, Ano building permit shall be issued for the construction of any residential building, structure, or improvement to the land or any lot within a residential subdivision as defined herein, which has been approved for platting or replatting, until all requirements of this Chapter have been complied with, including expressly the requirement to complete public improvements. The Building Official may issue building permits for noncombustible residential construction when his/her justification is entered into the City address file, after the developer increases any required bonds for one additional year, and after the finished street, curb and gutter, and all public utilities under the street are installed and have been approved by a qualified City inspector. Notwithstanding Chapter 7-22 herein, under no circumstances shall a Certificate of Occupancy be issued until all requirements of this Chapter have been complied with.
- (2) A building permit may be issued for noncombustible commercial construction prior to all requirements of this Chapter being completed after all of the following conditions are met:
- (a) all public utilities required to be within the road right-of-way have been completed, compacted, tested, inspected, and certified;
- (b) the complete width and depth of required road base has been installed, compacted, tested, inspected, and certified to grade, with all test results turned into the Public Works Department;
- (c) all required bonding shall be extended for one additional year;

- (d) the developer shall make available tire cleaning areas where the road is accessed; and,
- (e) a road width of not less than 28 feet shall be maintained throughout the project until the finished road surface is in place.
- (3) Prior to the finished surface being added to the road, a certified geotechnical report shall be obtained from a qualified engineer and turned in to the Public Works Department. The report shall stipulate that the minimum road base is in place, is compacted, is free of contamination, and will support the load for which it was designed.
- (4) Notwithstanding Chapter 7-22, herein, under no circumstances will any Certificate of Occupancy be issued for any building, structure, or improvement until all requirements of this Chapter have been complied with.
- (5) The issuance of a building permit or an occupancy permit within a subdivision shall not be deemed as an indication that the public improvements within the subdivision are completed or accepted by the City.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010) (Ord. 2005-17, 06-15-2005) (Ord. 1977-18, 10-19-1977)

### 7-19-34. Final plat execution, delivery, and recordation.

- (1) The subdivider shall deliver to the City the fully executed final plat within 90 days of final plat approval. Failure to fully execute the final plat, or to deliver the fully executed final plat to the City, within the specified 90 days, shall result in the automatic revocation of, and shall void, the final plat approval.
- (2) No changes to the approved final plat may be made without the written approval of the City.
- (3) Tooele City shall promptly record an approved final subdivision plat with the Tooele County Recorder upon the occurrence of one of the following:
- (a) acceptance of all public improvements associated with the final plat pursuant to Section 7-19-325, above; or,
- (b) execution of a bond agreement pursuant to Section 7-19-12, above.
- (4) The subdivider shall pay all fees associated with the recordation of the approval final plat. (Ord. 2015-07, 03-18-2015) (Ord. 2014-10, 01-07-2015) (Ord. 2004-02, 01-07-2004) (Ord. 1977-18, 10-19-1977)

### 7-19-35. Minor Subdivision - Exemptions from preliminary plan requirement.

- (1) A subdivision is considered a minor subdivision and exempt from the preliminary plan requirement of this Chapter if:
  - (a) it contains less than ten lots;

- (b) it does not contain a right-of-way dedication for public street; and,
- (c) it does not involve off-site water or sewer utilities.
- (2) Information normally required as part of the preliminary plan application may be required by the Public Works and Community Development Departments as part of a minor subdivision final plat application.

(Ord. 2015-07, 03-18-2015) (Ord. 2010-05, 06-02-2010)

### 7-19-36. Effect of revocation and voiding.

Any preliminary plan or final subdivision plat approval revoked or rendered void pursuant to the provisions of this Chapter 7-19 shall cause any new application of approval to be subject to the laws, ordinance, and policies of Tooele City current as of the date of the completed new application.

(Ord. 2015-07, 03-18-2015) (Ord. 2004-02, 01-07-2004)

# 6. Recommendation on an Annexation Plat and Petition by Robert Smart to annex 4.96 acres of unincorporated Tooele County located at approximately Utah Avenue and Emerald Road into Tooele City

Presented by Andrew Aagard

Mr. Aagard stated that the property proposed to be annexed into Tooele City is located east of Emerald road, west of the Union Pacific Railroad and south of Utah Avenue at approximately 230 North. The surrounding zoning is I Industrial and LI Light Industrial. Tooele County currently has a zoning attached to the property of MD, Manufacturing Distribution. Currently there is not a Tooele City zoning designation attached to the property and that will be assigned by the City Council, if they choose to annex. The property is part of a larger property in which two thirds of the property are already located within Tooele City boundaries. The annexation would bring the remainder of the property into the City.

Commission Bevan asked how the property was split between jurisdictions? Mr. Aagard stated he was not an employee at the time this happened. Commissioner Sloan asked if there is a downside to the annexation? Mr. Aagard stated he was not aware of one.

Mr. Baker gave a brief explanation of the why he believes the land was split between jurisdictions. It involved the annexation of the Army Depot.

Mr. Bolser informed the Planning Commission they can make a recommendation on the zoning district of the lot to the City Council.

Commissioner Hammer motion to forward a positive recommendation to the City Council for the Annexation Petition Request and Annexation Plat by Robert Smart, to annex 4.96 acres into Tooele City, application number P19-924, based on the findings listed in the Staff Report dated February 4, 2020 and make a recommendation to the City Council to zone the property as LI Light Industrial. Commissioner Bevan seconded the motion. The vote as follows:

Commissioner Hammer, "Aye," Commissioner Sloan, "Aye," Commissioner Whitehouse, "Aye," Commissioner Bevan, "Aye," Commissioner Robinson, "Aye," Commissioner McCall, "Aye," Chairman Hamilton, "Aye." The motion passes.

 Public Hearing and Recommendation on a request by Tooele City for a text amendment to Tooele City Code Chapter 7-19 regarding the acceptance of public improvements.
 Presented by Roger Baker

Mr. Baker stated that the process for accepting public improvements is a formality, but not until the public improvements are accepted, do they become owned and maintained by the City and tax payer funds. Before that acceptance they remain the responsibility and ownership of the developer that built them. It is really important that the improvements are built right and they

Commissioner Sloan stated that if the Council is in agreement that this is the right thing to do, he would appreciates an explanation, but part of the reason there are these problems is an ambiguous way of taking some of them on. In this particular case, he would be more than happy to forward a positive recommendation if the grey area was gone. Commissioner Sloan asked for elaboration from the Council as to why the shift is not clear and he would like to have that discussion. As it is presented it doesn't make a lot of sense.

Commissioner Hammer agreed with Commissioner Sloan's comments. Commissioner Robinson agreed with Commissioner Sloan's comments. Chairman Hamilton stated that it should be 100% or not at all.

Mr. Baker stated that it is within the Planning Commissions power to make the recommendation that they would prefer to the City Council.

Commissioner Sloan moved to reopen the recommendation.

Commissioner Sloan moved to make a positive recommendation with the change that the City Council signature line be omitted from the ordinance for the Public Improvement Approval City Code Text Amendment Request by Tooele City, application P20-133 Commissioner Hammer seconded the motion. The vote as follows: Commissioner Hammer, "Aye," Commissioner Sloan, "Aye," Commissioner Whitehouse, "Aye," Commissioner Bevan, "Aye," Commissioner Robinson, "Aye," Commissioner McCall, "Aye," Chairman Hamilton, "Aye." The motion passes.

8. Public Hearing and Recommendation on a request by Tooele City for a text amendment to Tooele City Code Chapter 7-19 regarding the process, procedure, and requirements for approval of subdivision final plat applications.

Presented by Jim Bolser

Mr. Bolser stated that currently in the state of Utah, subdivision plats and approval for subdivisions are identified as an administrative process. The reason being that the subdivision is similar to a Conditional Use Permit, where if the standards established by ordinance are met, there is an obligation to approve it. The difference in that, is that case law in the State of Utah has identified entitlements to a subdivision happen with the preliminary plan, not the final plat. There is still a vested interested, particularly for the City Council and Planning Commission in reviewing and approving the preliminary plat. The preliminary plan according to current City procedures, goes through Planning Commission and City Council. The final plat does the same process, but the final plat being post entitlements is largely a cleanup effort and finalizing everything. Through discussion with the City Council this change would make the final plat process a process to be handled at the staff level. The process wouldn't change, the requirements wouldn't change, the only difference would be the staff would sign off on the final plat and then bring the mylar to the Planning Commission Chair and the City Council Chair for their signatures rather than to full meetings and votes of both bodies. Those two signatures are required by state law.

### **MEMORANDUM**

To:

City Council

From:

Roger Baker, City Attorney

Date:

January 1, 2017

Re:

**Acceptance of Public Improvements** 

Section 2-02 of the Tooele City Charter provides for the City Council to be the Legislative Body of Tooele City, possessing all legislative powers. The Mayor, on the other hand, is the city's Chief Executive Officer, exercising all administrative powers. The City Code echoes this structure. Thus, the City Council and the Mayor comprise two separate branches of municipal government.

Historically, however, the City Code and operational practices have delegated to the City Council an administrative role in Tooele City's governance. For example, the City Council exercises an administrative function when it approves subdivision plats, approves invoices, and accepts public improvements.

The focus of this memorandum is the City Council's current role in accepting public improvements, which acceptance is accomplished by resolution. It is my recommendation that the City Code be amended to transfer this administrative function to the Mayor and his departments.

Public improvements include new streets, sidewalks, curbs and gutters, water lines, sewer lines, storm drain lines, street lights, and other public infrastructure items. The acceptance of public improvements is an important function because their quality and consistency is vital to the public aesthetic, health, safety, and welfare. The importance of accepting public improvements, however, does not change the nature of the acceptance as an administrative, executive function.

The City Council, by enacting the City Code, has fully exercised its legislative authority to provide for the construction of public improvements to appropriate standards and specifications, and for their acceptance as city-owned and -maintained infrastructure. Having exercised this legislative prerogative, it naturally becomes the role of the executive branch to administer the public improvements construction and acceptance program.

Attached is a proposed amendment to the City Code providing for the administrative acceptance of public improvements. Every safeguard currently contained in the City Code for the adequate construction, completion, and acceptance of public improvements remains intact; however, the mechanism for acceptance of public improvements transfers to the executive branch. Doing so will not only preserve the integrity of Tooele City's separation-of-powers form of government, but will also lead to operational efficiencies, to wit, phasing out the need to prepare and present resolutions. Despite the elimination of the resolution process, however, all of the inspection and certification safeguards will remain in place.

I am happy to discuss the subject of this memorandum with you further in a forthcoming work meeting.

Re:

Acceptance of Public Improvements

Section 2-02 of the Tooele City Charter provides for the City Council to be the Legislative Body of Tooele City, possessing all legislative powers. The Mayor, on the other hand, is the city's Chief Executive Officer, exercising all administrative powers. The City Code echoes this structure. Thus, the City Council and the Mayor comprise two separate branches of municipal government.

Historically, however, the City Code and operational practices have delegated to the City Council an administrative role in some aspects of Tooele City's governance. For example, the City Council exercises an administrative function when it approves subdivision plats and accepts public improvements.

The focus of this memorandum is the City Council's current role in accepting public improvements, which acceptance is accomplished by resolution. It is my recommendation that the City Code be amended to transfer this administrative function to the City Administration (Mayor and administrative departments).

Public improvements include new streets, sidewalks, curbs and gutters, water lines, sewer lines, storm drain lines, street lights, and other public infrastructure items. The acceptance of public improvements is an important function because their quality and consistency is vital to the public aesthetic, health, safety, and welfare. The importance of accepting public improvements, however, does not change the nature of the acceptance as an administrative, executive function.

The City Council, by enacting the City Code, has fully exercised its legislative authority to provide for the construction of public improvements to appropriate standards and specifications, and for their acceptance as city-owned and city-maintained infrastructure. The Council having exercised this legislative prerogative, it then naturally becomes the role of the executive branch to administer the public improvements construction and acceptance program enacted by the legislative branch.

Attached is a proposed amendment to the City Code providing for the administrative acceptance of public improvements. Every safeguard currently contained in the City Code for the adequate construction, completion, and acceptance of public improvements remains intact; however, the mechanism for acceptance of public improvements transfers to the executive branch. Doing so will not only preserve the integrity of Tooele City's separation-of-powers form of government, but will also lead to operational efficiencies, namely, phasing out the need to prepare and present resolutions with their associated delays. Despite the elimination of the resolution process, however, all of the inspection and certification safeguards would remain in place.

I am happy to discuss the subject of this memorandum with you further in a forthcoming City Council meeting.

April 15, 2020

RE: Acceptance of Public Improvements History

This memorandum contains an abbreviated history of City Council legislative enactments and implementations relating to Tooele City's acceptance of public improvements completed in association with new land use developments. All directly relevant ordinances, resolutions, and minutes are attached. All emphasis is added.

Ordinance 1977-18 (10-19-1977). The City Code was updated, reformatted, and reissued as a "bicentennial code" in 1977. Section 7-19-12 provided that public improvements would be bonded with a surety bond to assure their completion, with "acceptance by the City Engineer of all improvements within two (2) years from the approval of the final plat."

Ordinance 1996-26 (12-04-1996). This ordinance overhauled Section 7-19-12 and provided that public improvements "shall be completed to the satisfaction of the Engineering Department and according to City standards, as established by the Engineering Department and accepted as specified in this Code," and providing further that liability for the improvements would remain with the developer until such time as "the City accepts the Improvements as provided in this Chapter," meaning Chapter 7-19 (Subdivisions). The ordinance provided for public improvements to be warranted by the developer "for 1 year following their acceptance by Resolution of the City Council." At this time, Tooele City did not have a Public Works Department or Director and did not have a Community Development Department or Director, but had only an Engineering Department with a City Engineer that oversaw all development-related and infrastructure-related matters. Gerald Webster began his tenure as City Engineer in July 1993 and served in this position until his promotion to Director of the new Public Works Department in about 2000, when Paul Hansen became the City Engineer by contract.

Ordinance 1998-21 (07-01-1998). This ordinance refined bonding and bond agreement procedures, and provided for a bond administrative fee. No amendment was made to public improvement acceptance procedures.

Resolution 1999-04 (01-20-1999). This resolution is the earliest known City Council resolution accepting public improvements. A "Certificate of Completion" was not utilized during this era, but rather a City inspection report accompanied the resolution.

Ordinance 2000-24 (12-06-2000). This ordinance reduced the completion deadline for public improvements from two years to one year, and eliminated surety bonds and property trust deed bonds. No amendment was made to public improvement acceptance procedures.

Ordinance 2004-02 (01-07-2004). This ordinance eliminated property quit claim deed bonds, and refined subdivision approval procedures. The public improvement acceptance procedure in Section 7-19-35 was amended to read, "The City Council will approve a resolution accepting the public improvements, and the same shall not be accepted by the City as City-owned and maintained improvements until the approval of said resolution."

<u>Resolution 2005-15 (03-02-2005)</u>. This resolution is the first known City Council resolution for which a "Certificate of Completion of Public Works" was utilized and attached to the resolution. Paul Hansen, City Engineer, developed the certificate to standardize the completion verification process for purposes of public improvement acceptance by resolution.

Ordinance 2010-05 (06-02-2010). This ordinance refined subdivision approval and bonding procedures to better protect the City. The provision regarding public improvement acceptance was amended slightly to provided that public improvements would be accepted **only** upon "**the City Council's approval of a resolution accepting the public improvements**. Public improvements shall not be deemed completed and accepted by the City as City-owned and maintained improvements until the approval of said resolution." (The resolution is one of four requirements.)

Ordinance 2013-10 (06-05-2013). This ordinance reduced the warranty bond amount from 20% to 10% in compliance with new state law. No amendment was made to public improvement acceptance procedures.

Ordinance 2014-10 (01-07-2015). This ordinance revised bonding procedures to comply with new state law allowing developers to build public improvements without bonding. No amendment was made to public improvement acceptance procedures.

Ordinance 2015-07 (03-18-2015). This ordinance renumbered Section 7-19-35 to 7-19-32, but made no amendment regarding public improvement acceptance.

Ordinance 2020-05 (04-01-2020). This ordinance made minor amendments to Section 7-19-12 regarding public improvement bonding, to accommodate other amendments transitioning final plat approval from a legislative approval process to an administrative approval process. No amendment was made to public improvement acceptance procedures.

Ordinance 2020-04. By memorandum dated January 1, 2017, and with the encouragement of Mayor Patrick Dunlavy, the City Attorney explained to the City Council the administrative nature of the process of accepting public improvements. He discussed the memorandum and draft proposed amendments to Chapter 7-19 with the City Council during its January 18, 2017, work meeting discussion. The Council rejected the amendments at that time. At the invitation of members of the Council, the City Attorney presented an updated memorandum dated February 5, 2020, and updated draft proposed revisions, along with draft Ordinance 2020-04, to the City Council during its business meetings of March 4 and April 1, 2020. The Planning Commission considered Ordinance 2020-04 during its March 11, 2020, meeting.

### **TOOELE CITY CORPORATION**

### **RESOLUTION 2021-41**

A RESOLUTION OF THE TOOELE CITY COUNCIL APPROVING A MEMORANDUM OF AGREEMENT WITH BIRD RIDES, INC. FOR A TEMPORARY LICENSE TO OPERATE STAND-UP ELECTRIC SCOOTERS IN TOOELE CITY.

WHEREAS, Bird Rides, Inc. has requested Tooele City's authorization to operate its shared motorized scooter program in Tooele City, under the terms and conditions of the Memorandum of Agreement attached as Exhibit A; and,

WHEREAS, motor-assisted scooters are regulated by UCA 41-6a-1115 and - 1115.1 (see Exhibit B); and,

WHEREAS, the City Administration recommends allowing as many safe modalities of transportation as possible to eliminate exclusive reliance on automobiles and to provide transportation alternatives for local travel; and,

WHEREAS, revenues received under the MOA will be utilized for transportationrelated projects, including active transportation:

NOW, THEREFORE, BE IT RESOLVED BY THE TOOELE CITY COUNCIL that the Memorandum of Agreement with Bird Rides, Inc., attached hereto as Exhibit A, is hereby approved.

This Resolution is in the best interest of the health, safety, and general welfare of Tooele City and its residents and visitors, and shall become effective immediately upon passage, without further publication, by authority of the Tooele City Charter.

IN WITNESS	WHEREOF, this Resolution is passed by the Tooele City Council thi	is
day of	, 2021.

Memorandum of Agreement

### MEMORANDUM OF AGREEMENT

Tooele City Corporation will permit Bird Rides, Inc. to provide services under the following terms and limitations. This MOA shall remain in effect until May 31, 2022 unless terminated as set forth below.

- 1) Scope: This Memorandum of Agreement (MOA) and its terms apply to any proposed deployment of Stand-up electric scooter sharing systems within Tooele City jurisdictional boundaries. No person shall deploy a Stand-up electric scooter sharing system in Tooele City in violation of this MOA.
- 2) Temporary License. Tooele City hereby allows Bird Rides, Inc., to deploy within City-owned public rights-of-way its Stand-up electric scooters. Stand-up electric scooters shall be governed by the rules applying to bicycles and are to be ridden on streets, and where available, in bike lanes and bike paths. Stand-up electric scooters are to stay to the right street lanes and offer the right of way to bicycles in bike lanes and on bike paths. Users of Stand-up electric scooters shall be 18 or older. Users of Stand-up electric scooters who violate these provisions may be prosecuted and fined by Tooele City consistent with fines for cyclists.
- 3) Consideration. In exchange for the Temporary License granted herein, and the other consideration described herein, Bird Rides, Inc., shall perform its obligations under this MOA and shall pay to the monthly City \$0.10 per ride.
- 4) Contact Information. Bird Rides, Inc. shall provide easily visible contact information, including toll-free phone number and/or e-mail address on each Stand-up electric scooter for members of the public to make relocation requests, to report other issues with devices, or to otherwise contact Bird Rides, Inc. Bird Rides, Inc. shall provide contact information of local fleet managers to Tooele City and members of the public.
- 5) Hours of operation: Bird Rides, Inc. shall make available to rent its Stand-up electric scooters from 4:00 a.m. to midnight (local time).
- 6) Bird Rides, Inc. shall provide a minimum of 50 Stand-up electric scooters at launch.
- 7) Safety Education: Bird Rides, Inc. will provide materials, videos, and signage to promote safe riding, to educate riders on rider responsibilities, and to encourage safe and courteous riding and parking.
- 8) Data sharing: Bird Rides, Inc. will provide data to the Tooele City monthly and upon request to assist with monitoring program usage, including data on usage, accidents, damages, injuries, revenues, costs, and regulatory compliance.
- 9) Indemnification: Bird Rides, Inc. agrees to indemnify, defend, and hold harmless Tooele City (and Tooele City employees, agents, and affiliates) from and against all actions, damages, or claims brought against Tooele City in connection with Bird Rides, Inc.'s Stand-up electric scooters in Tooele City, except that Bird Rides, Inc.'s indemnification obligation shall not extend to claims of Tooele City (or Tooele City employees', agents' or affiliates') negligence or willful misconduct to the extent of that negligence or misconduct. Tooele City expressly acknowledges that in no event shall Bird Rides, Inc. be liable for any special, indirect, consequential, or punitive damages. Bird Rides, Inc.'s indemnification obligations shall survive for a period of one (1) year after expiration of this MOA. Tooele City's right to indemnification shall be contingent on Tooele City notifying Bird Rides, Inc. promptly following receipt or notice of any claim. Bird Ride, Inc.

shall have sole control of any defense undertaken by Bird Rides, Inc. under this indemnification. Tooele City shall not consent to the entry of a judgment or enter into any settlement without the prior written consent of Bird Ride, Inc., which consent shall not be unreasonably withheld.

- 10) Insurance: Bird Rides, Inc. shall provide Tooele City with proof of insurance coverage exclusively for the operation of Stand-up electric scooters including: (a) Commercial General Liability insurance coverage with a limit of no less than \$2,000,000 each occurrence and \$5,000,000 aggregate; (b) Automobile Insurance coverage with a limit of no less than \$2,000,000 each occurrence and \$2,000,000 aggregate; and (c) where Bird Rides, Inc. employs persons within Tooele City, Workers' Compensation coverage of no less than the statutory requirement.
- 11) Notices: All notices and communications to the Tooele City from Bird Rides, Inc. shall be made in writing (includes electronic communications) and sent to the address below.
- 12) Termination: Either party may terminate this MOA at any time and without cause upon (30) days prior written notice.
- 13) In carrying out their responsibilities, the parties shall remain independent contractors, and nothing herein shall be interpreted or intended to create a partnership, joint venture, employment, agency, franchise or other form of agreement or relationship.
- 14) The parties acknowledge that Bird Rides, Inc. may utilize independent business logistics providers to facilitate local operations. Bird Ride's use of these logistics providers does not constitute a transfer or assignment of this MOA, and Bird Rides, Inc. remains responsible for all obligations and requirements under this MOA.
- 15) Venue: This MOA shall be governed by and construed in accordance with the laws of the State of Utah.
- 16) The parties waive their right to a jury trial in the event of a dispute arising from this MOA.

### Effective 5/14/2019

41-6a-1115 Motor assisted scooters -- Conflicting provisions -- Restrictions -- Penalties.

- (a) Except as otherwise provided in this section, a motor assisted scooter is subject to the provisions under this chapter for a bicycle.
- (b) For a person operating a motor assisted scooter, the following provisions do not apply:
  - (i) seating positions under Section 41-6a-1501;
  - (ii) required lights, horns, and mirrors under Section 41-6a-1506;
  - (iii) entitlement to full use of a lane under Subsection 41-6a-1502(1); and
  - (iv) driver licensing requirements under Section 53-3-202.
- (c) A person may operate a motor assisted scooter across a roadway in a crosswalk, except that the person may not operate the motor assisted scooter in a negligent manner in the crosswalk:
  - (i) so as to collide with a:
    - (A) pedestrian; or
    - (B) person operating a bicycle or vehicle or device propelled by human power; or
  - (ii) at a speed greater than is reasonable and prudent under the existing conditions, giving regard to the actual and potential hazards then existing.
- (2) A person under eight years of age may not operate a motor assisted scooter with the motor running on any public property, highway, path, or sidewalk.
- (3) A person may not operate a motor assisted scooter:
  - (a) in a public parking structure;
  - (b) on public property posted as an area prohibiting bicycles;
  - (c) while carrying more persons at one time than the number for which it is designed;
  - (d) that has been structurally or mechanically altered from the original manufacturer's design, except for an alteration by, or done at the request of, a person who rents the motor assisted scooter to lower the maximum speed for the motor assisted scooter; or
  - (e) at a speed of greater than 15 miles per hour or in violation of Subsection 41-6a-1115.1(3).
- (4) Except where posted or prohibited by local ordinance, a motor assisted scooter is considered a nonmotorized vehicle if it is being used with the motor turned off.
- (5) An owner may not authorize or knowingly permit a person under the age of 18 to operate a motor assisted scooter in violation of this section.
- (6) A person who violates this section is guilty of an infraction.

Amended by Chapter 428, 2019 General Session

### Effective 5/14/2019

# 41-6a-1115.1 Scooter-share programs -- Local ordinances regulating motor assisted scooters.

- (1) For the purposes of this section:
  - (a) "Local authority" means a county, city, town, or metro township.
  - (b) "Scooter-share operator" means a person offering a shared scooter for hire.
  - (c) "Scooter-share program" means the offering of a shared scooter for hire.
  - (d) "Shared scooter" means a motor assisted scooter offered for hire.
- (2) A local authority may regulate the operation of a motor assisted scooter within its jurisdiction.
- (3) A local authority may authorize the operation of a motor assisted scooter on sidewalks and regulate the operation, including the maximum speed on the sidewalks.
- (4) A regulation adopted by a local authority pursuant to this section regarding the operation of a motor assisted scooter shall be consistent with the regulation of bicycles and this title.

(5)

- (a) A local authority may regulate the operation of a scooter-share program within its jurisdiction. Regulation of scooter-share programs shall be consistent with this Subsection (5).
- (b) A shared scooter shall bear a single unique alphanumeric identification visible from a distance of five feet, that may not be obfuscated by branding or other markings, and that shall be used throughout the state, including by local authorities, to identify the shared scooter.
- (c) A scooter-share operator shall maintain the following insurance coverage dedicated exclusively for operation of shared scooters:
  - (i) commercial general liability insurance coverage with a limit of at least \$1,000,000 each occurrence and \$5,000,000 aggregate;
  - (ii) automobile insurance coverage with a limit of at least \$1,000,000 each occurrence and \$1,000,000 aggregate;
  - (iii) umbrella or excess liability coverage with a limit of at least \$5,000,000 each occurrence and \$5,000,000 aggregate; and
  - (iv) when the scooter-share operator employs an individual, workers' compensation coverage of no less than required by law.
- (d) Penalties for a moving or parking violation involving a motor assisted scooter or a shared scooter shall be assessed to the person responsible for the violation, and may not exceed penalties assessed to a rider of a bicycle.
- (e) A scooter-share operator may be required to pay fees, provided that the total amount of the fees collected may not exceed the reasonable and necessary cost to the local authority of administering scooter-share programs, including a reasonable fee for the use of the right-ofway, commensurate and proportional to fees charged for similar uses.
- (f) A scooter-share operator may be required to indemnify the local authority for claims, demands, costs, including reasonable attorney fees, losses, or damages brought against the local authority, and arising out of a negligent act, error, omission, or willful misconduct by the scooter-share operator or the scooter-share operator's employees, except to the extent the claims, demands, costs, losses, or damages arise out of such local authority's negligence or willful misconduct.
- (g) In the interests of safety and right-of-way management, a local authority may designate locations where scooter-share operators may not stage shared scooters, provided that at least one location shall be permitted on each side of each city block in commercial zones and business districts.
- (h) A local authority may require scooter-share operators, as a condition for operating a scooter-share program, to provide to the local authority anonymized fleet and ride activity data for

### **TOOELE CITY CORPORATION**

### **RESOLUTION 2021-37**

A RESOLUTION OF THE TOOELE CITY COUNCIL APPROVING AN AGREEMENT WITH BROKEN ARROW CONSTRUCTION TO INSTALL A DURO-LAST MEMBRANE ROOF ON THE FORMER MEDICAL OFFICE BUILDING.

WHEREAS, by authority of Resolution 2020-49, approved on May 20, 2020, Tooele City purchased a vacant former medical office building ("Building") for the purchase price of \$50,000; and,

WHEREAS, the City Administration desires to occupy the Building for administrative department use, including by the Parks and Recreation Department, and occupancy will require renovations, most importantly a new roof ("New Roof"); and,

WHEREAS, the existing roof is a failed asphalt roof, and the City Administration recommends installing a membrane roof for better performance and longer life; and,

WHEREAS, Duro-Last is the only roofing system proven to last for long periods of time on flat roof installations, is specifically designed to handle the freeze-thaw conditions of Northern Utah, and has an exceptional warranty; and,

WHEREAS, Broken Arrow Construction is the only Duro-Last authorized installer in this area, has been the City's contractor to install all of the Parks and Recreation building roofs in recent years, has provided competitive pricing, and has provided excellent service and repair in a timely manner; and,

WHEREAS, in light of the above, and under State bidding law and City procurement policy, the New Roof project does not require competitive bidding; and,

WHEREAS, the City Administration recommends entering into an agreement with Broken Arrow for the New Roof, at the price of \$41,260, plus \$2.50 per square-foot for sub-roof repair (see the proposed agreement attached as Exhibit A):

NOW, THEREFORE, BE IT RESOLVED BY THE TOOELE CITY COUNCIL that the form Agreement (Exhibit A) with Broken Arrow Construction, for the New Roof, is hereby approved, in the amount of \$41,260, plus \$2.50 per square-foot for sub-roof repair.

This Resolution is in the best interest of the health, safety, and general welfare of Tooele City and its residents and visitors, and shall become effective immediately upon passage, without further publication, by authority of the Tooele City Charter.

IN WITNES	SS WHEREOF, this Resolution	is passed by the	Tooele City	Council this
day of	, 2021.

### Exhibit A

# Agreement with Broken Arrow Construction for the New Roof

### **AGREEMENT**

TOOELE CITY CORPORATION, a municipal corporation of the State of Utah, (hereinafter ACity@), and Broken Arrow Construction of 8960 Clinton Landing Rd, Lake Point, UT 84074 a(n) Corporation, (hereinafter AContractor@) enter into this Agreement on the 7<sup>th</sup> day of April, 2021 (the "Effective Date").

Now, therefore, in consideration of the promises contained in this Agreement, the City and the Contractor agree to the following:

1. Services (Scope of Work). The Contractor shall provide the following services to the City: Remove and dispose of the existing asphalt roofing system, roof top A/C units, and roof top A/C unit curbing's on roof. Repair any damaged roof deck at the rate of \$2.50 per square foot (not included in total sum), consisting of 23/32" OSB decking, install 3" of polyisocyanurate insulation to wood deck, (R-Value 17.4), Install ½" Dens- Deck cover board over the 3" of Poly ISO insulation for roof stiffening and any required fire-rating. Re-roof with the Duro-Last 50 mil DLX mechanically fastened roofing system, install flashings of all curbs and vents with prefabricated flashings, Membrane will be terminated on top of the perimeter walls with a new 4" Duro-Last two-piece compression metal edge detail. (Color to be selected from available standard colors). Site clean-up and removal of any debris from roofing project.

Upon completion of the job the Duro-Last 15-year NDL warranty will be issued which covers labor, materials and consequential damages.

Contractor will provide onsite a portable toilet for duration of project.

Owner will be responsible for fixing existing missing brick and any missing or damaged 2x6 cap board on perimeter wall prior to contractor beginning work.

- 2. <u>Disclaimer of Right of Control.</u> Contractor shall perform its duties competently. The City disclaims any right to control the Contractor's performance of the Services.
- 3. Compensation.
  - a. <u>Rate.</u> The City shall pay the Contractor the sum of **\$41,260.00** for fully performing the Services, pursuant to invoice.
  - b. <u>Total Cost Contract.</u> This Agreement is a ATotal Cost Contract.@ The contract Rate includes all costs and expenses associated with the provision of the Services.
  - c. <u>No Benefits.</u> The parties specifically agree that as an independent contractor, Contractor neither claims nor is entitled to benefits accorded City employees.
- 4. Term of Agreement. Contractor shall fully perform the Services by **June 30, 2021**.
- 5. <u>Termination.</u> The City may terminate this Agreement at any time. Should the City terminate this Agreement prior to the Services being fully performed, the City shall pay for those Services performed.
- 6. <u>Indemnification and Insurance.</u>
  - a. <u>Contractor Liability Insurance</u>. Contractor shall obtain and maintain liability insurance in the amount of at least \$250.000.
  - b. <u>Contractor Indemnification</u>. Contractor shall indemnify and hold the City and its agents harmless from all claims of liability for injury or damage caused by any act or omission of Contractor or its agents in performance of this Agreement.

- c. <u>Contractor Workers Compensation Insurance</u>. Contractor shall purchase and maintain workers compensation insurance for all of its employees. If Contractor is a sole proprietor, Contractor shall purchase and maintain workers compensation insurance or obtain an exclusion from Workers Compensation Fund of Utah.
- d. <u>Evidence of Contractor Insurance</u>. Contractor shall provide written evidence of liability insurance and workers compensation insurance or exclusion to the City within ten (10) days of the Effective Date. The City will not make any payments under this Agreement until it receives from Contractor the evidence of insurance.
- e. <u>Status Verification Indemnification</u>. Contractor shall indemnify and hold the City and its agents harmless from all claims resulting from any violation of immigration status verification obligations contained in U.C.A. §63G-11-103 et seq.
- f. <u>Post-Retirement Release.</u> Contractor shall release the City from all claims related to any alleged violation of State of Utah post-retirement employment rules, and shall complete and return to the City the attached certification and release.
- 7. <u>Business License.</u> Contractor shall obtain a Tooele City business license as required by Tooele City Code §5-1-1 *et seq.*
- 8. <u>Complete Agreement.</u> This Agreement is the only agreement or understanding between the parties, and may be modified or amended only by a written document signed by both parties.
- 9. <u>Waiver of Jury Trial.</u> The Parties irrevocably waive any and all right to trial by jury in any legal proceeding arising out of or relating to this contract and the transactions contemplated.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the Effective Date.

# UTAH RETIREMENT SYSTEMS POST-EMPLOYMENT/POST-RETIREMENT RESTRICTIONS ACT CERTIFICATION & RELEASE

Tooele City is a Utah Retirement System (URS) participating agency. As a participating agency, post-retirement employment/vendor/contractor rules apply. Post-retirement employment means returning to work either on our payroll or as a vendor/contractor for a URS participating employer following your retirement date with the Utah Retirement Systems. Different standards apply depending on whether you return to work within one year or after one year from your retirement date with URS.

You must separate from employment (including part-time and vendor/contractor arrangements) with any participating employer for one year following your retirement date with URS, unless eligible exclusions apply.

You are responsible for understanding post-retirement employment rules and ensuring there is no violation of such rules by providing services to Tooele City Corporation. If you have any questions, call the URS office at 801-366-7770 or 800-695-4877 before you begin any work for or provide any services to Tooele City.
