*Presented by John Perez, Economic Development Director*

Mr. Perez presented a resolution authorizing reimbursement related to the removal of Building 595, located on West B Avenue within the Peterson Industrial Depot (PID), as shown in Exhibit A in council's packets. The request originated from PID, which initially sought \$600,000 toward the building's removal after the State estimated total demolition costs at approximately \$1 million. Through coordination with its partner company, Tekko, required certifications were obtained, reducing the total project cost to \$807,057.60.

Mr. Perez advised that following review and discussion in RDA Executive Committee meetings, the Agency reached an agreement to reimburse Tekko up to \$500,000 upon completion of the described demolition work. The removal of Building 595 is being undertaken to support a prospective manufacturing project identified through a State referral, with the intent of preparing the site for redevelopment and future job creation.

Exhibit B in council's packets outlined the scope of work and cost estimate provided by Tekko. Mr. Perez also confirmed that sufficient RDA fund balance is available to support the reimbursement, with the current Sunset RDA balance estimated at approximately \$6 million after accounting for existing commitments. The proposed expenditure aligns with the RDA's purpose of reinvesting in projects that support redevelopment and attract quality employment opportunities.

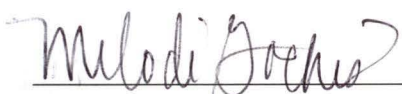

**Motion: Board Member Brady moved to approve Resolution 2026-01 A Resolution of the Redevelopment Agency of Tooele City, Utah, Authorizing RDA Participation in Site Removal Costs for Building 595 Parcel #17-039-0-3801 Located at 1955 West B Avenue (Peterson Industrial Depot).** Board Member Hansen seconded the motion.
