

**REQUEST FOR QUALIFICATIONS (REVISED)
FOR PROFESSIONAL ENGINEERING SERVICES
2025 TOOELE CITY WELLS PROJECT**

Tooele City ("City") is soliciting a Request for Qualification (RFQ) from interested engineering firms to provide engineering consultation, design, and services during construction for the 2025 Tooele City Wells Project ("Project"). The City was recently awarded \$4 Million federal funding to assist with development of additional ground water resources. The City invites interested engineering firms to provide the City with qualifications to perform the work.

The scope of work which is anticipated would include,

1. Drilling of two (2) exploratory boreholes on existing properties that the City has selected, and;
2. Evaluation of information obtained from the exploratory boreholes (e.g., geologic, water quality, and potential aquifer yielding data, etc.), and;
3. Proceeding with design, permitting and drilling a production well on the preferred site based upon borehole data evaluation, and;
4. Design, permitting and construction of a well house and related appurtenances

The final extent of the scope of engineering services provided under this selection process will be limited based upon availability of sufficient water quality, well yield, and available funding.

A full copy of the Request for Qualifications may be obtained by contacting:

Jamie Grandpre
Public Works Director
Tooele City Corporation
(435) 843-2130
jamieg@tooelecity.gov

To be responsive to this request for professional services, all interested firms must submit an SOQ no later than **5:00 P.M.** on **Thursday January 9, 2025**. The submission shall not exceed 15 single-sided pages in length, resumes excluded. The electronic submission should be in PDF format and **submitted to jamieg@tooelecity.gov by the above deadline**. Any submission failing to clearly present all the requested information or failing to be in the requested format may be considered non-responsive and rejected.

Unsolicited supplementary information and materials received after the deadline will not be considered in the evaluation. All firm submissions, including electronic media, will become and remain the property of the City.
