## MAYOR'S MESSAGE

### MAYOR MARESA MANZIONE

October was Fire Prevention Month, making it a fitting time to recognize and thank the men and women of our volunteer fire department.

Although the department has several paid employees—including the fire chief, deputy fire chief/emergency manager, fire marshal/assistant chief, facilities maintenance and equipment managers, and four fire inspectors—it remains a volunteer fire department. Our firefighters are the backbone of the organization, and the work they do is both demanding and essential.

Through the end of September 2026, our fire department had responded to more than 500 calls, averaging approximately 57 calls per month. Some calls require only a brief response, while others demand significant time, coordination, and resources. Regardless of the circumstances, every call matters to the person who needs help. This is a substantial workload for a volunteer department, and it speaks to the commitment of the people who serve.

With the rising number of calls and the growing demands on the department, the City's approved budget for this year includes several steps to better support our firefighters. A paid administrative assistant will be added to the staff, and the department is making some adjustments to its leadership structure. Two volunteer assistant chiefs, four volunteer battalion chiefs, and four captains will take on additional responsibilities, including mission-critical duties, expanded operational oversight, and leadership of companies of seven to eight personnel. These leadership roles will receive stipends in recognition of their added responsibilities.

The budget also sets aside funding for a Firefighter Incentive for Response and Engagement (FIRE) plan. Under this program, active firefighters will earn points for participating in training, responding to calls, attending meetings, and taking part in other department activities. At the end of each year, those points will be converted into a stipend, subject to a maximum amount. This provides a way to recognize and compensate our firefighters for their significant time and commitment while maintaining our volunteer department model.

These investments reflect the value we place on the people who serve our community. We are grateful not only to our firefighters, but also to their families, who share in the sacrifices that come with this responsibility. Their dedication helps keep our residents safe and contributes to maintaining our City's favorable fire ratings.

To all our volunteer firefighters: thank you for being there when our community needs you most. Your work makes a difference, and we appreciate all you do.

*~Mayor Maresa Manzione*

**City Council meetings are generally held the 1st and 3rd Wednesdays of every month at Tooele City Hall. Meetings are open to the public and are also streamed live on YouTube (Search "Tooele City Channel"). Meeting agendas, minutes, and video links for the meetings are available on our website tooelecity.gov.**

## THE COUNCIL'S CORNER

**BY COUNCILMEMBER JUSTIN BRADY, CHARIRMAN**

After I was elected to the City Council, I wrote down a few things I hoped I could accomplish during my time in office. I wanted to create more places for families to walk, bike, and spend time together. I wanted to improve our parks and see England Acres Park finally completed. I wanted to be responsible with the City's finances and reduce its long-term debt. I wanted to address difficult decisions instead of leaving problems for someone else to deal with. Most of all, I wanted to make Tooele a hometown we could all be proud of.

Those goals became a guide for me throughout my time on the Council. I knew not every decision would be easy or popular, but I believed our responsibility was to address the challenges in front of us, make responsible decisions for the future, and leave Tooele better than we found it.

As I look back on my time in office, I am proud of what we were able to accomplish together and grateful for the opportunity to serve this community. My family is entering a new chapter, and unfortunately, that means my time on the City Council will come to an end.

After much consideration, my family and I made the difficult decision to move. Our new home will be outside the boundaries of Tooele City, which means I will officially resign from the City Council at the end of this year.

*Councilmember Brady's Campaign Float 2019*

It has been an incredible honor to serve the residents of Tooele City. I am deeply grateful for the opportunity you gave me to represent you. Whether attending community events, knocking on doors during my campaigns, or answering phone calls from residents, I always tried to listen, understand the concerns of our community, and find ways to make Tooele better. When I saw an opportunity to make a difference, I worked to turn those conversations into action.

Thank you for your trust, your support, and the opportunity to serve. It has been a privilege to give back to the community that has given so much to my family. While this chapter of my service is coming to an end, I look forward to finding new ways to contribute and give back. I will always be grateful for the time I spent serving Tooele City and proud of what we accomplished together.

~ *Justin*

# THE MAIN STREET MINUTE | OUR HISTORY • OUR PEOPLE • OUR COMMUNITY

MONTHLY FEATURE

## Tooele Valley Railroad Museum

This month's Historic Main Street Spotlight shines on the Tooele Valley Railroad Museum and Historical Park, a treasured community landmark that preserves and celebrates the rich history of Tooele City's mining, smelting, and railroad industries. Located in the historic 1909 Tooele Valley Depot, the museum offers visitors a unique opportunity to step back in time and discover the people, businesses, and industries that helped shape our community. The depot once served as the operations center for the Tooele Valley Railway, which transported ore, supplies, and workers between the smelter east of town and connecting rail lines for more than 60 years. The railroad played a vital role in Tooele City's industrial growth and helped support the families and workers who built their lives here.

The museum's exhibits feature historic photographs, documents, and artifacts from the International Smelting and Refining Company and Carr Fork Mine, along with a preserved steam locomotive, military memorabilia, and displays highlighting Tooele City's civic and cultural history. Newer additions to the museum grounds, including a restored section of a mine, offer visitors an even closer look at the region's mining heritage and the challenging work that helped fuel Tooele City's development. These features provide an engaging, hands-on way for visitors of all ages to learn about the industries that once defined our valley.

Opened in 1983 through the dedication and hard work of community members, including former railroad and smelter employees, the museum stands as a testament to the importance of preserving our local history for future generations. Today, it continues to bring history and people together through education, exploration, and community connection. As we celebrate this special Historic Main Street Spotlight, we encourage residents and visitors to explore the Tooele Valley Railroad Museum and Historical Park, discover the stories behind our community's growth, and appreciate the people and industries that helped make Tooele what it is today.

**Location: 35 North Broadway Street, Tooele, UT 84074**

## SNOW EVENT PARKING RESTRICTION REMINDER

**Help us keep Tooele's streets safe and clear this winter!**

When snow is falling or snow and ice have accumulated on the street, please keep vehicles parked off public streets. This allows our Public Works crews to clear snow more safely and efficiently and helps keep our roads accessible for everyone.

*When does the restriction apply?*

Under Tooele City Code 10-3-6, vehicles may not be parked on a public right-of-way:

- While snow is falling on the vehicle.
- When any amount of snow or ice has accumulated on the right-of-way where the vehicle is parked.
- Emergency vehicles and authorized emergency personnel, as well as Tooele City Public Works vehicles and employees performing their duties, are exempt.

**Please be aware:** Vehicles parked in violation may be removed at the discretion of the Tooele City Police Department if they create a public safety risk or obstruct snow removal. Parking violations during a snow event may result in the following civil penalties:

- $50 if paid within 15 days
- $100 if paid after 15 days

Thank you for helping us keep our streets safe and making snow removal easier for our crews and neighbors!

To view the full ordinance, visit:
**tooelecity.gov → Our Government → City Code and refer to Section 10-3-6.**

## DRINKING WATER SOURCE PROTECTION

ACT FOR CLEAN WATER

Tooele City Est. 1853

The Drinking Water Source Protection Plan for Tooele City is available for your review. It contains information about source protection zones, potential contamination sources, and management strategies to protect each of our drinking water sources. Potential contamination sources common in our protection areas include sanitary sewer lines, septic tanks, roads, residential, commercial and industrial areas, etc. These sources of potential contamination are typically classified as a low susceptibility. Sources which are classified as medium susceptibility include buried fuel storage tanks, accidental spills of potential contaminants, or other similar conditions. The City has developed management strategies to further protect all of our sources from contamination. Please contact the Public Works Department at (435) 843-2130, if you have questions or concerns about our source protection plan.
